REPORT ON BILLS

SENATE COMMITTEE FAVORS CHARTER CHANGES.

HOUSE WILL DO LIKEWISE

MEMBERS ANXIOUS TO GET RID OF THE MATTERS.

MINORITY REPORTS MADE

DAY'S PROCEEDINGS IN THE INDIANA ASSEMBLY.

[Special to The Sentinel.]

Indianapolis, Feb. 6.—The senate committee on cities and towns, to which the Fort Wayne charter amendments were referred, have prepared their report on the two bills. Kettinger, Osborne, Brooks and Agnew (republicans) signed the report recommending the passage of the measures, while Senators Fleming and Harrison presented a minority report. Senator Burns, a republican from South Bend, which city is trying to unload a metropolitan police law, refrained from signing either report.

The committee had a meeting last night and Senator Kittinger, the chairman, said he wanted to make a report to the senate and get the Fort Wayne matter out of the way as soon as possible. It is understood that Fleming in the senate and Louttit in the house will move to amend the charter bills so as to provide that there shall be a non-partisan police board appointed by the mayor of Fort Wayne. It is said the house committee will report favorably on the change.

The house today passed the bill providing for two more factory inspectors and the bill providing for the inspection of bakeries. It killed the bill providing for publication in newspapers of itemized reports of school trustees.

The senate passed the bill providing that election inspectors shall be appointed in September and the bill providing for extension of same parole to woman prisoners as to others. The senate also killed the bill increasing the salary of the state superintendent of schools.

The house committee on railroads killed the two-cent mileage book bill.

PROTECTION OF FISH.

The bill providing for the protection of fish, which was passed to engrossment in the house yesterday, was originally introduced by Mr. Kirkman, joint representative from Fayette and Wayne counties. When the committees on rights and privileges from the house and senate met in joint session to consider the numerous bills providing for the taking of fish from the waters of the state they decided that Mr. Kirkman's bill was probably the best measure that could be enacted, although it was felt that this bill should be amended. It was reported back to the house with recommendations that it be amended in several particulars. It was made a special order of business for yesterday morning. The bill with the committee amendments was read and the house then spent several hours in going through it by sections. At 2:30 o'clock the bill was advanced to engrossment.

In its amended form the bill provides for the purity of streams to protect the life of fish, forbids the use of dynamite or other explosives except for mining or mechanical purposes, and then only where a license is procured from the commissioner of fisheries and game. It makes it unlawful to take fish except in Lake Michigan, the Ohio and the Wabash on the boundary line, and no private ponds with spear, gig, seine, pond net, gill net, dipnet or trap or to use Indian cocklefish berries or other substances to stupefy fish. The taking of minnows for bait with twelve-foot seine is excepted. One of the amendments adopted makes a "closed season" for the lakes and Tippecanoe river in the months of April and May. The author of the bill is of opinion that the feature relating to the Tippecanoe river is unconstitutional.

In its amended form the bill protects land owners by requiring the consent of the owner to be obtained before entering upon a "closed land" for the purpose of setting a trot line. It is also unlawful to sell, offer for sale or barter or to purchase any pike, wall-eyed pike or any species of bass in the state during April and May. It is also made a misdemeanor to have in one's possession a seine, dipnet, gill net, pond net or any other kind of net, trap or seine or any part thereof other than a minnow seine or glass minnow trap. It limits the taking of bass by one person to twenty a day, but where two or more persons are fishing from the same boat they are limited in the aggregate to thirty-six. No pickerel or pike perch less than twelve inches in length, rock bass or croppie less than six inches in length or black bass less than ten inches in length shall be intentionally taken or possessed. In all convictions under the act a fee of $20 shall be taxed and collected in favor of the commissioner of fisheries and game, to become a part of the fish and game protective fund to be used in paying expenses and rewards in the detection and conviction of violators of the law.

Shooting fish of all kinds is forbidden and also the taking of fish in any manner through the ice. All licenses heretofore issued for the use of seines are revoked and persons holding the same are entitled to a return of the fee paid for such license by making application to the commissioner of fisheries and game and upon making satisfactory proof that the seine has been destroyed. Parties owning seines are given sixty days within which to dispose of the seine after the taking effect of the act. The bill has an emergency clause.

ABOUT THE COURT HOUSE.

The circuit court jury has been ordered in February 19.

The following cases have been set for trial in the circuit court: Linton vs. Linton, February 11; State vs. Isaac Sprunger, February 12; State vss. Levy, February 13.

This was bill day in commissioners' court.

All the art glass in the dome of the court house has now been set and the effect is most beautiful. The decorators will tomorow commence on the commissioners' room which will be elaborately finished. During the progress of the work the commissioners will hold their sessions in the auditor's private room.

BEFORE JUDGE AIKEN.

The cases of Scott vs. the Wabash and Ames vs. the Wabash were both dismissed today at plaintiff's cost on account of the failure of plaintiffs to file a bond.

Supplemental proceedings in the case of Smithers vs. Smithers were dismissed.

In the case of Dora Davis vs. J. D. Reilley, jr., a judgment for $62.32 was given the plaintiff.

The restraining order in the case of Smithers vs. Smithers was dissolved.

MAIN WITNESS IS MISSING.

St. Paul, Minn., Feb. 6.—The securing of four jurors was the net result when the day closed in the trial of Frank H. Hamilton for the murder of Leonard Day in Minneapolis. What is regarded as a significant incident is the disappearance of Charles Force, one of the main witnesses. Force was with Day at the West hotel at the time he met his death. It is said that he has not been at his office for several days.

FAVOR LONG TREATIES.

Berlin, Feb. 6.—The Central Association of German Manufacturers today, with only one dissenting vote, passed a resolution in favor of long term commercial treaties as being absolutely required for German economic welfare, and favoring a sufficient increase of the cereal duties, because of the difficult situation of German agriculture. The meeting also passed a resolution, by a smaller majorit, in favor of the canal bill.

MARRIAGE LICENSES.

Charles J. Shutt and Mary J. Krick.

Alvin S. Millington and Margaret Dehoff.

A peculiar incident accompanied the issuance of the latter license. Millington was recently divorced from a former wife, while they were living in Adams county. The law requires that a witness shall accompany the applicant for a license to subscribe to the eligibility of both parties. Millington brought his divorced wife with him to certify to the clerk that there was no obstacle in the path of the new lovers, and her name is signed to the license record. Accommodation like that must be heaven born.

NOT PROVEN INSANE.

Justices France and Huser and Drs. Ladd and Morgan constituted a commission to inquire into the sanity of Sarah B. Tousley. They made an examination this afternoon and unanimously agreed that the woman is perfectly sane and could not imagine upon what grounds she could be charged with insanity. Mrs. Tousley a few days ago instituted divorce proceedings against her husband, Isaac N. Tousley, and it was at his instance that today's proceedings were had.

MYSTERIOUS TRAGEDY.

New York, Feb. 6.—Marcel L. Silverman, the jeweler who was found shot through the head in his place of business yesterday, died today. The police are investigating both the suicide and murder theories, but as yet have not come to any conclusion.

All men's, boys' and children's clothing is discounted 20 per cent. during our sale, with the exception of blue and black goods, which are discounted 10 per cent.

REUBEN S. PATTERSON.

THE MARKETS.

Chicago, Feb. 6.—Wheat was dull and easy during the forenoon today, there being no change in the conditions which caused despondency among longs yesterday. The Liverpool market was quiet and responsive to the heaviness here the previous session, while climatic conditions were favorable. May opened ⅛@¼c lower at 74⅝c to 74⅝c and declined to 74½c under liberal offerings. Receipts here were 40 cars, none of contract grade. Minneapolis and Duluth reported 269 cars against 265 last week and 356 a year ago

There was a heavy business in corn at the opening gong. May opened unchanged to ⅛c lower at 39½c to 39c and declined on heavy local sales to 38¾c. Receipts were 193 cars.

Oats were dull and a shade easier with other grains. May opened a shade down at 25¼@25⅜c and sold to 25½c. Receipts were 125 cars.

Provisions were dull. The market opened easier under the influence of heavy hog receipts and lower prices in the hog market. May pork opened 2½c lower at $13.95 and sold to $13.90; May ribs a shade down at $6.95@6.97½, and May lard 2½c lower at $7.45.

THE CLOSE.

Prices at the close were as follows:

Wheat—Feb., 72⅝c; March, 73¼@73⅝c; May, 74⅞c.

Corn—Feb., 36¾c; March, 37⅛c; April, 38⅛c; May, 38¾c.

Oats—Feb., 24½c; May, 25¼c.

Pork—Feb., $13.80; May, $14.00.

Lard—Feb., $7.40; March, $7.42½; May, $7.47½@7.50.

Ribs—Feb., $6.90; May, $7.00@7.02½; Sept., $7.12½@7.15.

Flax—Cash No. 1, $1.65½; May, $1.65; Feb., $1.65½; March, $1.65½

CHICAGO LIVE STOCK.

Chicago, Feb. 6.—Cattle—Receipts, 20,000; market generally 10c lower. Good to prime steers, $5.00@5.90; poor to medium, $3.40@4.90; stockers and feeders, $2.80@4.50; cows, $2.55@5.10; heifers, $2.65@4.40; canners, $2.00@2.50; bulls, $2.75@4.15; calves, $4.00@6.00; Texas fed steers, $4.00@5.70; Texas grass steers, $3.30@3.90; Texas bulls, $2.50@3.60.

Hogs—Receipts today, 42,000; tomorrow, 30,000; left over, 4,834. Market 5@10c lower; top, $5.32½. Mixed and butchers, $5.05@5.30; good to choice heavy, $5.15@5.32½; rough heavy, $5.00@5.10; light, $5.00@5.20; bulk of sales, $5.10@5.27½.

THE DAY ON WALL STREET.

New York, Feb. 6.—The stock market opened buoyant and active with the dealings very widely distributed and large blocks changing hands. The Steel stocks were the feature, Steel and Wire selling at 50 to 51 on the opening sale of 7,000 shares, compared with 48⅛ last night and 5,000 shares of Federal Steel advanced that price from 51 last night to 52 and 53. National Tube was up 3 points and other members of the group over a point.

In the railroad list the Denver and Rio Grande stocks were conspicuously strong, the common selling 2½ and the preferred about a point advanced. There were other gains of about a point Union Pacific sold at 91¼ and 91½, compared with 90⅞ last night. Fluctuations were wide and frequent in the Steel stocks and were both ways.

For instance Steel and Wire broke from 51⅛ to 50, National Tube from 70⅛ to 67¼, and National Steel, which had touched 48½, reacted to 47.

Federal Steel gave way about a point. Meanwhile the preferred stock of these and other Steel properties improved, Republic Steel preferred rising 4½. Federal preferred 2¼ and Steel and Wire preferred 2. Colorado Fuel also rose 2 points and Smelting 2⅜, but declined somewhat.

Elsewhere advances and declines were mixed in confusion, Consolidated Gas, Illinois Central, New York, Chicago and St. Louis, Hocking Valley and St. Louis Southwestern preferred rising 1½@2. Profit-taking was very large in stocks which have had previous advance and Missouri Pacific, Louisville, Pennsylvania, the Erie, the Readings, the Granges, Northern Pacific, the Atchisons and the local tractions ran off, some of them to below last night.

The Wabash securities reacted, but rallied, and Union Pacific mounted to 92. The Steel stocks showed some recovery at the same time. There was no abatement in the furious activity of trading.

The few stocks which held strong were not sufficient to resist the downward current of the market and the whole list gave way.

The resisting securities were Wabash, which reached 32; Western Union, which lose 2⅜, and International Paper preferred, which advanced 3 points.

Enormous blocks to realize came upon the market, causing declines in Pennsylvania of 2⅞, Brooklyn Transit 2⅛, Baltimore and Ohio 2, Erie first preferred, Kansas and Texas preferred and Metropolitan 1¾, Louisville and Missouri Pacific 1⅝ and Manhattan 1½. Many other railroad stocks reacted from 1 to 1½, including Missouri Pacific.

The Steel stocks held better during the second hour, but Steel and Wire preferred fell 2⅛ from the best. The market steadied before noon at slight recoveries and became very dull.

Wabash debentures were the feature of the bond market, rising irregularly an extreme 4¾. The general demand for bonds continued large, the par value of transactions in the first hour amounting to over $3,000,000.

NEW YORK PRODUCE.

New York, Feb. 6.—Butter—Receipts, 6,098 pkgs; market firm; fresh creamery, 16@22c; June creamery, 15@20c; factory, 11@14½c.

STRANGER THAN FICTION.

A Remedy Which Has Revolutionized the Treatment of Stomach Troubles.

The remedy is not heralded as a wonderful discovery, nor yet a secret patent medicine; neither is it claimed to cure anything except dyspepsia indigestion and stomach troubles, with which nine out of ten suffer.

The remedy is in the form of pleasant tasting tablets or lozenges, containing vegetable and fruit essences, pure aseptic pepsin (government test), golden seal and diastase. The tablets are sold by druggists under the name of Stuart's Dyspepsia Tablets. Many interesting experiments to test the digestive power of Stuart's Tablets show that one grain of the active principle contained in them is sufficient to thoroughly digest 300 grains of raw meat, eggs and other wholesome food.

Stuart's Tablets do not act upon the bowels like after dinner pills and cheap cathartics, which simply irritate and inflame the intestines without having any effect whatever in digesting food or curing indigestion.

If the stomach can be rested and assisted in the work of digestion it will very soon recover its normal vigor, as no organ is so much abused and overworked as the stomach.

This is the secret, if there is any secret, of the remarkable success of Stuart's Dyspepsia Tablets, a remedy practically unknown a few years ago and now the most widely known of any treatment for stomach weakness.

This success has been secured entirely upon its merits as a digestive pure and simple, because there can be no stomach trouble if the food is promptly digested.

Stuart's Dyspepsia Tablets act entirely on the food eaten, digesting it completely, so that it can be assimilated into blood, nerve and tissue. They cure dyspepsia, water brash, sour stomach, gas and bloating after meals, because they furnish the digestive power which weak stomachs lack and unless that lack is supplied it is useless to attempt to cure by the use of "tonics," "pills" and cathartics, which have absolutely no digestive power.

Stuart's Dyspepsia Tablets can be found at all drug stores and the regular use of one or two of them after meals will demonstrate their merit better than any other argument.

ORDERED TO SAFE JAIL.

Georgetown, Ky., Feb. 6.—Judge Cantrill today ordered Henry E. Youtsey and Caleb Powers, convicted in connection with the shooting of Governor Goebel, to be taken to the Franklin county jail at Frankfort for safe keeping until further instructions. Youtsey was yesterday sentenced to life imprisonment.

NOT MUCH DOUBT

THAT CARNEGIE INTERESTS WERE PURCHASED

BY TREMENDOUS SYNDICATE

J. P. MORGAN AT THE HEAD OF A BANKER'S POOL.

CONFIRMATION IS DIFFICULT

BUT STORY OF SALE IS REPEATED WITH DETAILS.

New York, Feb. 6.—The Mail and Express says:

"The control of the Carnegie Steel company, limited, has passed to a syndicate of bankers, in which J. P. Morgan & Co. are the dominant factors, by the purchase of the stock owned by Andrew Carnegie. It is expected that Mr. Carnegie will retire into private life. The terms of the purchase are not known, but that the transaction has been completed was semi-officially announced at noon today.

"The capital stock of the Carnegie company is $160,000,000. There is an equal amount of bonds. Mr. Carnegie is popularly believed to own about 54 per cent. of this.

"Negotiations relating to this immense undertaking have been going on for some time. Mr. Carnegie has for nearly a year been willing to sell out, but financial interests have not until now been disposed to take up so large a proposition as the purchase of his securities and the amalgamation of the different prominent steel companies in the United States would involve."

ANOTHER STORY.

The Evening Post also announces the Carnegie sale as an accomplished fact. The Post says:

"The leading participants in the deal, on the purchasing side, were reported to be C. M. Schwab, now president of the Carnegie company and trusted friend of Andrew Carnegie, and banking interests represented by J. P. Morgan & Co.

"What further scope the deal might have was a subject of conflicting information. A representative of the Carnegie interests asserted today that an arrangement had been practically consummated whereby the Carnegie Steel company, the Federal Steel company, the National Steel company and the American Steel and Wire company would combine and be operated under the same management.

"Unless some unforeseen hitch is encountered in the remaining negotiations the amalgamation scheme will go through with an enormous capitalization. Whether $1,000,000,000 would be required to float the enterprise the Carnegie representative could not say.

"It is understood that the undertaking has the backing of Carnegie, Morgan and Rockefeller interests.

"How the banks would feel toward such a venture was the subject of general discussion in financial circles. The president of an institution closely affiliated with interests allied in the venture, was asked:

"'As a banker, do you believe New York banks would be willing to finance such an enterprise?'

"'No one knows,' was the reply. 'The project is too colossal for ordinary minds to grasp. I have not grasped it myself, yet, although I am familiar with the outcome of yesterday's negotiations.'

"Equally significant, perhaps, was this statement from a banquet of prominence, associated with the Carnegie interests:

"'If the affair means financing a $100,000,000 or $150,000,000 venture the banks can readily put it through. Conditions are more propitious than when the previous proposition for a great combination of steel interests received my assent two years ago. Then I was perfectly willing to accept the plan as formulated.

"'If it was reasonable then, it ought to be wise now. A billion dollar company, if such is contemplated, means scarcely a quarter of that sum in actual cash. Perhaps considerable less than a quarter would put it through and an enterprise backed by Carnegie, Morgan and Rockefeller interests would overcome any opposition that such a scheme would ordinarily encounter.'

"'To my mind the undertaking is the most brilliant close to a remarkable business career. Mr. Carnegie has had sense enough to see that the steel situation of the United States had gotten beyond the domination of any single man, and that the wise course to pursue would be a 'harmony arrangement' of some sort to prevent dissastrous competition and protect his own interests.

"'This I happen to know, is and has been his aim for months, and if it was accomplished at yesterday's conference, it, indeed, was a notable achievement.'"

NO CONFIRMATION.

New York, Feb. 6.—J. P. Morgan and his partner, Robert Bacon, declined today to discuss or to make any statement whatever concerning the report that J. P. Morgan & Co. have purchased Andrew Carnegie's steel properties.

A conference was held in the Morgan offices today between Mr. Morgan, Mr. Bacon, President Gary, of the Federal Steel Company, President Reid of the American Tin Plate company, and a director in each of the National Steel, American Sheet Steel and American Steel Hoop companies, in all of which Mr. Morgan has interests.

Pittsburg, Pa., Feb. 6.—Nothing could be learned here in regard to the report from New York that J. P. Morgan and his associates had purchased Andrew Carnegie's controlling interest in the stock of the Carnegie Steel company.

President Schwab is in New York with Mr. Carnegie and the other officials here refuse to either confirm or deny the story.

Mr. H. C. Frick said he had nothing to give out and that he had no knowledge of the reported deal.

FAVOR CHRISTIAN SCIENCE.

Jefferson City, Mo., Feb. 6.—It is announced that as a result of a hearing given by the joint committee on ways and means of the Missouri house and senate to prominent Christian Scientists, the public health paramittee will strike out those paragraphs of a medical practice bill now before the legislature specifying "that all persons professing to heal the sick or afflicted" must undergo examination by a state medical board. Nearly 1,000 Christian Scientists attended the hearing and were loud in their protests against the provision mentioned.

SIGNS DIVORCE DECREE.

New York, Feb. 6.—Justice Lawrence, in the supreme court, today signed a decree of divorce in the suit brought by Mrs. Wilhelmina Marie MacDowell against William Melbourne MacDowell, the actor and former husband of Fanny Davenport. The papers in the case were not made public and the name of the co-respondent is not known. By the terms of the decree Mr. MacDowell is forbidden to marry again during the life of the plaintiff.

Miss Agnes Rohan entertained at progressive pedro last evening in compliment to Mr. Greene, of Boston. Pink and white were used in decorations, and in the games first prizes went to Miss Sophia DeWald and Will McBennett, while the booby awards were captured by Miss Clara DeWald and Mr. Greene.

Australian papers are offering prizes for the best designs for a national flag to commemorate the new era inaugurated by the commonwealth. The most valuable is a check for $250 offered by the Australian Reviewe of Reviews, and in this competition the six Australian premiers are to be the judges. In some of the competitions it has been insisted that the designs must contain the union jack, but the Review imposes no conditions beyond asking that all designs be sent in before February.

Up to the present time Germany has imported each year from $25,000,000 to $30,000,000 worth of American petroleum. This industry however, seem to be threatened somewhat by the introduction of acetylene as an illuminant, in a convenient and safe form, for house, store and other uses.

On the southern coast of Sakalin, in Aniva Bay, a Japanese — Hokoora Matoy—has a whalefishing station, established since 1898. He manages to catch them with fishing nets as the Japanese usually do. They try to ensnare the whale and then kill him with harpoons.

WABASH PLACES AN ORDER FOR FIFTY.

NEW PROTECTIVE BUREAU

ROADS ORGANIZING AGAINST SCALPERS.

SAMUEL HUNT DISCHARGED

NO FURTHER USE FOR CLOVER LEAF RECEIVER.

The Sentinal stated several weeks ago that the Wabash company had asked for bids on a number of locomotives, to be delivered the coming spring and early summer months. Bids from all the leading manufacturers were received and the contract has been awarded. Mr. J. B. Barnes, superintendent of motive power of the Wabash, has just returned from Richmond, where he placed an order for fifty locomotives with the Richmond Locomotive works. The order includes six passenger engines of a special design, six heavy ten-wheelers, four large switch engines and thirty-four freight engines, the latter of the Richmond compound pattern. Each class will be constructed upon up-to-date lines and will be first-class in every particular. The six passenger engines will be especially fine machines, constructed with a view of great running speed with a heavy load back of them. Their drivers will be seventy-nine inches in diameter, they will have immense fire boxes and boilers and will be capable of attaining and maintaining a speed of seventy to eighty miles per hour if necessity for such velocity should arise. These engines will pull the Continental limited, one of the heaviest and finest trains running across the Hoosier state. When these locomotives are delivered the Wabash will have a motive power equipment unexcelled in the state.

BASS' CHICAGO FOUNDRY.

The Chicago Economist has the following to say of that industry: "The Fort Wayne Foundry and Machine company, formerly known as the Bass Foundry company, will remove its works from Forty-seventh street and Wentworth avenue, Chicago, to a tract of land owned by the Chicago Junction Railway company, west of Ashland avenue, and on Forty-third street. The foundry company has arranged to lease six acres at this point for a term of fifteen years. Its extensive buildings south of Forty-seventh street and east of Wentworth avenue are of steel frame construction and can be taken down and moved to the new location. For years the Bass foundry has been located on the Rock Island railroad property, and the occasion of the removal now is the demand on the part of the railroad for more space for roundhouses and storage houses. The main building of the plant is 475 feet in length. The Junction railway's tracks will furnish the new plant switching service. The land to be occupied by the foundry plant has 653 feet of frontage on Forty-third street and is 400 feet deep. Arrangements have been made for temporary use of a plant near Hammond while the removal is under way."

THREE SHOPMEN HURT.

There were three accidents in the Pittsburg shops last evening and this morning, but none were very serious. T. J. Morris, a boilmaker had the second finger of his left hand crushed. J. W. Baker, also a boilermaker, got a hot scale in his left eye, burning the optic painfully. Charles Bahlinger, machinist in the round house, lost the nail and a portion of the tip of the index finger of his right hand this morning by a side rod falling upon it.

MUNYON'S RHEUMATISM CURE

When Prof. Munyon says his **Rheumatism Cure** will cure rheumatism there isn't any guesswork about it—there isn't any false statement about it. It cures without leaving any ill effects. It is a splendid stomach and nerve tonic, as well as a positive cure for rheumatism.
All the Munyon remedies are just as reliable, 25c. vial. The Guide to Health is free. Munyon, New York and Philadelphia.

OIL HOUSE BURNED.

At 5:30 o'clock this morning fire consumed the frame shanty at the east yards of the Pittsburg, which are used as a store room for oil and waste used by the trainmen and the car repairers. There were eight or ten barrels of oil in the shed at the time and the flames soon enveloped and destroyed them. Considerable waste was also destroyed. The fire was confined to the oil house and surrounding sheds were not in the least harmed.

SUPT. WATTS HERE.

Superintendent Charles Watts, of the Pennsylvania lines, arrived in the city this morning on train 21 and remained here during the entire day. His mission is railway business.

BARRICK ON TRIAL.

Joseph Barrick, whose exploits here and elsewhere have been mentioned in The Sentinel, was placed on trial at Bucyrus, Ohio, this morning, upon the charge of assault with intent to kill. Barrick raised a row on a Pennsylvania passenger train and when Brakeman English remonstrated with him, he pulled a pistol and threatened to shoot. He then jumped from the train while it was in motion and fell under the wheels, losing a portion of one of his heels. Two years ago Barrick applied for a position in the train service of the Pennsylvania and because he was not immediatetly placed upon the pay rolls, he raised a row in the trainmaster's office and that person had to call the police department to have the fellow removed from the office. Later Barrick went to Upper Sandusky and got into a saloon fight, in which he was struck upon the head and nearly killed. As a result of the row he carries a scar upon his forehead. Lieutenant S. Harrod and Brakeman English went to Bucyrus today to testify in the case. Two or three gentlemen who were passengers on the train when the trouble arose and who witnessed it were also at Bucyrus to attend the trial.

RECEIVER HUNT DISCHARGED

Indianapolis, Ind., Feb. 6.—Samuel Hunt, receiver of the Toledo, St. Louis and Kansas City railroad, was discharged from further duties by Federal Judge Woods. The property of the road has been acquired by the Toledo, St. Louis and Western. The receiver turned over to the purchasing company $386,577.92 in cash and accounts, and the purchasers assumed receiver's liabilities amounting to $350,182.94.

A PROTECTIVE BUREAU.

Chicago, Feb. 6.—A protective bureau, with which all of the railroad companies of the country will co-operate, will, it is believed, result from a meeting of the chairmen of the various passenger associations here today. The purpose of the meeting was to devise means for the protection of railroads from ticket manipulation, ether by scalpers or by the railroads themselves. Those attending the meeting composed the "protective committee against ticket scalping" appointed at a meeting of the American Association of General Passenger and Ticket Agents in Buffalo last October, as follows: F. C. Donald, commissioner of the Central Passenger association; E. E. Macleod, Western Passenger association; James Charleton, Trans-Continental Passenger association; Joseph Richmondson, Southeast Passenger association; C. M. Pratt, Southwestern Passenger bureau; N. E. Weeks, New England Passenger association, and C. P. Farmer, Trunk Line association. A bureau probably will be established, empowered to prosecute everybody who forges any railway ticket or changes dates or destinations or in any way manipulates railway transportation of any kind.

INDUSTRIAL NOTES.

Passenger Engineer George Moore, of the Nickel Plate, is sick and off duty.

Fred Kaiser, a Wabash shopman, was taken suddenly ill yesterday and had to quit work.

C. H. Rice and P. Hibinger, Nickel Plate brakemen, have reported for duty after an absence of one and two weeks respectively.

John Dalman, jr., assistant master mechanic of the Pittsburg, is sick with the grip.

Fred Miller, Charles Hecker and Frank Krohn, of the electric works, are sick and off duty.

Ferdinand Bonter, of Crete, Neb., is visiting his parents, Conductor and Mrs. George Bonter.

Bert Olds and Jacob Hilgerman, construction men in the employ of the Fort Wayne Electric Company, are in off the road.

Will Mullahy is on duty again at the east yards of the Pittsburg, but Michael Breen is still confined to his home by sickness.

Henry S. Buckley, the blacksmith, resumed work in the Wabash shops this morning after a couple days' experience with the grip.

A car load of large rope transmission pulleys left the Bass works this morning, consigned to the Sharon Steel company, Sharon, Pa.

Theodore Bandau, a boilermaker, went to Peru yesterday to work upon a job for the Wabash which will keep him in that place about a week.

Philip Dierstein, the upholsterer resumed his duties in the Pittsburg shops this morning, after a few days' absence on account of sickness.

Brakeman J. C. Miller, of the Nickel Plate, who was hurt in a collision in the Bellevue yards December 18, has recovered and is at work again.

Leon D. Studer, Nickel Plate fireman, reported for work yesterday after an absence on account of the sickness of his wife. The lady is improving.

C. F. Bailey, a yard brakeman at the Pittsburg yards, met with an accident yesterday which will disable him for a while, though it is not of a serious character.

Nickel Plate Conductor George McCormick is laying off on account of the serious illness of his son. Brakeman J. E. Allen, of the same road, is taking a few days' rest.

Thomas J. Foley, superintendent of transportation of the Pennsylvania company lines, was in the city yesterday in his official capacity and to visit his mother and sister.

The Indiana Car Service association is about to establish agencies at Muncie and Alexander, similar to the agency in this city. The new agencies will be placed in operation March 1.

R. M. Beltz, the Nickel Plate brakeman who was injured in the back while throwing a switch ten days ago, has recovered from the injury and yesterday reported for work on the road.

Ed M. Hall, the Grand Rapids brakeman who had a shoulder badly injured last November, has nearly recovered from the accident and will resume his train duties the latter part of the week.

Nickel Plate engine 15 is in service again, after receiving general repairs in the Stony Island shops. She is in charge of Engineer D. T. McFee and Fireman M. F. Orr and will run on the third district.

The sick list at the Pittsburg shops this morning contained the folowing new names: F. Paul, D. J. Bartley, H. C. Strangman, A. Bugert, Henry Tonsing, I. Bott, M. R. Hardendorf and Theodore Dobler.

The Gates Mexican touring party is now on its way westward. It passed over the Lake Shore route from the east to Chicago. There were only a few people who reside this side of New York in the party. The Thompson Wabash tour will catch the crowd from this "neck o' woods."

Conductor F. I. Stump, who was operated upon in the Findlay hospital for an affection of the bladder, passed through the ordeal in good shape and will soon be out again.

The Southern railway has made application for membership in the Central Passenger association for its St. Louis and Louisville line, formerly the Louisville, Evansville and St. Louis road.

Charles J. Poulson, who died at Frankfort, Ind., on Saturday, was a member of the first crew running over the Frankfort and Kokomo road, now part of the Toledo, St. Louis and Western; later he was in train service on the Lake Erie and Western.

Mrs. Daniel Campbell and daughter, of Valley Forge, Va., are visiting old friends in the city. Mr. Campbell now occupies an important position on the Chespeake and Ohio road. He was foreman of the Wabash blacksmith shop in this city for a quarter of a century.

Engineers W. K. Wilder, P. T. Walsh and W. W. Tourgee and Fireman G. Bessert, of the Pittsburg, are sick and off duty and C. W. Lartmore, M. Swope, F. Simonson, C. Prince and H. Westerman, all engineers, have reported for duty after being on the sick list for several days.

The Mississippi railroad commission has called the attention of the state attorney general to the recent consolidation of the Mobile and Ohio with the Southern railway and setting forth that such consolidation is violative of the clause of the constitution prohibiting the amalgation of competing lines. The penalty is forfeiture of right to do business in Mississippi.

Dr. E. F. Wagner, medical examiner of the Pennsylvania Voluntary Relief association, is slightly disfigured today, the result of too intimate association with a mustard plaster. He put the thing on his temple to allay a pain and fell asleep. In the meantime the plaster continued in business and when the doctor awoke he found a big blister where the plaster had been.

Mark Brennahan, a traveling salesman for a Chicago house, has instituted damage proceedings against the Grand Rapids and Indiana company. He was on one of the ill-fated trains at the Pierson, Mich., disaster August 15, 1900, when he received injuries which have since confined him to his bed. His sight and hearing were affected and his right leg was broken and the ligaments torn from their fastenings. He asks $50,000.

DIED IN THE CHAIR.

Sing Sing, N. Y., Feb. 6.—Lorenzo Priori, who murdered Vincezo Gerzo in New York city Dec. 11, 1898, and a few weeks ago secured a stay of execution by the representation that the crime was committed by his wife's brother, James Saccardo, was put to death in the electric chair in the state prison here today. It required two shocks to kill him. He left with the priests who attended him a statement declaring his innocence.

INJUNCTION AGAINST TRUST.

Akron, Ohio, Feb. 6.—A perpetual injunction was granted today against a proposed combination of the cereal companies. Two years ago the American Cereal company planned to increase its capital from $3,500,000 to $33,000,000. It was proposed to form a combination of 95 per cent. of the mills in the country. Mrs. Nellie L. Hower, a stockholder, secured a temporary injunction against the combination on the ground that it "was a scheme to freeze out small stockholders and a violation of the Ohio anti-trust laws." Today the injunction was made permanent.

QUEEN OF SWEDEN ILL.

Stockholm, Feb. 6.—Queen Sophia has been confined to her bed for some time owing to a swelling of her throat complicated by influenza and considerable fever. Her majesty's throat is much inflamed and she shows evident signs of increasing weakness.

THE JOY OF THE

house is the baby. No matter how many have come before, the latest arrival brings joy to all.

When the little one takes his first glimpse of the world, he is in, it is a minute of keenest joy.

Father is proud, mother is fond, brother is eager, sisters are tender, nurse is devoted; the whole human world is kind.

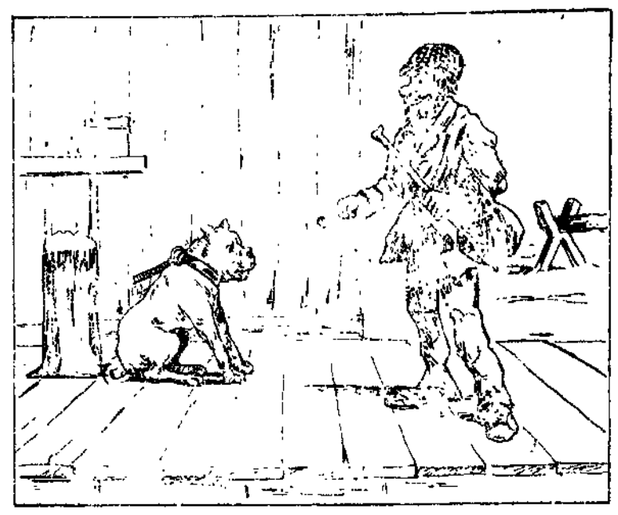

There is another, an under, world with enemies in it.

When baby gets into its shadow, be quick with Scott's emulsion of cod-liver oil—he is sure to get into its shadow; let him get no futher than into the edge of it. Health is the baby's life.

WANTS CRIMINALS FLOGGED.

Hartford, Conn., Feb. 6.—Representative Freeman of Hartford, a prominent lawyer, introduced a bill in the legislature today providing for the flogging of criminals. For boys under 16, guilty of any offense not a capital crime, birch rods or leather straps may be used. For men guilty of wife-beating, kidnaping for the purpose of getting a ransom, and for any crime whereby another person suffers physical injury, a leather strap shall be used, and there may also be imprisonment, in which case the jailer shall do the whwipping. In other cases the whipping shall be done by a court officer.

LAW SCHOOL SELECTS DEAN.

Indianapolis, Feb. 6.—The trustees of the University of Indianapolis yesterday selected James A. Rohbach dean of the law school. Mr. Rohback was born in Pennsylvania. After practicing a short time he became district attorney of Union county, Pennsylvania. At the expiration of his term he became professor of law in the University of Iowa and remained in that position seven years, from 1892 until 1899. Mr. Rohback is a graduate of the Western Reserve university, from which he received his A. B. degree in 1884. From the Iowa university he received the degree of LL. B. in 1893.

SHOOTS INFANT SISTER DEAD.

Creston, Iowa, Feb. 6.—While James Tag was in town summoning a physician to attend his sick wife Don, the 8-year-old son, and Lela, the 4-year-old daughter, were playing in the smokehouse. Don unearthed an old shotgun. He and his sister went in the yard and began playing soldier. He pointed the weapon at her, the muzzle being close to the girl's head, and pulled the trigger. The little one's head was literally blown off.

OFFER PRICE FOR MURDERER.

St. Joseph, Mo., Feb. 6.—The Andrew county court yesterday took up consideration of the Frank L. Richardson murder case and decided to offer a reward of $500 for evidence that will lead to the arrest of the murder. This action has been urged by the residents of the county and because the offer was not made immediately after the millionaire merchant was murdered, on Christmas eve, prompted a great deal of harsh criticism against certain county officials. It is believed this reward will cause the arrest of the murderer very soon.

YAQUIS KILL 100 MEXICANS.

Potain, Mex., Feb. 5.—Mexican troops were ambushed by Yaqui Indians in the mountain passes east of Ures, and fully a hundred were killed and wounded before they could extricate themselves. The battle occurred in the most rugged portion of the mountain range, not far from the main camp of the Indians. Saturday while the troops were resting in a canon, the Indians attacked them from both sides and did such effective work that more than 100 were mowed down before the command succeeded in effecting its escape. Many of the dead Mexicans were mutilated.

FORESTERS TO ALTER LAWS

Laporte, Ind., Feb. 6.—The Indiana state court of Foresters convened at Michigan City for a session of two days. High Chief Ranger Cooper, of Crown Point, is presiding and there is a full representation of delegates from the courts in this state. The feature of the session will be radical changes in the laws governing the order and the election of officers. An elaborate banquet and reception was tendered the delegates and high court officials last evening.

GALE ON FRENCH COAST.

Cherbourg, Feb. 6.—The gale continues but is less violent than yesterday. Several small vessels were stranded today near by. No serious land damage has been reported anywhere. The grounding of a coasting schooner and a small boat is reported from St. Malo.

BIG PETROLEUM FIRE.

Baku, Russia, Feb. 6.—A fire broke out yesterday in the magazines of the Caspian and Black Sea company, which contained 6,000,000 poods of petroleum. The conflagration resulted in great loss of life and widespread damage. The flames spread to other depots having a capacity of 12,000,000 poods of naptha, which poured out like a stream of lava, inundating and setting fire to the dwellings of the workmen which were totally destroyed. Many persons perished. Twenty charred bodies have been found, and upwards of fifty people are terribly burned. Four hundred families lost everything they possessed. The magazines are still burning and neighboring resevoirs are in great danger. A general panic prevails. Eight naphtha springs belonging to the Melikoff, Ralski and Caspian companies caught fire February 3.

A DIVIDEND DECLARED.

Philadelphia, Feb. 6.—The board of directors of the Reading company today set aside as required by the terms of the general mortgage a sinking fund of 5 cents per ton on 7,327,419 tons of coal mined by the coal and iron company during the year 1900, amounting to $366,370. The directors also declared a dividend of 2 per cent upon $28,000,000 of the first preferred stock of the company, an increase over last year of one-half per cent. The 2 per cent dividend will amount to $560,000.

A STOVE CAUSED IT.

A damage of about $40 was caused by fire Tuesday evening at the wholesale notion house of Salem Bashara, on East Main street. An overheated stove set fire to some goods upon the shelves. It was seen by a pedestrian passing the place and he promptly sent in the alarm to the central station.

W. L. DOUGLAS $3.50 SHOE UNION MADE

To the Public:—Twenty-five years experience enables me to offer the best $3.50 shoe in the world for men. My constantly increasing business has enabled me to reduce the cost so that I can give the wearer more value for $3.50 than any other manufacturer.

I make and sell annually more $3.50 shoes than any other two manufacturers; on account of this large business the wearer has got the benefit, the magnitude of my business permitting me to make a fair profit by shaving only a few cents per pair above the actual cost. Others producing less than half the quantity, have to reduce the quality to make a solid retail profit.

I believe my $3.50 shoes are now made to as high a standard as it is possible to make shoes. The style, material and workmanship are just as good as the best custom made hand work.

Yours truly, W. L. Douglas

QUEEN IS A BRIDE

WILHELMINA OF HOLLAND IS HAPPILY MARRIED.

THE HAGUE IN FESTAL GARB

CHURCH CEREMONY FOLLOWS CIVIL FORMALITY.

A BREAKFAST AT THE PALACE

THE DUKE OF MECKLENBURG-SCHWERIN NOW CONSORT.

The Hague, Feb. 7.—The civil ceremony of the marriage of Queen Wilhelmina to Duke Henry of Mecklenburg-Schwerin was carried out at 11:30 a. m. in accordance with the program.

Immediately afterward the procession started for the church, headed by fifty hussars, the bride, bridegroom and queen's mother riding in a golden state carriage, drawn by eight horses.

They were warmly acclaimed by the crowds assembled. The church was reached soon after noon.

The church was filled with representatives of all classes of society in Holland and foreign representatives.

From a recent photo
LUKE HENRY OF MECKLENBURG-SCHWERIN

The queen looked very handsome in her wedding d- - and the brilliant uniforms and bright decorations made a picturesque scene.

A MARRIAGE ADDRESS.

The court chaplain, Dr. Van Der Vlier, standing before the bride and bridegroom, delivered an address. His text was from the fourth Psalm, "Lord, lift Thou up the light of Thy countenance upon us."

"The festal hour has arrived," said the pastor, "wherein the entire people has its share of delight. The prayer contained in the text embodies the essential conditions for lasting married happiness, which does not depend on external things, but on the disposition of the heart.

"The prayer for the light of the Lord's countenance seems to suggest some darkness, and it is certain clouds will show themselves at time in the conjugal heaven.

"This union which we today are celebrating has already demanded sacrifices. The husband has had to leave his country and people and the bride has had to leave the side of a dearly loved mother.

"In the future, to be sure, the reverses of life will fall to your lot. Do not then forget the prayer of David: 'Lord, lift Thou up the light of Thy countenance upon us.'

"It will be necessary for you, if you are to fulfill thoroughly the duty of marriage, to fulfill the duty of love in your mutual relations. In that relation man is the head and woman is the heart. The psalmist's prayer will also be your help when you have to bear your mutual burdens, for, in marriage two sinners are united, each having his and her faults. Finally, it is indispensable to the unity whereto you have been called.

"According to the command of God these two shall be one Not only love can form and preserve this tie, but if you wish this bond not to be loosened, your hearts must be filled with prayer.

"'Lord, lift Thou up the light of Thy countenance upon us.'"

EXCHANGED RINGS.

After the chaplain's address and after the nuptial benediction had been pronounced, the bride and bridegroom exchanged gold rings, according to the Dutch custom, and the wedding party then proceeded to the reception room, attached to the church, where the queen tenderly embraced, first, her mother and then her husband.

The queen mother, too, kissed the latter. The bridegrom then kissed his bride and his own mother.

The newly wedded pair received the congratulations of their families and drove to the palace over the same route they had previously traversed. A wedding breakfast followed.

TROUSSEAU OF THE QUEEN.

The queen's wedding gown, woven of the finest silver tissue, was embroidered at the School of Art Needle work in Amsterdam, and was afterward made up by Nicaud of Paris. It is ornamented with silver threaded seed pearls. The robe and train are lined with rich white silk. The bodice which is plain and cut low, is trimmed with magnificent antique lace. The trails are covered with embroidery almost meeting at the waist and broadening over to the hem. The court train is two and a half yards long, the embroidery running around in light trails.

The city, today, bore its most festal appearance. Vast crowds were in the streets early and trains poured in thousands from all parts of the country. The route of the royal procession to the Groote Kerk was decorated with large baskets of green plants, lightened by orange blossoms and white roses, tied in large, white knots.

The weather, though fine, was intensely cold. The stands, the windows and the roofs along the line of the route to the Groote Kerk were thronged with people.

MRS. NATION IS RELEASED

CHARGES AGAINST HER ARE DISMISSED.

Thereupon She, With Her Cohorts, Sing "Nearer My God to Thee" to the Court.

Topeka, Kas., Feb. 7.—Mrs. Carrie Nation was called up today in police court on the charge of wrecking a "joint" at 406 Kansas avenue. About 100 of her followers were present.

At the request of the assistant city attorney the charge was dismissed.

Mrs. Nation and the women in the court room then sang "Nearer My God to Thee."

Police Judge Magraw tried to stop them, but Chief of Police Stahl refused to interfere.

AFFECTS THIS COUNTRY.

Washington, Feb. 7.—United States Consul Skinner, at Marseilles, has transmitted to the state department a copy of a French decree by which the minimum tariff tax on coffees originating in various ports of the world is made applicable provisionally until June 30 next. This is of special interest, says Consul Skinner, as it affects the United States, Cuba, Porto Rico and the Philippine Islands. The minimum import of duty upon green coffees, he adds, is $30 per 220 pounds, and the maximum rate $57.90 for the same quantity.

IN ROYAL STATE

KING EDWARD WILL OPEN THE PARLIAMENT.

EVENT TO BE CEREMONIAL

ROYAL PRECEDENT WILL BE OBSERVED.

KING WILL MOUNT THRONE

ROYAL FAMILY RETURNS TO LONDON.

London, Feb. 7.—Doubt as to the nature of the ceremonial to be observed at the opening of parliament February 14 has been set at rest by an official announcement that it has been definitely determined that King Edward will open his first parliament with a full state ceremonial. The ancient state coach, which has not been used since the prince consort's death, will be employed, and it goes immediately to the coach builders for the renovation of its costly panel paintings and gilt embellishments. The precedent of 1886, the last occasion on which Queen Victoria opened parliament in person, will be followed.

The entrance will be through the great gates under the Victoria tower, the sovereigns passing thence to the robing room.

It was a black marble stairway, which, for years, has been encased in wood. Thence they will go through the gallery and princes' chamber into the house of lords.

It is understood that Sir Arthur Bigge, who was private secretary to Queen Victoria, will be appointed private secretary to the duke of Cornwall and York.

The order of dress for the peeresses has been drawn up, indicating that Queen Alexandra will accompany the king. The peeresses are ordered to wear black, court dress without trains, low cut dresses, black feathers in the head and veils. No ornaments are permitted. The king will wear his full robes, perhaps without crown.

All the peers will be in court dress and robes and all the state officials will be present as a drawing room except that they wear their robes.

The king will occupy the throne and the great officers of state will be grouped around him.

ROYAL FAMILY IN LONDON.

King Edward and Queen Alexandra and other members of the royal family arrived in London at 4 o'clock this afternoon. They drove in four open carriages over the same route Emperor William of Germany traversed Tuesday. In their majesty's carriage was the Princess Victoria and Prince Edward of York. The king was in civilian clothes and the ladies of the party were closely veiled.

Little Edward III. was in a sailor's uniform and bareheaded. An escort of horse guards (blues) preceded the royal carriages, the progress of which was marked by considerable cheering from the spectators dotting the route.

KAISER THANKS KING.

London, Feb. 7.—The court circular announces that Emperor William, in thanking King Edward for conferring upon him the rank of field marshal, said the honor enabled him to wear a uniform similar to that worn by the duke of Wellington and Earl Roberts, a compliment that would be highly appreciated in the German army.

KAISER AT HOMBURG.

Berlin, Feb. 7.—Emperor William arrived at Homburg at 8 o'clock this morning, while the crown prince reached Potsdam at 8:30 a. m.

FIRST GOVERNOR DYING.

Colorado Springs, Col., Feb. 7.—Hon. R. W. Steele, first territorial governor of Colorado, lies at the point of death in this city. He has not been informed of the death of his wife, which occurred Wednesday. Rheumatism, followed by grip, caused Mrs. Steele's death and is the cause of Mr. Steele's illness. Governor Steele came from the east in 1859 and shortly afterwards was appointed provisional governor of Jefferson territory, as Colorado was then known.

FATAL RAILROAD ACCIDENT.

Nashville, Tenn., Feb. 7.—In a head-end freight collision on the Illinois Central at Ripley, Tenn., Engineer James Wilson, Water Valley, Miss., was killed and Herbert Morrison, fireman, and a tramp were fatally injured. Twenty cars and both engines were wrecked. Seventeen years ago a wreck occurred at exactly the same spot and four persons were killed.

BAD INFLUENCES AT WORK.

Vancouver, B. C., Feb. 7.—According to advices brought by the steamer Empress of China, conservative and reactionary influences are making themselves felt more and more in the neighborhood of the Chinese throne at Hsian and the only hope of giving effect to liberal councils is to induce their majesties to move either to Wu Chang or Nan King, where they would be in direct contact with the Yungste valley. The name of another eunich is mentioned as having acquired dominant influence in the empress dowager's entourage.

The two eunichs now said to be supreme are Li Twain and Li Tien Yuan.

They have formed a combination of the most powerful viceroys in governors of China to drive out all foreigners and especially Russians.

This movement is said to have been accelerated by the instructions issued by Prince Ching to the Chinese troops in Chi Li in accordance with his promise to Field Marshal Von Waldersee, directing the Chinese troops to abstain from all movement against foreigners or peaceful Chinese.

HARRISON STREET TUNNEL

ACTION WILL AGAIN BE POSTPONED TONIGHT.

Wabash Railway Officials Telegraph Inability to Be Present and Request Delay.

The board of works will meet in regular session tonight and the principal business on the board was the consideration of the project for opening Harrison street, which is opposed by the Wabash Railway company. A large number of citizens from the south part of the city, interested in the opening of the street had signified their intention of being present. Late this morning the board of works received a telegram from the officials of the Wabash and its attorneys, stating that it would be impossible for them to be present this evening and requesting that the consideration of the question be postponed until next Thursday evening, when they would certainly be present. The board consented and the matter will not be taken up tonight. In conversation with a city official this morning he said that it was simply an act of courtesy to concede the railroad company's request, but that a postponement would not affect the final result anyway. The people on the south side want the improvement, the Pennsylvania company does not oppose it and the board has determined that the opening shall be made, so that any delay now is simply a matter of form. The street will be opened in spite of the Wabash company and the real fight will come when the question of damages is to be adjusted, but that matter is not now before the board and will not be brought up for a number of moons.

No other business of particular public importance will be taken up at tonight's meeting.

WILL GO TO MILWAUKEE.

Will F. Urbahns and probably half a dozen other past exalted rulers of the Fort Wayne lodge of Elks, who are members of the grand lodge, will go to Milwaukee tomorrow night. The annual reunion and meeting of the grand lodge has been set for the week of July 16 at Milwaukee. On that same date there will be two other conventions in the Cream City and it is to change the date of the annual meeting, to the week of July 23, that a special session of the grand lodge has been called to meet on Saturday morning at 10 o'clock. It requires 100 members to constitute a quorum, and as the expense of this special meeting must be paid by the Milwaukee local lodge, the grand secretary is endeavoring to select the quorum from close by members. As it is the cost of the meeting will be about $5,000, as the grand officers will all have to be there, and they are scattered from Boston to San Francisco.

SALT TRUST IN BRITAIN.

London, Feb. 7.—The visit of R. W. White, of the National Salt company in England, is reported in connection with closing a deal by which the American company will be largely enabled to control the salt business of the United Kingdom.

SIX DIE IN WRECK

TERRIBLE DISASTER ON THE ERIE RAILROAD.

A BROKEN RAIL THE CAUSE

THE ACCIDENT OCCURRED AT GREENVILLE, PA.

MANY PERSONS WERE INJURED

TRAIN WAS RUNNING AT HIGH RATE OF SPEED.

Greenville, Pa., Feb. 7.—While running at high speed, passenger train No. 5, on the Erie, was wrecked near here today. Six passengers were killed outright and ten injured.

THE DEAD.

Following is a list of the dead:

Unknown man, had ticket for Rushville, Ind., and postal card in his pocket addressed to the Adams Produce company, Rushville, Ind.

Harry A. Hart, sergeant major Tenth infantry, bound for Fort Crook, Neb.

Peter J. Curry, private, same, home in Philadelphia.

Man about twenty-five, supposed to be Clarence Leek, Somerville, N. J.

Charles Henry, baggagemaster, died after being taken to the hospital, making number of dead six.

Unknown man, still in the wreck.

THE INJURED.

Carmie Goligiure, Carbondale, Pa., bruised.

Carmie Grecio, Carbondale, Pa., bruised.

Ivan Lester Smith, Camisteo, N. Y., badly bruised.

Joseph Kennedy, Springfield, Mass., left leg broken, cut and badly bruised, private Tenth infantry.

William D. Moore, 32 Lennox Road, Brooklyn, left leg broken, cut about head.

W. F. MacGiuntie, Portland, Ind., badly bruised.

O. H. Simmons, Kent, Ohio, brakeman, left leg broken, right leg bruised.

C. Henry, baggagemaster, Meadville, Pa., left leg broken, injured about chest.

B. A. Marsden, Philadelphia, seriously.

—— Leek, Somersville, N. J. seriously.

The injured were taken to the Meadville hospital by a special train.

RUNNING AT HIGH SPEED.

The train was running very fast at the time and was derailed by the breaking of a strap at the rail joint.

Where the accident occurred is a sharp curve and a very steep embankment. About forty feet below is the little Shenango river, and from the track to the top of the hill is about sixty feet. The train was made up of mail and express cars, combination baggage and smoker, and four Pullman coaches. The engineer had whistled for the Greenville station when the engine left the rails, followed by the mail car, combination car and one of the coaches. After running about the length of the train the engine struck the hill and almost buried itself.

The mail car telescoped the combination car and that was where all the fatalities occurred. The engineer and fireman escaped by jumping.

Many rescuers were quickly at work and surgeons were on hand as soon as the first body was taken from the wreck.

FASTEST TRAIN ON LINE.

Cleveland, Ohio, Feb. 7.—The train wrecked on the Erie railroad near Greenville early today was the westbound New York and Chicago limited the fastests train on the line. According to information recived at the office of the general manager of the road in this city, four persons were killed and twelve injured in the wreck.

OFFICIAL STATEMENT.

New York, Feb. 7.—The following statement of the Erie railroad wreck at Greenville, Pa., was given out at the company's office here:

"Erie, New York and Chicago limited train No. 5, leaving New York at 2:30 was wrecked at 6:10 this morning between Amasa and Greenville. The cause has not yet been discovered but it was probably either a broken flange or a broken rail. Eight passengers were killed. The passengers injured were taken to a hospital at Meadville.

SEVERAL SLIGHTLY HURT.

Pittsburg, Feb. 7.—The Pennsylvania limited express crashed into the rear of the Cleveland express on the Pennsylvania lines at the Allegheny avenue crossing this morning and both trains were wrecked. Only one passenger, Henry Lublang, of New York, was seriously injured, but several sustained slight bruises. Lublang was internally hurt and lost the power of speech. He was taken to the Mercy hospital. The others were able to continue the journey. Failure to flag the freight train is said to have been the cause of the collision. Among those slightly hurt was Edward Strauss, conductor of the Strauss orchestra. He is to appear in Philadelphia tonight and left for that city during the morning.

A MIRACULOUS ESCAPE.

Easton, Pa., Feb. 7.—The Lehigh Valley milk and paper train from New York was wrecked at Green's Bridge, N. J., four miles below here this morning. The train was running sixty miles an hour and when it approached the bridge, a structure 120 feet high, the main rod strap of the locomotive broke, dropping the big steel rods that connect the driving wheels and throwing the engine and every one of the ten cars in the train off the rails. The locomotive and several of the cars went bumping over the ties of the bridge, threatening every moment to go over the side of the structure. The engine and cars crossed the bridge in safety and ran 300 yards on the ties before coming to a standstill. All the cars were more or less damaged.

None of the crew or passengers were injured.

CHILD DIES FROM HIS BURNS

DISTRESSING ACCIDENT AT A HURD STREET HOME.

Little Son of Mr. and Mrs. John Ruck Succumbs to Injuries Received on Tuesday.

Everett Oswald Ruck, the little son of Mr. and Mrs. John Ruck, at 32 Hurd street, died Wednesday evening as the result of frightful burns received twenty-four hours previously. The boy was five years of age.

Tuesday afternoon the boy was amusing himself by scribbling upon some paper, and finally, unnoticed by his mother, stepped to the stove and tossed the paper in where a gas fire was burning. The draft blew the blazing paper back upon the child before he could close the stove door, and the little fellow's clothing was ablaze in an instant.

The child ran frantically from room to room, closing each door behind him, and before the mother could reach him had gained the open air. Here the mother attempted to smother the flames by wrapping her own clothing about the lad, and a man who was passing ran to her assistance and finally extinguished the flames by rolling the child in the snow. The burns were so extensive, however, that medical skill could not save the child, and death ensued after twenty-four hours of intense suffering. The bereaved father is a car builder for the Pennsylvania company.

NO CROWN RESERVATIONS.

Seattle, Wash., Feb. 7.—Advices from Dawson are to the effect that hereafter there will be no crown reservations of mining claims in the Klondike or northwest territory. All claims still held by the crown, including many fractional claims, with the exception of some which are involved in litigation and others which are reserved for compensation, will be thrown open, it is stated, on Feb 26, for staking.

WILL HUNT SEALS.

Washington, Feb. 7.—The number of vessels according to the United States consul at Victoria which purpose to engage in seal hunting from the port of Victoria this year is thirty-four. The last vessel cleared January 26. This is one vessel less than cleared from that part last year on the same business. Ten of the vessels will hunt on the Japan coast, and the remaining twenty-four on the coast of British Columbia, Washington, Oregon and California. The general expression among the sealers is that the fur seal is steadily disappearing, and that the time is soon coming when the business will cease to be profitable.

SUFFERING IN CHINA.

Canton, Feb. 7.—The intensely cold weather prevailing is causing widespread suffering. There have been over a hundred deaths here from the cold.

ELECTRIC WORKS

LIKELY TO HAVE IMPORTANT ADDITION.

GENERAL ELECTRIC'S PLAN

WILL BUY OUT ONE OF ITS LARGEST COMPETITORS

AND MOVE THE WORKS HERE

DEVELOPMENTS FOLLOW MR. RICE'S VISIT.

While the enlargement and additions that have been made to the Fort Wayne Electric works since it passed into the hands of the General Electric company have been highly gratifying to every citizen of Fort Wayne, The Sentinel is able to state today that the growth up to the present time, great as it has been, including the new buildings now under course of construction, does not measure the total of either the possibilities or the probabilities for this great industrial enterprise.

It is learned upon absolutely unquestionable authority, which for the present The Sentinel is not permitted to name, that the General Electric company is now negotiating for the purchase of another of its very largest competitors in the electrical field, and that as soon as the deal can be completed the works of this concern will be moved to Fort Wayne to swell the already splendid magnitude of the works in this city. The public will recall the fact that the plant of the old Siemens-Halske company at Chicago has been removed to Fort Wayne by the General company, and that the new buildings now in process of erection are to accommodate the enlarged business that is steadily coming to the Fort Wayne Electric works. Unless something now unforseen should interfere, the equipment of another and a larger factory will soon be added to the big establishment on Broadway.

While the officials are naturally reticent for the present concerning the matter, there can be no doubt but that the General Electric company is planning for Fort Wayne an institution that shall not be approached, either in size or in efficiency, by any concern in the west. It promises to be more than a realization of the most hopeful dreams of those who have Fort Wayne's interest as a manufacturing center at heart.

E. W. Rice, third vice president of the General Electric company, with headquarters at Schenectady, N. Y., was in Fort Wayne yesterday, and he devoted the entire day to an inspection of the works with General Manager J. J. Wood and Superintendent Hunting. There was no attempt on the part of Mr. Rice to disguise his pleasure at the splendid condition in which the entire works and the affairs of the company were found. He left this morning for the east, and it is certain that his report to the General Electric company will be most flattering both as to the local officials and to the prospects for the future of the Fort Wayne works. There is little doubt that it will induce the parent company to immediately sanction still further improvements that are in prospect.

DROUGHT CAUSES MISERY.

New York, Feb. 7.—A dispatch to the Herald from Rio Janeiro says: Great misery prevails at Para on account of a long continued drought. Rains have fallen in the last few days, but have given little relief. Many of the suffering inhabitants are emigrating to other states. Several suspicious cases of disease have appeared in this city, and the police department believes they are cholerine. They are being watched carefully and strict quarantine measures will be taken. The Germans in Petropolis have made a great demonstration in honor of Count D'Arco-Valley, present German minister to Brazil, who has been appointed minister to Japan.

DON'T WANT M'KINLEY.

Savannah, Ga., Feb. 7.—The confederate veterans' association of Savannah has passed resolution against the invitation of President McKinley to attend the reunion of confederate veterans in Memphis The association calls upon General Gordon, commander in chief, of nan some other city than Memphis as t place for the reunion, and says will not send delegates to Memph if the invitation to the president i adhered to.

THE GRIP

Leaves Its Victims Debilitated and Weak.

The Quick Recovery of Strength and Appetite is Important.

VINOL IS A WONDERFUL TONIC AND REBUILDER.

AND OF GREAT VALUE DURING CONVALESCENCE.

It Will Tone You Up So That Danger of Pneumonia Will Be Lessened.

If You Take Vinol in Such Cases, and It Does Not Help You, all the Money You Have Paid Out will be Returned to You.

The grip is again prevalent. There is no disease known to science that more quickly reduces the patient's strength than this same mysterious grip. Every organ of the body is quickly incapacitated. Great lassitude ensues. The suffering from this extreme debility is most distressing.

Worst of all, the system is in a condition where it is ready to receive the germs of any other disease. Pneumonia is the most to be feared malady, and when it makes its appearance after the grip, the results are almost always disastrous.

We know that Vinol, Wine of Cod Liver Oil, as a tonic, will not only maintain the strength of the sufferer during the attack of the grip, so that it will pass off much more quickly, but it will hasten recovery and prevent danger of future troubles.

MRS. JOHN GORMAN, of 143 Franklin St., Meriden Conn., says: "The grip left my little boy, Arthur, in a very much weakened condition. We tried old-fashioned cod liver oil. It made him sick, and upset his stomach. We then gave him Vinol. I only wish every one who has suffered from the grip could see the change in my boy, and could see him eat since he has been taking Vinol."

BAD TOM BORHAM

POLICE GET MORE LIGHT ON HIS CHARACTER.

EVIDENTLY A WILY CROOK

VICTIMIZED YOUNG WOMAN AT RACINE, WIS.

GOT HER WATCHES AND CASH

INFORMATION COMES FROM RACINE POLICE CHIEF.

Every few minutes the police officers get a stitch in the side as they realize how close they came to letting a professional crook get away after they had him safely lodged behind the bars. Closer acquaintance daily develops new and interesting traits in the character of the wily Thomas Borham, who is now in jail for holding up the Log Cabin saloon night before last. Yesterday morning in answer to an inquiry, Superintendent Gorsline received a telegram from Chief of Police Pfister, of Racine, saying that Borham was not known at the carriage shop in that city, where he said he had worked. This morning, however, the superintendent received a letter from Chief Pfister saying that later developments show that Borham had worked at the place referred to under the name of Thomas Burns, but that he was known to some of his friends as Tom Borham. The letter goes on to say that he is a crook and says he can easily be identified, as he has the tips of two fingers missing on his left hand. Our Mr. Borham is just two fingers shy. While at Racine, the letter continues, he worked himself into the confidence of a young woman and secured $250 from her on his note and also secured from her, whether by theft, the letter does not say, two gold watches, the case of one being engraved and bears the word "Libbie." Borham has both watches and the "Libbie" watch he says belongs to his sister. Superintendent Gorsline is requested to get the watches and the Racine officer says he will be glad to give any further information necessary or desired. Borham will be given a preliminary examination today or tomorrow and will be bound over to the circuit court, and that he is good for a term in the penitentiary the prosecuting attorney has no doubt.

WENT TO HIS HEAD.

Adam Popp was the only guest at the police station last night. Adam was against something stronger than pop last night and was taken in tow by an officer. This morning he explained that he had drank only two glasses of beer and could not understand how he had overestimated his capacity. He is a hardworking man so after an admonition by the mayor he was fined $1 and sentence was suspended.

CITY HALL NOTES.

A bay horse without harness was found wandering about the streets last night. The animal was taken to Rust's barn.

Henry Bentz, of Hayden street, reported that his horse and buggy was taken from the corner of Harrison and Main streets last evening about 6 o'clock.

The committee on franchises will meet on Saturday night to take final consideration of the McIlhenny franchise, which will probably be presented to the council at the meeting next Tuesday night.

Mayor Scherer has returned from Indianapolis, where he yesterday attended a meeting of the State Municipal league and a joint meeting of the State Board of Commerce.

Scarlet fever cases have been reported at No. 6 Monroe and No. 104 Gay streets and diphtheria cases at No. 109 Liberty and 242 Smith streets.

SLAIN BY ROBBERS.

Cleveland, Feb. 7.—Frank Johnston, sixty years of age, a gateman at the Perkins avenue crossing of the Cleveland and Pittsburg railroad, was found lying in a pool of blood in his tower house early today and in a dying condition. Between gasps the dying man said he had drawn his month's wages from the pay car last evening and early this morning a man climbed into the tower and attacked him with a coupling pin. After a desperate struggle Johnston's skull was crushed and his assailant escaped with part of his victim's money. Johnston died while en route to the hospital. There is no clew as to the identity of the murderer.

TAILORS ELECT OFFICERS.

Philadelphia, Feb. 7—The sixteenth annual convention of the Merchant Tailers' National exchange came to an end today with the election of officers and the selection of Norfolk, Va., for next year's meeting. The new officers are: President, Emile Twyeffort, New York; first vice president, E. E. Byersmith, Kansas City; second vice president, F. J. Hiberger, jr., Washington; secretary, Samuel H. Spring, Boston; treasurer, R. C. Notbohm, Milwaukee.

MOSQUITO MUCH TO BLAME

THE LITTLE PEST SPREADS YELLOW FEVER.

Cause of the Disease Not Yet Fully Determined—Important Facts are Ascertained.

Havana, Feb. 7.—An interesting paper was read before the Pan-American meedical congress by Dr. Reid on promulgation of yellow fever by mosquitos.

The specific cause of yellow fever still continues unknown, he said, but the work of the yellow fever commission had conclusively proved, in his opinion, that the mosquitos served as an intermeditary in conveying the disease, the spread of which was due to this medium alone. The commission had concluded, therefore, Dr. Reed added, that the disinfecting of clothing was not only unnecessary but useless, owing to the impossibility of contagion from such a source.

"The experiments of the commission showed," said Dr. Reed, "that the mosquito is unable to propogate the disease until after 21 days after being infected, and is only infected by biting a yellow fever patient during the first two days of the patient's illness.

"The same result was found by injecting the blood of a yelow fever patient into a healthy system. Blood taken after the first two days' illness does not affect the second subject.

"The length of time during which a mosquito can retain the poisonous germs has not yet been determined; but an instance came under the observation of the commission, where a mosquito, after 51 days infected a subject with a pronounced case of yellow fever. The mosquito of the yellow fever type is smaller than the mosquito of the malaria type. It is a distinct species and propogates day and night."

On the motion of Dr. Wild a movement has been started to induce all American governments to send delegates to a congress called particularly for the purpose of studdying yellow fever, the delegates to remain in session several months.

THE CIRCLE OF SPORT.

Harry Watkins, of the Indianapolis club, said to a Sentinel representative at Indianapolis this week that all talk about the failure of the American association, of which he is a member, is bosh. The association will go through and the National league and its associates will come out on top, the same as ever.

Mugsy McGraw is hot and says "Clarke has not been taken into the confidence of the National league stars, and, bear in mind what I say, he doesn't know what he is talking about. A few more weeks and there will be no longer need of secresy, and the National league, the four-flush American association and the doubting Thomases will have a few paroxysms of rage, chagrin and not a little fear at the developments."

Harry Truby, a very fair second-sacker a few summers ago, is making an attempt to organize a minor league, to include the cities of Ironton, Portsmouth, Chillicothe and Greenfield, O.; Maysville, Ky., and some other "metropolis" not yet mentioned.

They have it in Pittsburg that "Paddy" Donovan, of the Cardinals, will be married in the spring. She is a smokeville lassie whom "Paddy" has been sweet on for the past several years.

Governor Nash, of Ohio, may not be much of a prize fighter, but he proposes to show 'em who is champion in Ohio anyway if it takes $50,000 to do it.

FOR ARMY HOSPITAL CORPS

FORT WAYNE RECRUITING STATION WANTS MEN.

Trio of New Soldiers From Columbia City—Lieutenant Yule Gets a Promotion.

This morning Lieutenant Yule, at the Fort Wayne recruiting station, received orders from the surgeon general's office directing him to receive enlistments for the hospital corps of the United States army. It is not necessary that the applicant have had previous experience, but any bright, healthy, active young man with a common school education will be desirable.

The recruiting officer has been visiting a number of the smaller surrounding towns in the interest of the service, and last evening returned from Columbia City with Harry A. Taylor, Ernest B. Hendener and Sylvester Dillon, who have enlisted for the infantry service in the Philippines.

Lieutenant Yule has been notified that his recent examination was satisfactory, and that as soon as a vacancy occurs he will be advanced to the grade of first lieutenant in the regular service.

A bill is before the federal council of Germany providing that the time of study shall be for medical students five years instead of the present term of four and a half.

NOTES OF THE DAY.

Some changes are about to take place in the uniforms of the German army, bright buttons being replaced by dark ones and the Prussian blue of the tunic by a greyish-brown tint

Sistereville, W. Va., which is in a rich oil and gas country, got its name from the fact that an apparently valueless tract of 1,500 acres was given to seven sisters, and consequently called "sisters' farm." A little prospecting showed the land to be immensely valuable, and a growing town of some thousands of inhabitants now occupies the farm.

There are only four statutes in the United Kingdom erected to the memory of women other than royalties. The first statue of a woman erected in England was that of Sister Dora, the Walsall nurse; the second was that of Mrs. Siddons, the third Flora Macdonald, and the fourth that unveiled at Dunoon a year or two ago in memory of Burns' "Highland Mary."

Seal skins are obtained on three islands of Siberia—on Bering and Copper Islands (the Commodore group), to the east of Kamchatka, and on Robben Island, a few miles south of Cape Patience on the eastern coast of Sakalin Island. On the beaches of these islands the fur seals have their rookeries, where they stay during the summer, spending the winter near the coasts of Japan.

Notwithstanding the length of time which has passed away since the famous wrecks of the Trenton and Vandalia at Apia, Samoan islands, the native divers of that harbor continue to discover objects of curiosity and interest at intervals. Under the arrangement between the United States and King Malietoa such articles as may be recovered are regarded as the property of the rescuer.

About fifty friends of Sheriff and Mrs. George Stout perpetrated an enjoyable surprise upon them last evening. The company was made up largely from the congregation of Christ's Lutheran church, and Rev. L. J. Motschman and family accompanied them. A superb oyster supper was one of the features of the pleasant occasion.

A sleigh was overturned at Main and Calhoun streets last evening and the occupants, Mrs. Swift and her two children, who reside near Robison park, where thrown violently to the pavement, but escaped serious injuries, though they were so wrapped in the laprobes as to be almost helpless. The sleigh was damaged and the horse started to run away, but was captured at once.

Mrs. H. B. Toby charmingly entertained a large company of ladies at cards Wednesday afternoon. The rooms had been handsomely decorated by Miss Flick, the reception room in red and green, while the library and sitting room were in white and green. A three-course luncheon was served, and Miss Winnifred Dougall and Miss Nellie Lawson assisted the hostess. Mrs. Seymour Boyd and Mrs. Fred Zollars were tied for the high prize, and in the decision Mrs. Boyd won. The high prize for points went to Mrs. I. Mautner, and Mrs. Leroy Hartzler was awarded the booby.

Easy Colds

Are you frequently hoarse? Do you have that annoying tickling in your throat? Would you feel relieved if you could raise something? Does your cough annoy you at night, and do you raise more mucus in the morning?

Then you should always keep on hand a bottle of

Ayer's Cherry Pectoral

If you have a weak throat, you cannot be too careful. You cannot begin treatment too early. Each cold makes you more liable to another, and the last one is always the harder to cure.

Three sizes: 25c., 50c., $1.00

If your druggist cannot supply you, send us one dollar and we will express a large bottle to you, charges prepaid. Be sure and give us your nearest express office. Address, J. C. AYER CO., Lowell, Mass.

FORT WAYNE STILL IN IT.

[Lafayette Courier.]

Within the next week or so something definite will be known in regard to the proposed towpath interurban electric railway from Fort Wayne through Lafayette. The surveyors have completed their work in this part of the county and before long the general plan will be made known. It now seems to be an assured fact that the line will be constructed, everying depending on the action of Mr. Stirk the owner of the canal towpath. The eastern capitalists are favorably impressed with the field and the line, as it is planned, will be one of the best paying institutions in the state. It connects Fort Wayne, Wabash, Huntington, Peru Logansport, Delphi and Lafayette and if it is run through to the south will touch at Attica, Covington and then run into the great Indiana coal fields. Information received today would indicate that the road is a certainty, barring the provisional slip of the cup.

INJURED IN A FALL.

Mrs. A. C. McClaren slipped upon an icy step at her West Main street home this morning, breaking the right arm at the wrist and dislocating the thumb. Dr. A. K. Hammond dressed the injury.

WHAT JIM M'DONALD PRINTS.

[Goshen Democrat.]

James E. McDonald is president of the state board of agriculture and is also editor of the Ligonier Banner. Mr. McDonald uses in his paper a syndicate letter giving the news of the legislature, and when he received a copy of his paper he was disgusted to find in it a very handsome "roast" of James E. McDonald as a lobbyist.

At this time of year the annual statements of the great life insurance companies of the country are published. The year 1900 was one of unusual prosperity and in general accord with this is the showing made by the Prudential Insurance Company of America. The officers of the company may well feel proud of its record for 1900, and it annual report from which a few figures given below are taken, should inspire confidence in its policy holders and in those persons contemplating taking out life insurance. The Prudential has in force at the present time over $604,000,000 of insurance. More than $249,000,000 of insurance was written and placed during 1900. The Prudential has paid its policy holders in twenty-five years over $49,000,000, of which amount $7,000,000 was paid beneficiaries during the year 1900. The surplus at the present time amounts to considerably over $6,000,000, while the records at the end of 1900 reveal the fact that there are over 4,000,000 policies in force. The company has assets amounting to over $40,000,000.

About crackers being unpalatable—it is because you haven't got the right kind. Get Fox's new style "Forex" Butters and see the difference. The great success of Fox's crackers has led others to imitate them, but the new shape has been patented and you can not be imposed upon if you will insist upon your grocer giving them to you.

CARD OF THANKS.

I take this way to thank the officers and members of the Allen County Mutual Burial Association for their prompt payment of the benefit due me at the death of my late husband, Joseph A. Carrey, of 152 Hollman St., therefore, I would recommend the same to my neighbors and friends.

THE SCISSORS EDITOR.

Huntington Herald: "Judge W. J. Vesey, of Fort Wayne, is occupying the bench in circuit court this week, hearing cases in which Judge Branyan is disqualified. Judge Branyan will look after the disposition of probate matters.—Machinist S. S. Moore and family arrived home Saturday from Fort Wayne, where they have been for three weeks on account of the critical illness terminating in the death of Mr. Moore's father, Lucas Moore."

Columbia City Post: "Mrs. B. F. Hively and son departed Wednesday for Fort Wayne to join Mr. Hively. They will make their future home in the Summit City. Mrs. Rachael Wagner, mother of Mrs. Hively, accompanied them.—The United States recruiting officer has so far accepted three young men in this city to do duty in the Philippines. They are Harry Taylor, Ernest Hordner and Sylvester Dillon. The new members were sent to Fort Wayne Wednesday afternoon and will soon leave for some western point."

Bluffton Banner: "Mrs. K. O. Bly went to Fort Wayne yesterday on an extended visit with relatives."

Bluffton News: "F. P. Adams was in Fort Wayne yesterday and bought a new stave cutting machine for his factory. The new cutter will arrive from Rochester, N. Y., in about ten days and will be put in use at once.—S. A. Scheuer and S. M. Hexter, two Chicago railroad men, representing big money interests, were in the city today. They have a project in view for an electric railway to be constructed from Muncie to Fort Wayne to take in Hartford City, Montpelier, Bluffton, Ossian and other intermediate points. They stated to a News reporter that their present trip was only a preliminary one to look over the field and that they had decided on nothing definite. They intend to build an electric line, but have not decided on the route, and it may run out of Muncie in a different direction and leave Bluffton out entirely."

Huntington Democrat: "Mrs. Eugene LaPointe will go to Fort Wayne tomorrow to remain over Sunday with her daughter, Mrs. D. D. Williams. Miss Gertrude LaPointe will go to the same place Saturday evening.—Joseph Stults and son, Jacob, went to Fort Wayne this morning in response to a telegram informing them that Dr. Charles Stults' condition is worse."

Wabash Plaindealer: "The Wabash may build the line anyway, but the chances are that the big shop at Fort Wayne will be removed to Peru."

Indianapolis News: "The street railway company of Columbus, Ohio, has accepted a franchise which requires it to sell seven tickets for a quarter at present and eight a little later, with universal transfers."

Peru Journal: "The Journal called the turn all right in the result of the Fort Wayne subsidy election. Our article published in Monday's paper foretold what was to happen and the causes to that end about as perfectly as it could be written today.—Some of the best posted railroad people in the city are of the opinion that the subsidy proposed at Fort Wayne for the Wabash would not have injured Peru materially, even if it had carried, but all express themselves as feeling just as well satisfied that it failed. We observe that."

Portland Commercial: "Lew V. Ulrey, of Fort Wayne, state deputy of the Pathfinders, is in the city for a few days, assisting W. R. Sprinkle."

Bluffton Banner: "Chester Thorpe went to Fort Wayne today to begin work for the A. L. Johns & Co. saddlery firm."

It happens so seldom that it is refreshing to see in a royal marriage a pretty love match. All the world must wish Queen Wilhelmina and her German duke long life and unbroken happiness.

Diamond Match company reports the best year in its history, big dividends and surplus. A match is such a trifle that, familiar though it is, the average citizen may be surprised to learn that one company consumed 60,000,000 feet of lumber in one year in the manufacture of the little things.

That bill before the New York legislature to prohibit the use of type smaller than a certain size in newspaper and other public printed matter, may be classed as paternal legislation, but the drafter of the measure, by tacking it on to the health law on the ground that fine type is ruinous to the eyes, shows his appreciation of the fact that newspaper reading is one of the necessaries of life and cannot be dispensed with.

Topeka's chief of police frankly avows sympathy with Mrs. Nation's saloon smashing, though he performs his duty and arrests here every time she makes an attack. Obviously the magistrate shares the chief's feeling, for as often as the woman is brought before him he discharges her. But Mrs. Nation goes entirely too far when she advises school children to throw stones through saloon windows. School children are not capable of distinguishing between a joint" that is illegal and a store inst which they may happen to e a personal grievance.

THE NEXT GREAT BATTLE.

In the current number of the Atlantic Monthly, Brooks Adams prints an interesting review of the tatistics which have made the United States the foremost industrial nation of the world, of the events which led up to that supremacy, of the look for the future and of the dangers which threaten us. It is a keen-

gers which threaten us.

The movement which has culminated in our present industrial expansion began some thirty years ago, and, in Mr. Adams' opinion, originated in the fall in prices of agricultural products. At that time Great Britain had been for fully a century easily the dominant commercial power. English agricultural lands, however, were expected to make two profits—one for the farmer who actually cultivated them, and one for the landlord. The reduced returns from agriculture practically ruined the farmer and dealt the country a well-nigh fatal blow. America was then largely an agricultural country and the fall also brought disaster to the people. It caused them, however, to turn their attention to the development of the other resources of the land, and while weakening England in the end made our country individually stronger.

The salvation of our country at that time, says Mr. Adams, was the railroads, and our hope for the future lies in the great combinations of capital which we have feared and discouraged, but which are a natural and inevitable outgrowth of our industrial necessities. In 1860 we could not compete with Great Britain in either the grain, iron, coal or meat trades because the expense of freighting our products to the seaboard was prohibitive. In 1865 we had but 35,000 miles of railroad, but after the civil war the nation entered upon a period of construction and did not rest until it boasted of 160,000 miles which cost $10,000,000,000. We burdened oursevles with a great debt to Europe in order to do it, but it enabled us to place our food products on the market at prices which soon made us the granary of the world. Eventually competition forced down prices, the railroads were no longer able to earn fixed charges, and it became necessary to reorganize them on a new basis. It was a trying ordeal, but the country survived it. Being no longer able to exist solely on our trade in food products, we were forced into becoming a manufacturing people, and compelled to enter the foreign market in competition with the older industrial powers. Under the influence of hard times and stern necessity, "in March, 1897, the vast consolidation of mines, foundries, railroads and steamship companies, centralized at Pittsburg, began producing steel rails at $18 a ton, and at a bound America bestrode the world."

We are bound, Mr. Adams says, to expand, and it seems a self-evident proposition, but our expansion, in whatever direction it may be, will be bitterly contested. Mr. Adams expects to see all Europe not only arrayed against us in an industrial warfare, but united by treaties and industrial combinations to fight us as a common foe. The struggle will be a life and death contest, but, he thinks, we have the railroads, the mines, the lands, and now, thanks to the combinations, the necessary industrial organization with which to wage a winning fight.

FOUR HUNDRED DROWNED.

Vancouver, B C., Feb. 7. — The steamer Empress of China, which has just arrived here from Yokohoma reports that on Jan. 10 sixty fishing boats near Hashidate, were wrecked and of 4410 fishermen only 18 escaped. A politicial crisis in Korea has been caused by accusations of treason against cabinet ministers. The accuser is Li Youin, who gained notoriety in connection with the judicial cruelties practiced againsts An And Kwong last year The accused are Pak Che Sun, Korean minister of foreign affairs; King Yuen Chin, minister of finance. Kwon Chaih Mong, minister of agriculture and Li Yong Pik, minister of commerce. The charge against them is collusion with the Korean fugitives in Japan.

The vernacular press asserts that Li Yuin is acting at the inspiration of the "American clique," who, it is alleged, desire to obtain the removal of the four ministers mentioned as they stand in the way of certain enterprises contemplated by United States capitalists.

A BOY'S SUICIDE

BROODED OVER DISGRACE OF A LOST REPUTATION.

A TRAGEDY AT LOGANSPORT

FLOYD VINEY GOT DRUNK AND PLAYED DESPERADO.

A BURGLAR'S BOLD ASSAULT

GENERAL NEWS OF THE STATE OF INDIANA.

Logansport, Ind., Feb 7.—Believing he had irretrievably lost his reputation, Floyd Viney, son of one of the most prominent families of this city, who while intoxicated terrorized the residents of the east end Tuesday evening, committed suicide yesterday afternoon The young man started out to play desperado Tuesday and entered several saloons driving the occupants from the buildings at the point of a revolver. H was afterward apprehended on the street by an officer, who disarmed him and sent him home. Young Viney brooded over his recklessnes. of Tuesday and yesterday afternoon in a fit of remorse he swallowed the contents of two boxes of "rough on rats." death resulting within a short time.

A BURGLAR'S BOLD JOB.

Marion, Ind., Feb 7.—When Mrs Ed Hollowell answered a knock on her door last night she was struck in the face by a man and was rendered unconscious by the blow, while the man made a thorough search through the house. He secured several dollars in money, some pieces of valuable jewelry and a gold watch, which he dropped in making his escape. People were passing on the street at the time of the robbery, but the victim was knocked unconscious before she had time to scream She recovered before the man had left the house and raised an outcry. There were several plain clothes policemen in the vicinity and they arrived on the scene at once, but were unable to find the man. The description of him given by Mrs. Hollowell tallies exactly with descriptions of the man who has made all the holdups in the last two weeks. There has been an average of two hold-ups a night here for the past eleven days, with absolutely no clew to the assailants.

FORCING AN ISSUE.

Delphi, Ind., Feb. 7.—The Burlington road question took an interesting turn Tuesday afternoon. Some time ago the turnpike company intimated that damage suits against the county were likely to result, owing to the condition of the road, due to the mob of dynamiters that blew up the company bridges and toll houses because of alleged poor service. The county appointed appraisers to view the road, and the result was an offer of $212 a mile for the nine miles owned by the company in this county. This offer was refused, the company holding out for $500 a mile. At a joint session of the county council and the county commissioners Tuesday afternoon $50 was appropriated with which to make temporary repairs on the bridges, and $500 was set aside with which to test the turnpike company's rights to the road, the company being given until the 1st of March to accept the offer of $212 a mile. It is contended that the company has forfeited its right to the road.

BLEATED LIKE A GOAT.

Montpelier, Ind., Feb. 7.—While Jack Grinder and a number of his associates, like himself employed in the oil field, were drinking in a saloon, John Dungerfield,an old farmer, and wearing long whiskers, entered, and the crowd began "kidding" him, at the same time inviting him to drink. As Dangerfield was setting down his glass Grinder ran his hand up under his whiskers and made a noise like a goat. Dangerfield made no reply, but immediately turned and left the saloon, reappearing soon with a large knife. Stepping close to Grinder, he slashed him in the temple, the blade running down to his throat and severing a large artery, inflicting a very dangerous injury. Dangerfield was arrested, but was afterward released on $300 bond.

THE SHORTAGE IS $1,782.37.

Goshen, Ind., Feb. 7.—Delos N. Weaver, of Elkhart, employed by the finance committee of the city council to audit the accounts of ex-City Clerk Wolfe, makes a report showing the shortage to be $1,782.37. The bondsmen are preparing to resist payment, claiming that the mayor and city council sustained Clerk Wolfe in his refusal to submit quarterly reports of the city's financial condition, as provided by city ordinance. George A. Beck has been elected city clerk, vice Wolfe removed. He is democratic in politics, and until recently claim agent for the Lake Shore and Michigan Southern railway.

CHARGE OF CRIMINAL LIBEL.

Wabash, Ind. Feb. 7.—George W. Small, of Rich Valley, this county, was arrested last night on charge of criminal libeel preferred by Gail Thompson, a former tenant. Thompson alleges that he intended removing to Logansport and that Mr. Small wrote several letters reflecting on his business standing.

ENDOWMENT OF $50,000.

Wabash, Ind., Feb. 7.—Daniel Koeuer of Liberty, has donated $500 to the Cenetral College of the United Brethren church. In the last three months the school has received $15,000 in donations. The college now has an endowment fund of $50,000.

STILL HUNTING FOR A FIGHT.

Evansville, Ind., Feb. 7.—Fred Wagner, who served in the United States army in the Philippines, and was wounded in three different engagements, re-enlisted here yesterday. Wagner was within ten feet of General Lawton when he fell.

VINDICATION FOR MILLER.

Wabash, Ind, Feb. 7.—The suits of the state against Aaron Miller, ex-commissioner of Kosciusko county, has been dismissed in the Wabash circuit court. Miller was charged with getting the commissioners to buy a steel tank for $185, the actual price being $127, while Miller pocketed the difference. The case has been heard twice, when the juries disagreed, and the state will not prosecute further. This is regarded as a vindication for Miller.

ALMOST A JAIL DELIVERY.

Kokomo, Ind. Feb. 7.—Yesterday, while Sheriff Harness was passing through the jail corridor to the women's department on the upper floor, heard a peculiar rattling noise below. He detected Charles Morris, in jail for house-breaking in the act of unfastening a clasp while his arm was squeezed through the bars. In a moment more twenty prisoners would have made their escape. The sheriff pulled his revolver and the prisoner retired into his cell.

DEATH OF AN OLD SETTLER.

Huntington, Ind., Feb. 7.—George Stetzel, one of the oldest residents of Huntington, died yesterday on the Stetzel homestead, near this city. He was nearly ninety-three years old and settled here in the wilderness sixty years ago, clearing up the farm on which he died.

SHIPS CREW MUTINIES.

New York, Feb. 7.—The Standard Oil Company's big new sailing ship Astral, which has been anchored outside Sandy Hook bar since sailing Sunday for Shanghai laden with case oil and on board of which mutiny was reported yesterday, her crew of 26 seamen refusing to work, was still in the same place this morning. The United States revenue cutter Gresham which tried to board the ship yesterday but failed owing to the heavy gale blowing, and came up the bay last night, passed out of the harbor last night, passed out of Sandy Hook early today and the marine observer reported her two hours later lying astern of the ship and the tug John Nicholas also near by. The wind is now fresh west-northwest, blowing about twenty miles.

WILL TRY HIM FOR MURDER.

Sacramento, Cal., Feb. 7.—Michigan officers are enroute here for Henry Green, who on Christmas night walked into the police station and confessed the murder of Owen Feeney, in Michigan twenty-five years ago. Green retracted his confession the next day but was not released.

$100 Reward $100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. GAVE THE INSURGENTS AID

LEADING MANILA MERCHANTS ARE ACCUSED.

Spaniard and American Arrested for Furnishing Supplies to Filipino Army.

Manila, Feb. 7. — Theodorio Carranza, a prominent and wealthy Spanish merchant and hemp and cocoanut buyer, and his partner, D. M. Carman, were arrested yesterday afternoon charged with furnishing supplies to aid the insurgents. Carman is an American contractor and owner of boats, who had considerable transportation contracts with the government.

The provost marshal and secret service officers have been watching a number of merchants and transportation men for some time past. The police officials have had a long interview with Carranza and the arrest of several merchants is expected to result.

PAID ASSESSMENTS.

At the close of the interview Carranz was placed in confinement in the Anda street police station. Carman was arrested later and, after considerable questioning was sent to the same station.

The men are charged wth the conducting of the business of buying copra—the dried kernal of the cocoanut broken up for export—from insurgent presidentes at Pagsanjan de Bay, and also with paying assessment for the insurgent cause. The evidence adduced last night was to the effect that the prisoners have supplies of the striped clothing used for insurgent uniforms.

Both the insurgent presidentes who claim to have dealt with Carranza and Carman, are now imprisoned in Manila. One of them, Fabella, fears hanging, because he was captured as an insurgent after having sworn allegiance to the United States. He made strong statements tending to implicate Carman and Carranza and confirming the statements of Reyes, who became presidente of Pagsanjan after Fabella's arrest.

SOUGHT FABELLA'S RELEASE.

The police have letters and verbal statements from Carman which sought Fabella's release, asserting that he was a patriotic American subject. According to papers found, both the presidentes are culpable insurgents, but deny contributing to their cause or furnishsing them with supplies.

Carman is one of the best known Americans in Manila. He has a monopoly of carrying goods going throught the custom house ashore from the ships, and has made a great deal of money. He possessed the confidence of Gen. Otis. Other Manila merchants are being investigated.

The amended provincial government bill has been passed and the commission will leave here Tuesday to organize governments in the provinces of Pampanga, Pangasinan and Tarlac. After the commissioners return from their tour they will organize Zambales, Bataan, Bulacan, Nueva Ecijas and Cagayan. The latter, a northern province, is added by Gen. MacArthur to the list of those regarded as ready for provincial government.

The commission hs been visited by six head hunting Igorrotes from the province of Bontoo. They were immensely entertained by the sights of Manila and expressed a liking for Americans.

The generals have been much congratulated on President McKinley's nominations.

PROTECTION FOR AGRICULTURE

Berlin, Feb. 7.—At a session of the German agricultural council, Count Von Buelow, the imperial chancellor, made a strong speech regarding the "vital importance of protecting and fostering German agriculture." He declared that he would look after agriculture not only as a duty of chancellor, but as a personal matter, and with all his heart. "To this I pledge my name," he exclaimed, "a name whose bearers have cultivated German soil for centuries."

IT HAS BEEN FULLY demonstrated that Ely's Cream Balm is a specific for Nasal Catarrh and cold in the head. This distinction has been achieved only as the result of continued successful use. A morbid condition of the membrane in the nasal passages can be cured by this purifying and healing treatment. Sold by druggists or it will be mailed for 50 cents by Ely Brothers, 56 Warren Street, New York. It spreads over the membrane, is absorbed and relief is immediate.

PORTS NOW OPEN.

Washington, Feb. 7.—The state department has been informed by United States Consul Ingersol at Cartegena, Columbia, that the decree which has been in effect for some time past closing the ports of Toli, Covenas and other points on the Gulf of Moorsquillo, has been rescinded, and the ports have been opened again to commerce.

WAYNE DRY GOODS CO.

SALE UNUSUAL.

A REGULAR METROPOLITAN SILK SALE

Beginning Friday Morning.

One of the largest Importing Houses in the United States decided that, for reasons best known to themselves, their immense stock of Fancy Silks must be turned into money by a certain date. Their plan to accomplish this is to consign to several dealers in various parts of the country a portion of their stock, they to offer it for sale, for ten days, at prices which will insure the disposal of all, or the greater part of it, the unsold balance returned to them at the end of the ten days to be re-assorted and reshipped to some other point.

How the Wayne Dry Goods Co. became one of the consignees it is not necessary to explain. The important and interesting point for you is that at our store you will have an opportunity of selecting from thousands of yards and hundreds of styles of silks in qualities none of which retailed at less than $1,00, others at $1.25 and many of them never having been sold at less than $1.50, of which you are to have your choice, in any amounts you wish, at the seemingly ridiculous price of 69c a yard.

This may, to you, have somewhat the appearance of a "fake." We can assure you, however, that there is nothing of this character about it, as we could not afford to be connected with it.

The goods are genuine, the qualities real and the price a fact.

Remember the sale begins Friday morning and lasts but for ten days.

HUNDREDS PERISH

TERRIBLE LOSS OF LIFE IN BAKU CATASTROPHE.

FIRES BREAK OUT AFRESH

FIVE HUNDRED LIVES SAID TO HAVE BEEN LOST.

TENEMENT HOUSE BURNED

EXTENT OF THE DISASTER IS NOT FULLY KNOWN.

St. Petersburg, Feb. 7.—A dispatch to the Rossija from Baku says five hundred persons perished in the conflagration there. The flames are again beyond control.

The Rossija's Baku special adds that the police station, ten large tenements, 500,000 tons of mazout, 350,000 tons of naphtha and all the Rothschild reservoirs were burned.

The Journal of Commerce and Industry says Tnmouse Lake is burning. The mazout caused explosions which killed many of the spectators.

EXTENT OF LOSS UNKNOWN.

St. Petersburg, Feb. 7.—It is feared that the fatalities resulting from the great petroleum fire at Baku will reach into the hundreds.

The full extent of the disaster, however, is not yet known.

The latest information indicates that the fire has been brought under control.

MARRIAGE LICENSES.

Ernst Schroeder and Martha Scheimann.

Henry A. Schaaf and Nina M. Summers.

Peter S. Haines and Louise Youquetlet.

CONDUCTOR INJURED.

Charles Lonergan, a conductor on the Grand Rapids and Indiana railroad, was badly injured yesterday. While at work transferring freight at Luna, Ind., a stove, which he was handling, fell and fractured the bone in his knee. He was taken to his home at 86 Lillie street, where Dr. E. J. McOscar, the company surgeon, is attending him.

BLAZE ON EWING STREET.

The fire department was called to the McPhail residence at No. 192 Ewing street shortly after noon today. In some manner the fire was communicated from the chimney to the side wall of the house, which was of frame. A smart blaze was burning when it was discovered and the alarm sent in. The chemical engine was the first to arrive and succeeded in speedily checking the flame before any material damage was done. The loss is nominal and is covered by insurance.

THE DAY IN CONGRESS.

Washington, Feb. 7.—The senate today passed the pension appropriaton bill and then took up the ship subsidy bill, Mr. McLaren, of South Carolina, speaking in favor of the measure.

The postoffice appropriation bill was passed in the house.

TO CURE THE GRIP.

Advice of a Famous Physician.

First and foremost, REST.

Take care of yourself. Your already weakened nerves want rest and must have it. If the attack is severe go to bed and remain there. More fatalities result from neglect of this precaution than from any other cause.

Eat sparingly. Your digestive organs are in no condition to take care of large quantities of food.

Drink plenty of pure, cold water. It allays the fever, stimulates the kidneys to action and opens up the pores of the skin. Keep the bowels open with Dr. Miles' Nerve and Liver Pills.

Take three doses of Dr. Miles' Nervine per day, and if you cannot sleep, take an extra dose at bed time. To further control the fever and to overcome the peculiar aches and pains of grip, use Dr. Miles' Pain Pills. They act quickly and effectually and no bad effects result from their use. These remedies have been thoroughly tested more than a million times and their efficiency is thoroughly established. They never fail to give relief.

Dr. Miles' Remedies can be found at any drug store and they are sold on a positive guarantee that first bottle or package benefits or money refunded.

ARE WEDDED THIS AFTERNOON

MISS FOELLINGER BECOMES MRS. W. C. ROEMBKE.

Ceremony Occurs at 5 O'clock—Mrs. Louisa Yoquelet and Peter Haines Are Married.

The marriage of Miss Augusta Foellinger and William C. Roembke takes place at 5 o'clock this evening at the home of the bride, 213 West DeWald street. Rev. Philip Wambsganss, pastor of Emmaus Lutheran church, will perform the ceremony in the presence of about fifty close friends of the bride and groom.

The bride will be attended by her sister, Miss Julia Foellinger, and by Miss Marion Roembke, sister of the groom. The home is charmingly decorated for the occasion and following the elaborate wedding supper the choir of Emanuel's Lutheran church, of which both bride and groom are members, will serenade the wedding party.

Miss Foellinger is the accomplished daughter of Martin Foellinger, and Mr. Roembke is a popular clerk at the Bell clothing house. They will immediately begin housekeeping at their new home, 85 Oakley street.

ABOUT THE COURT HOUSE.

The board of canvassers of the railroad election met in the assembly room of the court house this morning and canvassed the vote of the township. The official returns showed very slight changes from the figures given out by the newspapers yesterday. The total vote cast was 6,010, of which 1,569 were for the proposition and 4,441 were against it. The inspectors got in four days on the job and will collect $8 each.

The case of Wyatt vs. Root has gone to the superior court jury. It was a case for damages in which the plaintiff sues for having been run down on a public highway by a man riding a bicycle.

In the case of Bandt vs. Gerke the defendant was ruled to answer.

The suit of Annie Grieb vs. Mary Grieb for partition was settled and dismissed in the circuit court.

Judge O'Rourke will hear the case of the state vs. Arlias Boals on the 27th.

Charles Himmelberger, who was sent to the reformatory from this county in January, 1899, has been discharged. He was paroled in February of last year and the discharge says that uniform good conduct while in the institution and while on parole indicates complete reformation and entitle him to a discharge from custody and surveillance.

D. L. Dresser sues Salem Bashara for $250 on draft and account.

The county commissioners have been unofficially informed that the promoters of the Butler railroad subsidy would make a demand for the return of the $2,500 which they deposited to secure the expenses of the election held Tuesday. There has, as yet, been no formal demand made on them for the money, and the commissioners say they can not conceive by what process they can be made to return it if the demand is made.

The Allen County Medical society will meet in the assembly room of the court house next Tuesday evening.

A petition has been presented to the county commissioners for the establishment of a road in Eel River township known as the McCormick road. The same road was up once before, but the petition was dismissed on account of insufficiency. No action has yet been taken on it.

The case of Eli Sear vs. Florence Gillien has been appealed from France's court to the circuit court.

IN JUSTICES' COURTS.

In Husel's court John Bruns has filed an affidavit against William Yergens, sr., charging provoke. Dr. L. A. Worch recently bought a piece of property from Mr. Yergens and after the sale was consummated Bruns asked Yergens for a commission for conducting the sale. Yergens denied that he had contributed in any way to the consummation of the sale and thought all the while that he was simply interesting himself in behalf of his sister, Mrs. Worch. However, to prevent trouble, he gave him $5. Bruns did not consider that satisfactory, and yesterday sued Yergens for his commission. He lost the case, and now charges that Yergens provoked him. The case will be heard this afternoon.

L. C. Schlaudroff has filed an affidavit in France's court charging Louis Snider with beating his wife, Dora. Snider was arrested and placed under bond to appear in court this afternoon. He pleads not guilty to the charge and will contest it.

A bartender, whose name is unknown, employed by Joseph Christen, has been arrested for selling liquor to minors. He will be tried in Husel's court.

An affidavit has been filed before Justice Tancey charging Merton Kimes, a school teacher near Woodburn, with having brutally whipped a lad named Frederick Ruffing. Constable Bagby has gone to Woodburn to make the arrest. Woodburn has not had a case in a Fort Wayne court for nearly a week and things were getting too slow down there, so the teacher probably thought he would whoop things up a little.

HOUSE DEMOCRATS CAUCUS

WILL MAKE FIGHT ON THE CHARTER BILLS

Question of Position on Bill for Governor's Mansion is Left Open for the Present.

(Special to The Sentinel.)

Indianapolis, Feb. 7.—The democrats of the house held a secret caucus last night and decided to oppose the charter changes proposed for Fort Wayne, which have been made a caucus measure by the senate republicans. The caucus decided to leave open the question of position on the proposed state mansion for the governor and agreed to support the measure to establish office of state veterinarian; also to oppose the bill to make terms of county officers begin in January.

The senate today passed the bill to advance the salary of state superintendent of public instruction to $3,000. A favorable report was adopted on the bill to put congressional candidates on state ballots.

The house passed the boiler inspection bill, the senate bill appropriating $34,000 for soldiers' monument, and a bill providing for minority representation on school boards. A favorable report was adopted on Neal's mileage bill.

FOR SHATTERED NERVES.

A remedy that will soothe, build up the wasted tissues and enrich the blood is indispensable. Lichty's Celery Nerve Compound has been wonderfully successful in cases of nervousness, as thousands of grateful people will testify. Sold by Dreier & Bro., corner Calhoun and Columbia streets.

MANY KILLED IN A RIOT.

London, Feb. 7.—The Daily Express this morning publishes sensational started for Homburg this morning. dispatches from Vienna and Budapesth to the effect that papers in those cities assert that between twenty and thirty people were killed in a riot at Marosh-Vasarhely.

POWDER MILLS BLOWN UP.

Portland, Maine, Feb. 7.—Part of the Oriental powder mills at New Hall was demolished by an explosion early this forenoon. Two employes were blown to atoms.

LADY CURZON WELL.

Calcutta, Feb. 7.—The health of Lady Curzon, wife of the viceroy of India, Lord Curzon, of Keddlestone, is excellent. The rumors that she will not return to India are unfounded.

TO CONFER WITH KAISER.

Berlin, Feb. 7.—Baron Von Buelow started for Homberg this morning. He will confer with Emperor William at that place.

EARL OF GALLOWAY DEAD.

London, Feb. 7.—The earl of Galloway died at Camloden today.

"Grip robbed me of my sleep and I was nearly crazed with neuralgia and headache. Dr. Miles' Pain Pills and Nervine cured me."—Mrs. Pearl Bush, Holland, Mich.

"My stomach was affected by grip and I could eat nothing but crackers and milk. I began taking Dr. Miles' Nervine and Pain Pills and the trouble disappeared."—Mrs. J. Lindsey, Montrose, Minn.

"When I was prostrated with grip and my heart and nerves were in bad shape, Dr. Miles' Nervine and Heart Cure gave me new life and health."—Mrs. Geo. Colle, Elgin, Ill.

"I had been in bed three weeks with grip when my husband brought me Dr. Miles' Nervine, Pain Pills and Nerve and Liver Pills. I was cured."—Mrs. J. Beinier, Franklin, Ind.

The East End Pedro club gave a very delightful sleighing party last evening to the home of Mr. and Mrs. Henry Neitre, four miles east of the city. Games and dancing were the features of the evening, and at midnight a delicious supper was served.

MR. REED RETURNS.

W. S. Reed returned last evening from an extended business trip in the interest of the Fort Wayne Electric Railway company. He says every bit of material ordered in the line has been ordered, and while east he inspected the cars which are being built by the Jackson & Sharpe company at Wilmington, Del. Mr. Reed says they will be larger and handsomer than any heretofore used in electric railway service and are to be about the size of an ordinary passenger coach.

NEW CHURCH ORGANIZED.

At the rooms of Mr. and Mrs. I. N. Woods, on East Washington street, last evening, a new church was organized and incorporated. This church will be known as the Second Christian Science church and will hold its meetings, beginning next Sunday morning, in the little church on Harrison street, between Wayne and Washington streets. Mrs. Woods was appointed first reader and Mr. Woods second reader of the new church. Mrs. Heiser was elected treasurer and Howard Winch secretary for the ensuing year. The Scientists heretofore met in their rooms in Harmony hall, but owing to the rapid growth of the church it became necessary to divide. The first church still meets in Harmony hall and the Second church has gone to its new home.

Thompson's WABASH MEXICO TOURS. Leaving Feb. 27, 1901.

There are a number of Fort Wayne people who have been giving the above grand thirty days' educational tour of Old Mexico consideration. The time has now arrived when a decision must be made, as bookings are being made daily and when the sixty limit is reached no more can be taken. This will be the most complete winter pilgrimage to strange Old Mexico that has ever been undertaken, and a trip of a life time. A special low rate will be offered Fort Wayne people, the same to be quoted on application to the Wabash station. Please do not delay securing your sleeping car reservations and membership credentials, as we shall absolutely decline to make additional bookings when sixty names are enrolled.

We will travel in a superbly appointed Pullman train, having dining car, drawing room, sleepers and ladies' library and observation car and make HOTEL SANZ headquarters in Mexico City; only tour going to that new and elegant hotel.

WEDDED AT WAYNE CLUB.

Miss Sarah Jacobson, of this city, and Mr. Michael Krohn, of Edmore, Mich., were united in marriage at noon Wednesday at the salon of the Wayne club, Rabbi Frederick Cohn officiating. The impressive service of the Jewish church was used, and rings were exchanged by the bride and groom. The bride was given away by her mother, and a brother of the groom, Mr. Ike Krohn, assisted in passing the wine during the ceremony. The bride's gown was of white mousselin with Valenciennes lace trimmings, and her flowers were white hyacinths. The wedding breakfast was served in the club dining room, the table being decorated with pink carnations and plumosus. Only immediate friends of the bridal couple were present, the out-of-town guests being Mr. and Mrs. Leo Erlich, of Lansing, and Isaac Krohn. Mr. and Mrs. Krohn left at once for a wedding tour, and will reside at Edmore, Mich., where the groom is in business. Mrs. Krohn is a sister of Mrs. Max B. Fisher and Mrs. Harry N. Jacobs, of this city.

FREIE PRESSE COMPANY.

The annual meeting of the Fort Wayne Freie Presse company was held last evening at the company's office on Clinton street. Officers were elected for the ensuing year as follows:

President—Louis F. Curdes.
Vice President—Theodore Thorward.
Secretary—Charles J. Scheimann.
Treasurer and Manager—Herman Mackwitz.

The board of directors include the above gentlemen and Messrs. George Motz, Otto Gross and A. F. W. Weichman.

FIX FOR FOUR RACES.

The Amateur Driving club held an interesting smoker last evening, and incidentally arranged for spoits for the coming year. It was decided to hold a big snow race meet within the next few days, and hang up a number of purses. Four track meetings are to be held during the coming summer—on Decoration day, July Fourth and Labor day, in addition to one date in August.

OLYMPIA BAND FAIR.

The Olympia Band fair which is to continue ten days opened in the Tri-State building last night. As is usual in affairs of this kind, the opening night was not conspicuous for large attendance but it was all that the management expected. The spacious rooms are handsomely decorated and booths of various kinds are ranged around the walls, while numerous games to tempt the nimble nickel are in abundance. Last night a splendid program was rendered and there will be a change in program each night. Tonight a special attraction will be presented in the person of J. D. Brady, an instrumentalist of celebrity. He will perform difficult musical selections on almost every conceivable instrument and a few that are not conceivable. At 10:30 there will be free dancing in the hall above and a more liberal attendance is expected as the fair progresses. The contests for different articles will be announced this evening.

Mr. and Mrs. F. E. Stouder, Mr. and Mrs. L. B. Davis, Frank Mohr, Miss Helen Mohr and Ferd Urbahns left this afternoon for Chicago to see Alice Neilson in "The Singing Girl" and "The Fortune Teller," and Richard Mansfield in "Henry V."

The Visiting Nurse league will hold a special meeting at 3:30 tomorrow afternoon in room 8, city hall.

BAD GANG ARRESTED.

St. Louis, Feb. 7.—According to Chief of Police Volbracht, of Alton, Ill., three men have been arrested in connection with a gang of men who, it is charged, have been threatening the lives of several prominent farmers in the American bottoms if they did not give up sums of money as high as $2,500. According to Chief Volbracht the first arrest was made at Oldenburg. The prisoner formerly was an official at that place. He is said to have made a confession, implicating at least three other prominent men in that vicinity. As a result of his statements the other arrests were made later. The prisoners assert that the intention was not to extort money, but to drive the threatened men from the country

THE DEAD TO DIE

DEATH PENALTY DECREED FOR BAD CHINAMEN.

SOME ALREADY BEHEADED

BUT THE SENTENCE MAY HAVE SOME MORAL EFFECT.

MAY BANISH PRINCE TAUN

MINISTERS MAKE UP LIST OF THE GUILTY.

Pekin, Feb. 6.—The ministers definitely decided at a third meeting held last night to demand the imposition of the death penalty upon all twelve of the Chinese officials named in the list submitted, including those who are dead, on account of the moral effect upon the Chinese.

The sentence on the living must be inflicted except in the cases of Prince Tuan and Duke Lan, which the emperor may commute to banishment to Turkistan.

As had been arranged at the meeting of the foreign ministers and Chinese plenipotentiaries today the entire proceedings were conducted orally, no writings being presented to the Chinese.

FORMAL INDICTMENTS.

A formal indictment against the twelve officials whose punishment had been demanded by the powers was read, however, though King Ye and Li Ping Heng are dead. The officials whose punishment has been demanded are:

Prince Chuang—Commander-in-chief of the boxers, who had a large share in the responsibility for promises of rewards of fifty taels for the capture of foreigners and the death of persons protecting them.

Prince Tuan—The principal instigator of the troubles into which he dragged the Chinese government, who was appointed president of the sung li yamen after giving advice to the Chinese governments; who was responsible for the edicts against foreigners issued between June 30 and August 16, and was mainly responsible for the massacres in the provinces, especially Shan Si; who ordered the troops to attack the legations in opposition to the advice of high mandarins, who were looking to a cessation of hostilities; who secured the execution of members of the tsung li yamen who were favorable to foreigners; who is the recognized authority of the ultimatum of June 19 directing the diplomatic corps to leave Pekin within twenty-four hours, and who ordered before the expiration of this delay firing upon all foreigners found upon the streets of the capital, and who was practically the author of the assassination of Baron Von Ketteler, the German minister.

Duke Lan—Vice president of the police, who was accessory to the giving of orders for the capture of foreigners and was the first to open the gates of the city to the boxers.

Ying Nien—Criminal accomplice of Prince Chuang and Duke Lan in their machinations.

Kang Yi—One of the instigators and counsellors of the boxers, who always protected them and was most hostile to any understanding looking to the re-establishment of peaceful relations with the foreigner; who was sent at the commencement of June to meet the boxers and endeavor to deter them from entering the city, but who, on the contrary, encouraged them to follow the work of destruction, and who signed with Prince Tuan and Ying Nien their principal notices and prepared the plan for the expulsion and annihilation of foreigners in the provinces of the empire.

Chaos Su Kiam—A member of the grand council and also minister of justice, who was one of the leaders against the foreigners and mainly responsible for the execution of the officials killed during the seige for having tried to stop the attack against the legations, and who tendered the boxers every encouragement.

Yu Hsien—Re-organized the boxers, was the author of the massacres in the Shan Si province, and assassinated with his own hand foreigners and missionaries, and who was noted for cruelty, which stained with blood the whole country over which he was governor.

Gen. Tung Fuh Siang—With Prince Tuan carried out in Pekin the plans against the foreigners, and who commanded the attacks on the legations and the soldiers who assassinated the Japanese representative.

Li Ping Heng—Used his influence to have the boxers recognized as loyal and patriotic men and who led the government to use them with the object of the extermination of foreigners.

Hsu Tung—Has always been one of the officials most hostile to foreigners; who praised the boxers, of whom he was an accomplice; who used all his influence with high persons in the empire being tutor to the heir apparent.

Hsu Cheng Yu—Has the same responsibility.

Kih Siu—One of the officials most hostile to foreigners and the minister at the rites of service of the boxers.

The ministers then announced that the personages all deserved death. When this question is settled the foreign plenipotentiaries will have to indicate who, in their knowledge, committed crimes in the provinces, punishment for which will have to be inflicted.

They will also present to the Chinese, in order to prevent misunderstanding, the text of the edict referred to in article ten of the collective note, before its publication.

EARNED BIG DIVIDENDS.

Chicago, Feb. 6.—At the annual meeting of the stockholders and directors of the Diamond Match company, held in this city today, the old officers and board of directors were re-elected. The annual statement showed net earnings equal to 13 3-10 per cent. on the $15,000,000 capital stock. President Barber stated that the company's progress in England had been extremely satisfactory, 40 per cent. having been earned in 1900, against 10 per cent. in 1899. The Peru factory was also reported to be operating satisfactorily.

IN JUSTICES' COURTS.

An affidavit has been filed in Bullerman's court charging Jerry Grabner, of Edgerton, with selling intoxicating liquors without a license. The affidavit was filed by the prosecutor and Constable Kennelly went to the border town this morning to serve the warrant. The case will probably be heard this afternoon.

WANTS HIM TO SURRENDER

DEWET APPEALED TO BY HIS BROTHER.

Is Asked to End the War in South Africa—Kitchener Reports the Movements.

Bloemfontein, Tuesday, Feb. 5.—The Post today publishes a passionate appeal from Piet DeWet, chairman of the peace commission, to his brother, Christian, to surrender.

REPORT FROM KITCHENER.

London, Feb. 6.—General Kitchener, in a dispatch from Pretoria, dated Tuesday, February 5, says:

"Smith-Dorrien has occupied Lake Chariesse. French is driving back the enemy to Amsterdam. DeWet's force is still north of Thabanchu. His men damaging a train of transport wagons at Pompey's Siding this morning."

In a memorandum issued to the troops under his command at Aldershot, General Buller, referring to the British army in South Africa, criticizes the lack of initiative and independence of action shown by subordinate commanders, and refers to the independent, intelligent action on the part of the rank and file.

As regards artillery, he says the drill introduced on the battle field in case the action of the batteries being paralized, by awaiting the orders of a brigade or division commander, many favorable opportunities being thereby missed.

MANCHESTERS START EAST.

San Francisco, Feb. 6.—The duke and duchess of Manchester, Lord Lambert and Mr. Zimmerman, father of the duchess, have returned here from Monterey. The party will go east this evening or tomorrow morning over the Central and Union Pacific roads.

BELGIUM IN GRIP OF STORM.

Brussels, Feb. 6.—A heavy snow fall has interrupted telegraph and railroad communication almost throughout the country. Four trains are snow-bound between Liege and Louvain.

SMALLPOX IN GLASGOW.

Glasgow, Feb. 6—Smallpox prevails here in alarming proportions. A score of fresh cases are reported daily, there having been many deaths, and there are 453 cases in the hospitals.

MAY COME BACK

KAISER LIKELY TO REVISIT BRITAIN IN AUTUMN.

SUCH UNDERSTANDING EXISTS

CZAR AND KAISER MAY BE IN LONDON AT SAME TIME.

DUKE OF YORK IMPROVES

WILL LEAVE OSBORNE IN A DAY OR TWO.

London, Feb. 6.—Emperor William is reported to have left England with the understanding that if affairs of state permit it, he will visit King Edward at Balmoral next autumn.

It is also said that there is some possibility that the next season in London will see both Emperor William and the czar in this city.

Upwards of 3,000 wreaths, worth £100,000, were sent to Windsor for the queen's funeral.

The Duke of Cornwall and York is convalescing so rapidly that he is expected to leave Osborne Feb. 9.

The Duchess of Cornwall and York leaves Osborne tomorrow.

PALACES PRESENTE TO KING.

London, Feb. 6.—The latest rumor regarding Queen Victoria's will is that it bequeaths £140,000 each to the duke of Connaught, Prince Christian of Schlzwig-Holstein, Princess Louise and Princess Beatrice, and includes liberal legacies for the duchess of Albany and a number of the late queen's grandchildren. The bulk of her private fortune however, goes to King Edward, and both Balmoral and Osborne House are given to the king. Two small houses on the Osborne estate are given to Princess Beatrice.

SAYS EDWARD HAS NO CANCER.

Prof. Sir Felix Semon, physician for diseases of the treat to the National Hospital for Epilepsy and Paralysis, says there is positively no word of truth in the story that King Edward is suffering from cancer of the throat. Sir Felix Semon wishes it to be called a "scandalous invention and ridiculous report."

He declares that any one hearing the king speak in public would know in a minute that there was nothing the matter with his throat.

WILL REST AT SANDRINGHAM.

Nothing has yet been altered in Queen Victoria's private rooms at Osborne House, Buckingham Palace or Windsor Castle. Her living rooms have not been occupied and will not be for some time to come. It is understood King Edward and Queen Alexandria will rest at Sandringham for the next few days. The former will return to Buckingham Palace Feb. 13 and hold a privy council to draft the king's speech at the opening of parliament. The semi-state procession to parliament will start from Buckingham Palace.

In conformity with the course adopted by the former Prince of Wales, afterward King George IV., who resigned the office of grand master when he was appointed regent, King Edward has now resigned the office of grand master of Free Masons in England, which he has held since 1874. But he will retain his connection with Masonry under the probable title of protector. A special grand lodge will be summoned Feb. 15, when it is expected the duke of Connaught will be nominated to succeed his majesty as grand master.

NEGOTIATING A MARRIAGE.

New York, Feb. 6.—A dispatch to the Journal and Advertiser from London says:

Delicate negotiations are passing between the courts of Russia and England looking to a marriage between the Grand Duke Michael, younger brother of the Czar and heir presumtive to the throne of Russia and Princess Victoria, only unmarried daughter of the king of England.

Politics rather than affection is said to be back of the projected match.

Standing in the way of the marriage is the iron clad law of the Russian church forbidding marriages between first cousins. The czarevitch, Grand Duke Micheal Alexadrovitch, is a son of the dowager empress of Russia who is a sister of Queen Alexandra of England, the mother of Princess Victoria.

A dispensation from the czar will be necessary for such a match and it is extremely doubtful if Nicholas will grant such a dispensation.

BANK TAX WILL STAND.

Washington, Feb. 6.—The house committee on banking and currency today tabled the bill repealing the 10 per cent. tax on state bank issues, and the bill requiring national bank depositories to pay interest to the government on public deposits.

BIG JAIL DELIVERY.

Huntington, W. Va., Feb. 6.—Seven prisoners, including Pearl Newman, convicted of murdering the Philadelphia actor, William J. McCauly, and Ben Higginbotham, charged with being an accomplice in the murder of Allan Dupreist, mayor of Culloden, escaped from the Cabell county jail early today.

ANNUAL MEETING HELD TODAY

FORT WAYNE GAS COMPANY ELECTS DIRECTORS.

Expenditures for Improvements Have Far Exceeded the Original Estimates.

The annual meeting of the Fort Wayne Gas company was held today at the Court street office of the company, and the only out-of-town official present was Samuel T. Murdock.

The election of directors for the ensuing year resulted in the selection of Messrs. Charles F. Dieterich, A. B. Proal, John Sloan, George C. Clark, Walter Ferguron, A. N. Brady, James H. Benedict and A. E. Dieterich, of New York; Charles S. Bash and Henry C. Paul, of this city, and Hugh Dougherty, of Bluffton. All are old directors with the exception of A. E. Dieterich.

The annual reports were presented at the meeting today and will be forwarded to New York, where the directors will hold their meeting next week for the selection of officers. The reports included a statement of all the improvements made during the past year in the way of new wells, new pipe lines and new pumping stations, and it is stated that the total amount so expended far exceeded the $140,000 originally set apart for this work.

A CONVICT IDENTIFIED.

London, Feb. 6.—It has transpired that a man in jail in England who was sentenced in December to four years imprisonment for robbing a woman in the streets of London, is Charles Allen, one of the postoffice robbers who escaped from Ludlow street jail, New York city, in 1895. The officials of the United States embassy are making inquiries at Washington as to whether the man will be wanted in the United States after his present sentence has finished.

NEWS FAKES EXPOSED.

Paris, Feb. 6.—The statement sent out by a news agency yesterday that a cyclone in St. Malo had wrecked a steamship and that the entire crew had perished, proves to be without foundation. The same is true concerning the report of a serious riot of conscripts at Tilley. No account of such a riot has been published here and there is no town of that name in France.

PENSION FOR MRS. LAWTON.

Washington, Feb. 6.—The pension of the widow of General Lawton was today reported by the house committee on pensions at $50 per month, a reduction from $100 per month fixed by the senate. The reduction was due to the rule of the committee to report no bill above $30 per month.

Other bills reported pension the widow of Rear Admiral Calhoun at $40, of Brigadier General Hayes at $50 and the widow of the late Paymaster General Stanton, of the army, at $30.

SUN BOYCOTT IS NOW OFF.

New York, Feb. 6.—Typographical union No. 6 has decided by formal vote to withdraw the boycott against the New York Sun and to take no further hostile steps against that newspaper. Official notice that the strike has been called off and the boycott lifted was delivered to the Sun yesterday. This action of the union was unsolicited by the Sun and was unattended by any conditions.

EARL OF KIMBERLY ILL.

London, Feb. 6.—The earl of Kimberley, liberal leader in the house of lords, is suffering from congestion of the lungs.

TO STOP HAZING

SENATE PASSES WEST POINT ACADEMY BILL.

SHARP BLOW AT THE ABUSE

GUILTY CADETS ARE TO BE EXPELLED.

WAR REVENUE BILL DEFEATED

THE DAY'S PROCEEDINGS IN HOUSE AND SENATE.

Washington, Feb. 6.—The senate today passed the military academy bill, which includes a section that is purposed against the practice of hazing. The bill makes it compulsory that any cadet at West Point found guilty of hazing shall be expelled from the academy and shall be ineligible to reappointment as a cadet or to receive a commission in the army of the United States.

Soon after the senate convened at 11 o'clock today a bill authorizing Jefferson county, Arkansas, to construct and maintain a bridge across the Arkansas river within five miles of Pine Bluff was passed.

Bills also were passed setting apart a tract of seven acres of land near Central City, Col., for a cemetery for Odd Fellows; appropriating $50,000 for the preparation of a site and the erection of a pedestal for a statue of the late Major General George B. McClellan in Washington City; authorizing the Arizona Water company to construct a power plant on the Pima Indian reservation in Maricopa county, Arizona; providing for the construction of a bridge across the Yalobusha river, Grenada county, Mississippi; authorizing the Glassport Bridge company to construct and maintain a bridge across the Monongahela river at Port Vue, Allegheny county, Pennsylvania.

Consideration of the military academy appropriation bill was resumed, the pending question being the amendment offered by Mr. Allen, of Nebraska, providing that cadets upon entering the academy should take an oath not to engage in hazing and if found guilty of hazing be dismissed from the academy and not be eligible thereafter to hold a position either in the army or in the navy of the United States.

Mr. Sewell, of New Jersey, in charge of the bill, opposed the amendment, maintaining that the provision against hazing in the bill was sufficient.

In supporting the amendment, Mr. Allen asserted that the brutal practice of assaulting another who was his junior had been carried to a ridiculous extent at the military academy and he believed it would never be broken up until the most rigid measures were taken in good faith to put an end to it.

After further discussion Mr. Allen withdrew his amendment and offered some amendments making stronger the phraseology of the committee's amendment relating to hazing.

As agreed to, the hazing paragraph reads as follows:

"That the superintendent of the military academy shall make such rules, to be approved by the secretary of war, as will effectually prevent the practice of hazing; and any cadet found guilty of participating in or encouraging or countenancing such practice shall be summarily expelled from the academy and shall not, therefore, be re-appointed to the corps of cadets or be eligible for appointment as a commissioned officer in the army or navy."

The bill as amended was then passed.

Mr. Aldrich, of Rhode Island, called up the war revenue reduction bill and it was read.

IN THE HOUSE.

Washington, Feb. 6.—Without preliminary business the house today went into committee of the whole and resumed the consideration of the postoffice appropriation bill. Mr. Loud, of California, chairman of the postoffice committee, who was a member of the joint postal committee, took the floor to discuss the questions investigated by the committee.

With regard to the incidental questions, pneumatic tube service and "special facilities," Mr. Loud said the commission agreed that they should be discontinued. The pneumatic tube service in Philadelphia and Boston was not extravagant, but the service in New York "was conceived in sin and born in iniquity" and should be crushed out.

The appropriations for special facilities "had proved a disturbing element and were vicious in their effect upon the whole service."

THE SPANISH CLAIMS.

Washington, Feb. 6.—The senate committee on foreign relations today considered the amendments made by the house to the senate bill providing for the payment of the claims against Spain growing out of the Spanish war which were assumed by the United States in the Paris treaty.

The committee decided to adhere to the senate bill, which provides for a commission to adjudicate the claims.

The house amended it so as to require the court of claims to perform this duty. The senate committee takes the position that much labor and probably several visits to Cuba will be necessary to the proper investigation of the claims and that it would be out of the question for the court of claims to give the necessary attention to them.

The committee has asked for a conference.

THE REVENUE BILL.

Washington, Feb. 6.—At the meeting of the ways and means committee today Chairman Payne expressed the belief that the revenue reduction bill would be back from the senate within the next few days, and there was some informal discussion of what would be done.

The measure has been greatly changed since it left the house, but Mr. Payne gave no intimation as to the course likely to be pursued on the changes.

Under the rules of the house, one objection will prevent the bill from going to conference and will send it back to the ways and means committee.

It is expected that the objection will be raised and in that event Mr Payne says the committee will be called together at once and prompt action secured.

He has no doubt as to the passage of the bill at this session of congress. The committee acted adversely on the bill to make Dayton, Ohio, a sub-port of entry.

MRS. NATION ADVERTISED

JOINT WRECKER TO INVADE KANSAS CITY.

Flaming Posters Announce Her Coming—Police Will Give Her Small Consideration.

Kansas City, Feb. 6.—Flaming bills have been posted in this city announcing that 'Mrs. Carrie Nation, the bravest woman in America, now leading the most wonderful crusade ever waged against the rum traffic, is on her way to Chicago, accompanied by a band of her saloon smashing warriors, and will speak at the Academy of Music in Kansas City on Friday evening, Feb. 8."

Just what tactics Mrs. Nation will pursue in Kansas City and Chicago aside from her lecturing is not known. Chief of Police Hayes says he will promptly arrest Mrs. Nation if she attempts to put her methods in practice in this city.

Preparations for Mrs. Nation's coming have been made by the Prohibition club of Kansas City, which has endorsed Mrs. Nation's methods and promised active support in her crusade outside of Kansas.

Mrs. Nation's advance agent says the proceeds of the lectures will be used in the temperance cause.

MRS. NATION'S DAY OFF.

Topeka, Kas., Feb. 6.—Mrs. Carrie Nation, the temperance crusader, made no effort during the morning hours today to surprise the "jointists." Guards were on duty about the places at daylight, but Mrs. Nation and her band did not appear.

Chief of Police Staple and Sheriff Cook have warned the keepers of the "joints" to close, but, while a pretense was made at obedience it was said business was still being done at most of the places.

THE MANIA IS SPREADING.

Dalton, Ark., Feb. 6.—Five women, members of the W. C. T. U., last night attacked two "blind tigers" in this village. All the bottles of liquor were broken, contents of kegs were poured into the streets and fixtures demolished.

DIED OF THE PLAGUE.

Hull, England, Feb. 6.—A stewart of the British steamer Friary, recently from Alexandria, Egypt, died from the plague today. This makes the total number of deaths among the ship's crew from the plague seven. No further cases of the disease are under observation.

CASH FOR MILITIA

GOVERNOR NASH AUTHORIZED TO USE $50,000

TO STOP THE PRIZE FIGHT

GIVES PROOF THAT HE MEANS BUSINESS.

ARRANGES WITH SHERIFF

HEARING IN THE INJUNCTION CASE RESUMED.

Columbus, O., Feb. 6.—At Governor Nash's request the state emergency board today authorized him to incur any expenses necessary not exceeding $50,000 in the use of state militia if necessary to prevent the proposed Jeffries-Ruhlin contest at Cincinnati, Feb. 15.

The request was granted by unanimous vote of the finance committee, the chairmen of both houses of the general assembly, the state auditor and the governor.

This movement of the governor leaves no question about his intention to use the military arm of the state, if the law should fail to prevent the fight.

He had never said explicitly that he would use the militia.

Governor Nash is on record as believing that the executive has not power to call out the militia without a request from the sheriff or the mayor, and it is believed that he has arranged with Sheriff Taylor, of Hamilton county, that he shall call for troops in case they are necessary to stop the fight.

HEARING INJUNCTION CASE.

Cincinnati, Feb. 6.—Hearing on the application for an injunction against the Jeffries-Ruhlin fight February 15, was resumed today before Judge Hollister. Fenton Lawson, who was secretary and a director of the Saengerfest Musicale association and of the Saengerfest Athletic association, continued his testimony.

Ruhlin was present awaiting his turn as witness, and others of the training quarters were present. Jeffries is not a witness.

Attorney General Sheets expressed the opinion that the state will rest its case today. Lawson testified to both Jeffries and Ruhlin being now members and stockholders of the Saengerfest Athletic association.

It developed that Managers Brady and Madden, Delany, Cooke, O'Brien and others were also members.

Mayor Fleischmann produced the application for the permit, the petitions and protests and other documents.

Mayor Fleischmann testified that the application was made last November for the permit. He then learned that he could issue a permit only to a duly authorized athletic club, and the members of the Saengerfest jubilee board said they would organize such, and did so before the permit was issued. A permit was given, he said, for a boxing contest, and he would use the whole police power of the city to see that the contest had come under the conditions of the permit.

He would, he said, issue the permit today under like conditions.

Considerable time was consumed in trying to show that there is no danger in contests between men who are well trained and in good condition.

BIG MINING CONSOLIDATION.

Vancouver, B. C., Feb. 6.—The Britannia group of copper mines was today consolidated into the Britannia Syndicate, limited, by the acquirement of the undivided three-tenths interest of Leopold Boscowitz, the price paid for this interest being $190,000.

PICKED UP A LIFE BELT.

Victoria, B. C., Feb. 6.—Pilot Roberts, on the United States revenue cutter Grant, in a letter from the coast says that they picked up a life belt with the name "Ilala" on it. The Ilala railed from London for Victoria and put into Montevideo in distress. She sailed again and is fully due here

UMGE TAX ON LUMBER.

Vancouver, B. C., Feb. 6.—Lumbermen of British Columbia, after conferring with the parliamentary representatives from this province over the lumber tariff, have decided to urge a tax upon American lumber imported into Canada.

MEDICAL EXAMINER

Of the U. S. Treasury Recommends Peruna.

Dr. Llewellyn Jordan.

Dr. Llewellyn Jordan, Medical Examiner ... U. S. Treasury Department, graduate of Columbia College, and who served three years at West Point, has the following to say of Peruna:

"Allow me to express my gratitude to you for the benefit derived from your wonderful remedy. One short month has brought forth a vast change and I now consider myself a well man after months of suffering. Fellow sufferers, Peruna will cure you."

Catarrh is a systemic disease curable only by systemic treatment. A remedy that cures catarrh must aim directly at the depressed nerve centers. This is what Peruna does. Peruna immediately invigorates the nerve-centers which give vitality to the mucous membranes. Then catarrh disappears. Then catarrh is permanently cured.

Peruna cures catarrh wherever located. Peruna is not a guess nor an experiment—it is an absolute scientific certainty. Peruna has no substitutes—no rivals. Insist upon having Peruna.

A free book written by Dr. Hartman, on the subject of catarrh in its different phases and stages, will be sent free to any address by The Peruna Medicine Co., Columbus, Ohio.

GONE FROM EARTH

MRS. MARY FARNAN SUCCUMBS TO PARALYSIS.

IN FORT WAYNE MANY YEARS

MRS. CATHERINE BELKNAP GOES TO HER REWARD.

JOHN F. ZENT PASSES AWAY

THE DEATHS AND FUNERALS OF THE DAY.

Mrs. Mary Farnan, a resident of Fort Wayne for nearly sixty years, died at 7 o'clock this morning at the home of her daughter, Mrs. F. G. Schneider, 68 West Jefferson street. Mrs. Farnan was 73 years of age and death was due to paralysis, with which she was stricken a week ago.

Mrs. Farnan was a native of Ireland, but came to Fort Wayne at the age of 16, and has resided here continuously ever since that time. She was the widow of the late Owen Farnan, a pioneer blacksmith of the city, who died about eight years ago. The surviving children are James, Owen and Thomas Farnan, Mrs. L. G. Volker, of New York, Mrs. J. Z. Hones and Mrs. F. G. Schneider, of this city. She was widely known and universally esteemed, a devoted member of the Cathedral congregation and her life was one of helpfulness and benevolence.

BELKNAP.

Mrs. Catherine Cromwell Belknap died this morning at 3 o'clock at the home of her daughter, Mrs. George K. Torrence on West Berry street. At the age of 78 years. Death was due to senile decay.

Mrs. Belknap was born in Orange county, N. Y., and was one of a family of thirteen children. But one is now living, J. W. Cromwell, who resides in Michigan. She came to Fort Wayne about thirty years ago, and has since resided here. Her husband died in 1851, and for many years she has made her home with her daughter, Mrs. Torrence, who is the only child. Mrs. Belknap was a member of the First Presbyterian church, and was highly esteemed by all who knew her.

The funeral services will be held privately from the residence on Friday afternoon at 2 o'clock.

BAUGHMAN.

Clement Baughman died Tuesday night from heart trouble at 22 Brooklyn avenue, the home of a friend with whom he was staying. Mr. Baughman was 26 years of age, and death was due to heart trouble. Mr. Baughman, whose home was at South Whitley, had negotiated for a half interest in the H... photo- ... ... to the city ... ... but was ... for his arrival. He ... ... his last illness.

Relatives arrived in the city today and arranged to take the remains to South Whitley for interment.

KENDRICK.

Mrs. Susannah Kendrick, wife of Contractor William H. Kendrick, died Tuesday evening at the family residence, 60 East Pontiac street, from a complication of diseases. Mrs. Kendrick was 43 years of age, and was a native of Yellow Springs, O. Two years ago she suffered a severe ... ... and never ... ... health.

ZENT.

John F. Zent, of 425 West Main street, for many years a member of the Fort Wayne fire department and very well known in the city, died shortly after 6 o'clock this morning in the hospital department of the county jail. For nearly a year Mr. Zent has been a patient at St. Joseph's hospital. Early in the present week symptoms of mental disturbance appeared, and the unfortunate man was removed to the hospital department of the jail Tuesday morning.

His death was very sudden, and was due to heart trouble. Mr. Zent was forty years of age, and during his service in the fire department was captain of engine companies 6, 5 and 7, resigning little more than a year ago to enter upon the manufacture of a steel boat of his own invention. He was a son of the late Colonel Zent, of Roanoke, and had a wide circle of friends, to whom his death will be a severe shock. Two sons survive him.

The remains were removed to the Peltier undertaking establishment, and after preparation for burial will be taken to Roanoke, where the funeral services will be held.

JAMIESON.

Mrs. Edna Jamieson, wife of Eugene Jamieson, of 100 West Main street, died at 11:30 o'clock Tuesday night from pneumonia at the age of 33 years and 7 months.

The remains will be shipped Thursday morning to Cedar Springs, Mich., where the funeral services will be held.

REFORM SWEEPS TO EAST.

Dunkirk, N. Y., Feb. 6—Mrs. David Livingstone, of this city, president of the local W. C. T. U., started in to prove she was a faithful disciple of Mrs. Carrie Nation, the Kansas saloon wrecker, this evening, by breaking everything she could get her hands on in a large saloon in this city.

The W. C. T. U. held a meeting this afternoon, at which the members declared their sympathy with the methods pursued by the Kansas reformer. Mrs. Livingston seemed more strongly possessed with the ... than the other members. Walking into a large saloon on Central avenue, she ... the bartender and exclaimed: "Young man, this is the vile resort of the devil; it must be destroyed, and I will do it." She hurled a large umbrella, which she had in her hand, at a large glass mirror, which was smashed.

Three men seized her and prevented further damage. No arrests were made. Mrs. Livingston is the wife of a prominent merchant in this city.

EXPLOITING SAMOANS.

Washington, Feb. 6.—Encouraging reports as to the development and exploitation of the Samoan Islands have been received at the state department from United States Consular Agent Harris at Eibenstock. German plantation experts, says Mr. Harris, claim that the Samoan islands have a great future in coffee, tobacco, cotton and like products. Upolu island, in particular, it is said, is especially suitable for the culture of these products, possessing, as it does, favorable position, a fruitful soil and a good climate. A company is being formed in Germany for the exploitation of this island. Plantations are to be laid out, narrow gauge railways constructed ... ... development of the land generally promoted. The enterprise is headed by men of practical experience, who have acquired their knowledge of plantation life in East Africa and in Brazil. Work is expected to begin this spring.

FREIGHT TRAIN RUNS AWAY.

Seattle, Wash., Feb. 6. A Northern Pacific freight train ran away while coming down a long grade at Weston, at the summit of the Cascades. Brakeman MacDonald was instantly killed, Engineer Boyce badly injured and several other trainmen hurt. The train, which was fifteen cars in length, ran down at frightful speed until a sharp curve near the bottom was reached, when it plunged over the bank. Failure of the air brakes to work caused the wreck.

EARTHQUAKE SHAKES SHIP.

... Feb. 6.—A violent ... threw the steamer Guatemala ... out of the water and ... the vessel to tremble from ... for at least a minute ... the coast of Ecquador during her ... trip. The shock took place when the Guatemala was five miles off the coast about 160 miles south of Guayaquil, on the evening of Jan. ... On reaching Guayaquil it was learned that the most violent earthquake in the history of the place had taken place at the moment when the Guatemala had been so shaken. No serious damage was done.

MONOPOLY TIGHTENS GRIP.

San Francisco, Feb. 6. It is stated that the Federal Salt company has obtained control of the German Island works in the Gulf of California, thereby securing a monopoly of the salt output on the Pacific coast.

Pleasure Versus Pain.

It is said that those who know pleasure best have known pain ... If this is so, what pleasure there must be in store for the Rheumatics! It is absolutely impossible, however, for them to know pleasure until they get rid of their Rheumatism. The surest way for them to do this is to use Athlophoros. It has given pleasure to over 50,000 people by curing their Rheumatism. It will give pleasure to everyone that uses it. One bottle of Athlophoros will give immediate relief. A few bottles will cure. It is folly not to try it. After the first bottle you will know pleasure as you have known pain.

"Dont Speak to me."

Overwrought Nerves.

As soon as a woman's nerves become excited by some feminine disorder, she loses control of her speech.

She has no patience with anybody or anything.

The ones she loves the best are the ones to whom she talks the meanest.

Trifles light as air drive her almost frantic.

She is worse than crazy, because she knows what she is doing and can't help it.

She doesn't have hysteria and doesn't have fainting spells.

She is nervous, horribly nervous.

Does she get sympathy? Oh, yes, she gets sympathy for awhile, but she acts so outrageously that everybody keeps out of her way as much as possible. After a while they begin to think she's malicious and could do better if she tried real hard.

She has turned her best friends against her.

This woman is sick with about the most discouraging sickness women can have, and there is a person who understands her case better than any one else in the world. That person is Mrs. Pinkham. The nervousness comes from some derangement of the feminine organs, and is constantly fed and made worse by the constantly developing disease. Female diseases never get better of themselves. They must have proper treatment. Ordinary physicians do not know how to grapple with these diseases of women. Out of the hundreds of thousands of women Mrs. Pinkham has cured, not one in five hundred tried her advice or her medicine until they had exhausted the skill of their own physician, sometimes of several physicians.

Mrs. Pinkham's address is Lynn, Mass. Her advice is prompt and free to all suffering women.

You may not know that your nervousness comes from female troubles. Your doctor may not know it. He may tell you it does not; but does he cure you? Does he help you any? Mrs. Pinkham will tell you the truth about yourself, and you'll believe her. Don't throw your life's happiness away and make yourself unlovable, when a little diligent heed to Mrs. Pinkham's advice will drive away your nervousness by removing the cause of your trouble.

Read carefully the letters from women Mrs. Pinkham has helped.

After thirty years of success in curing women's ills, can you not believe it worth while to test the virtues of

Lydia E. Pinkham's Vegetable Compound?

Heartfelt Stories from Cured Women.

"Dear Mrs. Pinkham:—I feel it my duty to write and tell you of the benefit I have received from your wonderful remedies.

MISS WINIFRED ALLENDER

"Before taking your Vegetable Compound **I was a misery to myself and every one around me.** I never laid my aching head upon my pillow without wishing I could die.

"I suffered terrible pain in my back, head, and right side, was very nervous, would cry for hours. Menses would appear sometimes in two weeks, then again not for three and four months. I was so tired and weak, could not sleep nights, sharp pains would dart through my heart that would almost cause me to fall. I was so poor and white that my folks thought I was going to die. My mother coaxed me to try **Lydia E. Pinkham's Vegetable Compound.** I had no faith in it, but to please her I did so. The first bottle helped me so much that I continued its use. I am now well and weigh more than I ever did in my life.

"Your remedies deserve the highest praise."—Mrs. Winifred Allender, Farmington, Ill.

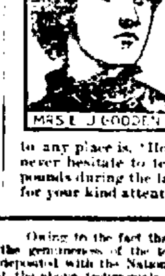

MRS. SARAH SWODER

"Dear Mrs. Pinkham:—It gives me great pleasure to tell you how much your Vegetable Compound has done for me. I had been a sufferer for years with female trouble. I could neither read nor sew but a few minutes at a time without suffering terribly with my head. My back and kidneys also troubled me all the time.

"I was advised by a friend to take **Lydia E. Pinkham's Vegetable Compound.** I had no faith in it, but decided to try it. After using one bottle I felt so much better that I continued its use, and by the time I had taken six bottles I was cured. There is no other medicine for me. I recommend it to all my friends."—Mrs. Sarah Swoder, 103 West St., La Porte, Ind.

"Dear Mrs. Pinkham:—I am very grateful to you for your kindness and the interest you have taken in me, and truly believe your medicines and advice are worth more to a woman than all the doctors in the world. For years I had female troubles and did nothing for them. Of course, I

MRS. E. J. GOODEN

became no better and finally broke down entirely. My troubles began with inflammation and hemorrhages from the kidneys, then inflammation, congestion and falling of the womb, and inflammation of ovaries. I underwent local treatment every day for some time; then after nearly two months the doctor gave me permission to go back to work. I went back, but in less than a week was compelled to give up and go to bed. On breaking down the second time, I decided to let doctors and their medicine alone and try your remedies. Before the first bottle was gone I felt the effects of it. Three bottles of the Compound and a package of the Sanative Wash did me more good than all the doctors' treatments and medicine. The first remark that greets me now when I go to any place is, 'How much better you look,' and you may be sure I never hesitate to tell the cause of my health. I have gained twelve pounds during the last two months and am better in every way. Thanks for your kind attention and advice."—Mrs. E. J. Gooden, Ackley, Iowa.

$5000 REWARD Owing to the fact that some skeptical people have from time to time questioned the genuineness of the testimonial letters we are constantly publishing, we have deposited with the National City Bank, of Lynn, Mass., $5000, which will be paid to any person who can show that the above testimonials are not genuine, or were published before obtaining the writers' special permission.—Lydia E. Pinkham Medicine Co., Lynn, Mass.

The seas contiguous to the eastern coast of Siberia abound in whales of different kinds. Long ago, their number attracted American whalers into these seas. A whole fleet of schooners (about 200) used to roam about in the Okhotsk and Bering Seas during the summer; according to the testimony of the shipowners, they obtained during a period of 14 years (from 1847 to 1861) oil and whalebone to the value of $130,000,000.

TO PREPARE A SCALE.

Columbus, Ohio, Feb. 6.—When the joint annual wage conference of coal miners and operators met today a resolution, offered by J. A. Moorehead, was discussed, instructing the scale committee to prepare an agreement to cover the price of pick and machine mining in the competitive field based on lines of uniformity. In view of the fact that Illinois operators are strongly opposed to their present position as the only state in the competitive field compelled to work under the run of mine system it is apparent the object of the resolution is to place all operators on the same basis in that regard to all things, especially the run of mine.

LURED TO ARREST.

Rossland, B. C., Feb. 6.—Charles Hinckley, alias C. M. Morris, has been lured across the line and is now in jail in Conolly on the charge of embezzling $97,000 from the West Side bank, New York, of which he is said to have been teller. Hinckley disappeared in 1884.

Judge Zollars was at Indianapolis yesterday.

TALK CHRISTIAN FEDERATION

Philadelphia, Pa., Feb. 6—The delegates to the conference having for its object a national federation of churches and Christian workers today took up the question of a constitution for the new organization. The draft presented by Rev. Charles L. Thompson, of New York, chairman of the committee on organization, did not meet with the approval of a majority of the conferees and the whole question was referred to a committee with instructions to revise the plan. There was an interesting discussion of the topic "State Fedrations and Their Work." Those participating were Rev. C. S. Cummings, Auburn, Me.; Prof. A. W. Anthony, Lewiston, Me.; Henry H. Stebbins, D. D., president of the Federation of Churches and Christian workers of the State of New York, and William C. Webb, D. D., secretary of the Evangelical Alliance of Pennsylvania.

FOOD BUILDS TEETH.

Boy of Six Lacks Teeth Until Fed Properly.

A little chap 6 years old and the son of W. Wells, of Ravenswood, Ill., had, up to a short time ago, cut very few teeth. Naturally the imperfect mastication of food caused indigestion and a poorly nourished system. "When I first saw the lad," says Rev. W. Orborne Stranahan, of 3007 N. Winchester Ave., Ravenswood, he was wan and pale, greatly emaciated, with impoverished blood, and lacking all the essentials which go to make up robust strength and vigor.

"Many remedies and different foods had been tried, but none seemed to meet his need. I knew something of the value of Grape-Nuts food, and recommended its use. The first trial convinced the parents of one thing—at least they had found a food the boy really liked. 'He empties his dish and calls for more,' the mother said.

"Astonishing results followed its use, almost immediately; flesh was rapidly put on, the face from being pallid and thin, began to fill out, the cheeks were plump and rosy. The body, properly nourished, began its work of upbuilding the system. The most wonderful thing of all the Grape-Nuts food seemed to contain the necessary elements for the formation of bone tissue, and presently the tardy teeth began to prick through.

"Today the boy is strong and hearty, in perfect health, with a full set of teeth rapidly maturing. The Grape-Nuts food alone has brought about this marvelous result."

TALKED OF THE SLUMS.

Jacob Riis, of New York, interested a good-sized audience at Masonic Temple last evening in his lecture, "The Battle With the Slums." It was the fourth number of the Woman's Club League course and profusely illustrated with stereopticon pictures that forcibly fixed upon the minds of the audience the conditions that have heretofore existed in the densely packed tenement districts of New York. Mr. Riis is a Dane, but has resided in America since boyhood, and his active newspaper work in New York has given him a deep insight into the conditions of which he treats. Prof. C. T. Lane introduced the speaker.

"The slum," said Mr. Riis, "wrecks the home because it kills the soul of the children growing there," and the speaker contrasted the dark, foul, closely packed tenements of the cities with the spacious, roomy, cheerful, sunlit homes of the country. It would be impossible to conceive of more utterly wretched quarters than were pictured by the stereopticon last night, and Mr. Riis told of the work that was being done in the tearing down of these human slaughter houses, transforming the land into play-grounds and providing more healthful quarters for the unfortunate little ones of the city. "The American boy," said Mr. Riis, "must have a play-ground and a breathing space if he is to become a good citizen." He contended that the children of the slums were not all bad; there are in many cases high intelligence and admirable natures that only need healthful development. Fully two and one-half millions of people in New York are compelled to reside in tenements, but the work of Mr. Riis and his fellow-laborers has done much to improve their condition.

FORCED TO KIDNAP BRIDE.

Springfield, Ohio, Feb. 6.—Clarence J. Dunn, who arrived here from the Gambler Cariboo mines in British Columbia, 3,000 miles away, to marry Miss Florence Shields, virtually had to kidnap her. It was ascertained that her aunt, Mrs. Otto W. Stevens, would object to the wedding. Dunn had not come 3,000 miles to be trifled with. He applied to Chief of Police O'Brien for aid. Officer Jones was detailed to bring Miss Shields and Otto Stevens to headquarters in a carriage. Here Dunn and the young lady were allowed to talk together. They decided to be married at once. A license was secured and Squire Mahar was called and tied the nuptial knot. Dunn, who left here a poor boy, now has $10,000 in cash, a lot of ponies and some mining stock. After a brief visit here the couple will go to British Columbia.

FAIR OPENS TONIGHT.

IMITATORS FOILED.

Unscrupulous competitors have been using Fox's thunder to do business. Dealers have been imposed upon by worthless goods represented to take the place of Fox's crackers and in order to stop the imposition a new style cracker is being made and has been patented by Fox, the cracker baker. It is now on sale. A trial will convince you of the superiority of the new "Forex" Cracker over all others.

There is now no question between the people of Fort Wayne and serious consideration of the auditorium project. That is to say the enterprise should be hurried along without stoppage.

General Miles is not in so much favor with the administration as his appointment to the highest rank in the army seems to indicate. But since he gets the distinction anyway, he probably is not disposed to ask himself questions.

It may be said that if the administration wants to turn down a man like Judge R. S. Taylor for a man like Joe Keeling it is the administration's business, but it should be borne in mind that the public has some interest in the public service and the people along the Mississippi have some concern for the [illegible] for membership of the [illegible] commission.

A Vermont man convicted of murder has been sentenced, in conformity with the requirements of the law in [illegible], to be hanged after he has spent two years in solitary confinement. This is rather prolonging the [illegible]. But it has just this to recommend it: If by any chance the man is innocent, two years give him a chance to prove it. It is safe to say that few innocent men are hanged in Vermont.

The delegates of the Cuban constitutional convention seem to be concerned with the question of whether General Gomez should be president of the republic [illegible] any other feature of the constitution. The fact that [illegible], although a Cuban at heart, [illegible] one who fought for years for Cuban liberty, is a native of Santo Domingo is being made use of by his enemies to keep him out of office. They should, however, be very careful that in pursuing this course they [illegible] out they do not make Gomez a martyr and arouse the [illegible] masses of the Cuban people in his favor.

THE FAMINE IN CHINA.

China is not unused to famine. In all probability there has not been a single year for centuries in which starvation has not overwhelmed a considerable number of Chinese. But the population of the country is so large and so heterogeneous that little account is taken of these happenings except in the districts directly affected. But this year the famine reports from China are more dreadful than usual. The correspondents in Pekin are cabling stories of the most awful conditions prevailing in Shensi and Shansi provinces, in which the crops have failed for three successive years.

It is estimated that fully two-thirds of the people in these provinces are without food or the means of obtaining it. They are also without fuel, and the weather is bitterly cold. Many are selling their women and children to obtain a little rice. Infanticide is alarmingly common, and it is said that even cannibalism prevails. And of course the Chinese government, [illegible] in its care of the people, is now utterly powerless to give relief. With the capital in control of the foreign armies and with government revenues diverted to other channels, the court cannot possess the means even if it had the inclination, to help the starving.

In this emergency the foreign powers [illegible] at Pekin would show a Christian spirit, and perhaps also gain [illegible] without [illegible] even without food. It would be [illegible] and probably [illegible] would be [illegible] in the end, if the powers [illegible] ready to [illegible] dollars to [illegible] others to [illegible].

COAL STRIKE SETTLED.

Colorado Springs, Colo., Feb. 6.—The coal strike in this section has been settled and all mines will open today with a full force of men. This has been brought about through the instrumentality of Charles [illegible], national organizer of the United Mine Workers of America and the official representative of President Mitchell for Kansas and Colorado.

USED HER POODLE

FOR WEAPON WITH WHICH TO BEAT HER.

A WIFE'S NOVEL COMPLAINT

FRANKFORT WOMAN SUES FOR A DIVORCE.

BIG FIRE IN EVANSVILLE

GENERAL NEWS OF THE STATE OF INDIANA.

Frankfort, Ind., Feb. 6.—Because she was beaten with her pet dog, used as a weapon in the hands of her angry husband, until she became unconscious and the dog so badly injured that it had to be shot to relieve its suffering, according to her declaration, Mrs. Ella Baker has filed suit for divorce, charging her husband with cruelty.

William Baker, who is made defendant in the case, is a well-known business man of this city, and he and his wife are prominent in social circles. The charges made in the complaint have caused a sensation.

Mrs. Baker has been dangerously ill for a week, and her condition is still serious. She declares that her illness is the result of a savage attack made by her husband. According to the wife's story her husband and she became involved in a slight altercation one evening about a week ago. As the discussion continued, she says, Baker grew more irritated, until in a fit of anger he seized Mrs. Baker's pet dog, which was lying [illegible] in the room, and [illegible] the [illegible] animal around [illegible] upon his wife's head and shoulders. Beaten into insensibility, Mrs. Baker declares, she sank to the floor before her [illegible] husband. She remained unconscious [illegible] within a short time, but the shock caused a severe illness and [illegible] critical.

It is claimed that the pet, which had been used as a weapon, fared worse than the wife, and it was found necessary to end the animal's suffering with a bullet.

In addition [illegible] Mrs. Baker [illegible] heavy alimony.

Lawyers in this city pronounce the story set forth in the complaint as unprecedented in the court history.

BIG FIRE IN EVANSVILLE.

Evansville, Ind., Feb. 6.—A $175,000 fire visited this city last night and but for the heroic work of the fire department the loss would have been twice that amount. At 7 o'clock flames were seen issuing from the big department store of the Lahr-Bacon company in Main street, and it was 11 o'clock before the fire was extinguished.

The loss to the Lahr-Bacon firm is $125,000, with $100,000 insurance. The building, valued at $35,000, was the property of Mrs. John Sonntag and was insured for $13,000. The building adjoining was the property of Andrew Koch, late democratic candidate for county treasurer, and was damaged to the extent of $10,000. The loss to the Siebert 10-cent store which occupied the building, is placed at $10,000, fully covered by insurance.

Louis Heberer, a fireman, fell from a ladder, but was not fatally hurt.

The fire is the most disastrous since the Mackey fire, a few months ago which licked up a block of the finest buildings in the city.

FILES COUNTER CHARGES.

Kokomo, Ind., Feb. 6.—Thomas Allen, a Clay township school teacher, was fined $17.85 in 'Squire De Haven's court yesterday for whipping Clarence Conn [illegible], a pupil. In turn the teacher caused the arrest of the boy's parents, Leroy and Mrs. [illegible] for provoke, the hearing to be next Saturday.

JACOB ROSS SENTENCED.

Muskegon, Mich., Feb. 6.—Twenty-three years old, twice married and divorced and now in the Michigan [illegible] prison to serve seventy [illegible] the unusual [illegible] of Jacob Ross, an Anderson (Ind.) man. Ross came [illegible] eight months ago and secured employment in the local plant of the American Tin Plate company. A [illegible] he was arrested and [illegible] for [illegible]. When [illegible] Circuit Judge J. Russell [illegible] sentence, Ross [illegible] lives in Anderson, Ind.

CELRO

A REVELATION

Egg Baking Powder....

is being demonstrated in the Crockery Department of Rurode Dry Goods Co., In charge of Prof. Doyle and also at The People's Store. All Welcome.

He was married to the first when 16 years old, and lived with her only a month. He secured a divorce from her and she got a judgment for $1,000 alimony. She was 21 years old. One and a half years later he married again, and lived with his second wife a little over a year. Then he got a divorce. Ross claims his present conviction is "a put-up job," but Judge Russell told him he thought the jury would have been derelict in its duty if it had not convicted him.

SUSPICION OF FOUL PLAY.

Kokomo, Ind., Feb. 6.—Rev. Richard Bassett, colored, of this city, formerly representative of Howard county in the legislature, has returned from Muncie, where he went to investigate the death of his daughter, Minnie Bassett, who he thinks was a victim of foul play. She was chambermaid in a boarding house. When the body was brought here for interment, two front teeth were missing, her skull was fractured and her side was injured. The story of her death, as told to Mr. Bassett by Muncie people, was to the effect that late at night a noise was heard in her room, something like a struggle, and then a body was heard to fall to the floor. The girl died without making an explanation, and it was given out that death was the result of an accidental fall. Mr. Bassett is not satisfied, and has asked the prosecutor to take the matter up. The dead girl was a sister of Ella Bassett, a soldier who died of yellow fever in Cuba.

THE BLUFFTON POST OFFICE.

Bluffton, Ind., Feb. 6.—The Bluffton postmastership is getting a good deal of attention from the republicans, and they are anxious to know if L. D. Stevens is to continue in the office, or if a successor is to be named. County Chairman A. L. Sharpe is among those who are said to be looking wistfully at the position, and others who could be induced to take the appointment are W. C. Bierie, Ed Battalimany and N. K. Todd. As soon as even a hint is given that a new man is to have the appointment, there are indications that a lively scramble will occur.

A POOR ICE PROSPECT.

Crown Point, Ind., Feb. 6.—The heavy snow storm during the last few days caused over one thousand laborers to cease cutting ice in this county. Lake county furnishes a great deal of the Chicago trade, and as yet scarcely any has been stored. The prospect of harvesting a supply is not now very flattering.

MADE GOOD HIS SHORTAGE.

Goshen, Ind., Feb. 6.—P. L. Wertinger, ex-trustee of Clinton township, this county, who retired from office in 1895, and was short in his accounts $1,100, which was made good by his bondsmen, A. J. Hoover and J. L. Scott, has refunded the amount with interest to them. Mr. Wertinger is a stone mason.

A WONDERFUL SHOWING.

Peru, Ind., Feb. 6.—For the first time in the history of the Peru churches, all of them are free from debt. Many improvements have been made during the last year, and all have money on hand for future needs. In the last twelve years the Baptists have built and paid for a $50,000 church; the Methodists have finished paying for a $25,000 building; the Catholic congregation has lifted an indebtedness of $25,000 and made many improvements in rebuilding the church, schools and parsonage, all of which are paid for. The Catholics have about $10,000 on hand, which they will spend for a church hall this year. The Presbyterians are out of debt and will soon begin enlarging their church building. The churches with smaller congregations show similar conditions. To the women of the city who have been tireless in their efforts to raise the money and donations, has the present period of prosperity been brought about, and it is doubtful if any other city in the state can make such a showing among its religious organizations.

Texas has been regarded for some years as one of the coming states in the petroleum industry.

BORHAM MAY GET ENOUGH

LIKELY TO BE PROSECUTED ON TWO CHARGES.

Saloon Hold-Up Job May Be Kept in Reserve When Other Matter is Disposed of.

There was no police court this morning. Owing to the absence of Mayor Scherer, who is at Chicago on business, the case of Thomas Borham, for holding up the Log Cabin saloon, was not brought up. The officers have not yet decided whether to dismiss the charge now standing against the prisoner, of bringing stolen property into the county, and try him on the robbery case first or not. It is probable, though, that he will be tried on the original charge and in case of failure there, or a light sentence, to hold the last charge against him in reserve. The disposition of the case will not be made until after the return of the mayor. Meantime, Borham is in jail, has thrown off the mask and is independent and insolent, devoting most of his time to damning Fort Wayne and its officers.

Superintendent Gorsline is considerably gratified at the promotion of General Miles and Chaffee. He served six years in the regular army under Miles as major general and Chaffee as post commander and does not share in any of the prejudices against Miles, whom he considers a thorough and capable officer.

The police are still quietly looking for Lloyd Scheerick, the fellow who represented himself as an agent for Julia Marlowe and tried to work off a $200 check, believed to have been forged.

The police officials are endeavoring to get in communication with the relatives of Jabez Thorpe, who has been arrested several times for vagrancy. The old man refuses to go to the poor house and becomes angry and abusive when the matter is suggested to him. He has been the principal in a number of escapades which are just coming to light as some of his misdeeds are being exploited in the papers.

Detective Coling this morning recovered a valuable ring which had been purloined from a lady, who refuses to prosecute, now that she has received back her property.

The board of works will submit its annual report to the council at the meeting to be held next Tuesday night. The mayor will also deliver his annual message.

SMOKERS TO BE OSTRACISED.

Laporte, Ind., Feb. 6.—A number of W. C. T. U. societies throughout the state have begun anti-cigarette crusades by organizing clubs composed of high school students. The constitution adopted will pledge the young women to do all in their power to stop the use of cigarettes by young men. A list of the users of cigarettes will be kept and the boys will be frequently appealed to by the girls to stop the habit. If the cigarette users refuse to heed the entreaties of the girls they will be ostracised socially. Pipes are also to be suppressed.

WOLVES INVADE A BIG CITY.

Minneapolis, Minn., Feb. 6.—Timber wolves are causing a reign of terror in the northeastern part of the city, where several of the brutes have been killed during the last few days. The animals have been driven in from the outlying districts by hunger and several persons out late at night have had narrow escapes. A wolf attacked the attendants at the city reservoir Monday and was shot. Three wolves treed a man a short distance away and kept him until men with guns appeared. A wolf hunt will be held in the near future.

THE CIRCLE OF SPORTS.

President Hautner has returned from Anderson, where he went to look over the base ball field. He reports great enthusiasm in the gas town and says the club which will be a member of the Inter-State league is ably financiered.

The Fort Wayne curlers who were scheduled to go to Grand Rapids tomorrow to meet some crack teams from Canada have postponed their trip, and it may be abandoned altogether. Meantime the ice here at home is in prime condition and daily games are the order.

AT

WAYNE DRY GOODS CO.

SALE UNUSUAL.

A REGULAR METROPOLITAN SILK SALE

Beginning Friday Morning.

One of the largest Importing Houses in the United States decided that, for reasons best known to themselves, their immense stock of Fancy Silks must be turned into money by a certain date. Their plan to accomplish this is to consign to several dealers in various parts of the country a portion of their stock, they to offer it for sale, for ten days, at prices which will insure the disposal of all, or the greater part of it, the unsold balance returned to them at the end of the ten days to be reassorted and reshipped to some other point.

How the Wayne Dry Goods Co. became one of the consignees it is not necessary to explain. The important and interesting point for you is that at our store you will have an opportunity of selecting from thousands of yards and hundreds of styles of silks in qualities none of which retailed at less than $1.00, others at $1.25 and many of them never having been sold at less than $1.50, of which you are to have your choice, in any amounts you wish, at the seemingly ridiculous price of 69c a yard.

This may, to you, have somewhat the appearance of a "fake." We can assure you, however, that there is nothing of this character about it, as we could not afford to be connected with it.

The goods are genuine, the qualities real and the price a fact.

Remember the sale begins Friday morning and lasts but for ten days.

When the Hair Falls Out accompanied by mucous patches in the mouth, eruptions on the skin, sore throat, copper colored splotches, swollen glands, aching muscles and bones, the disease is making rapid headway, and far worse symptoms will follow unless the blood is promptly and effectually cleansed of this violent destructive poison.

S. S. S. is the only safe and infallible cure for this disease, the only antidote for this specific poison. It cures the worst cases thoroughly and permanently.

My Condition Could Have Been No Worse. In the fall of 189– I contracted Blood Poison. I tried three doctors, but their treatment did me no good, I was getting worse all the time; my hair came out, ulcers appeared in my throat and mouth, my body was almost covered with copper colored splotches and offensive sores. I suffered severely from rheumatic pains in my shoulders and arms. My condition could have been no worse, only those afflicted can understand my sufferings. I had about lost all hope of ever being well again when I decided to try S. S. S., but must confess I had little faith left in any medicine. After taking the third bottle I noticed a change in my condition. This was truly encouraging, and I determined to give S. S. S. a thorough trial. From that time on the improvement was rapid; S. S. S. seemed to have the disease completely under control; the sores and ulcers healed and I was soon free from all signs of the disorder; I have been strong and healthy ever since.

WABASH SUBSIDY GOES DOWN IN DEFEAT.

BIG MAJORITY AGAINST IT

WAYNE TOWNSHIP WILL NOT MAKE APPROPRIATION.

IT LOST IN EVERY PRECINCT

EFFECT OF THE DECISION CAN NOT BE FORETOLD.

The proposition to make an appropriation of $100,000 to aid in the construction of the Fort Wayne and Butler railroad as a connecting link of the Wabash received a crushing defeat at the special election on Tuesday. Out of 6,070 Wayne township voters who expressed their sentiments at the polls, but 1,565 were favorable to the subsidy, while 4,505 voted a vehement "no." The majority against the appropriation is 2,940, a figure perhaps much larger than even the most pronounced opposition sentiment would have claimed a few days ago.

There is nothing spotty in the result. Every section of the city and of the township comes up with the same unanimity of majority againsts the appropriation, which failed to carry in a single one of the fifty precincts. In none of them can the result be said to have been even close, for in every case the majority is so decisive as to leave no room for doubting the feeling of the voters. It is interesting also, to note that the heaviest per cent. of vote cast against the measure was cast in precinct 47, of Wayne township, in which the county infirmary is located. Here there were but 7 votes for the subsidy, with 137 against it.

VOTE A LIGHT ONE.

Despite the crushing defeat of the subsidy, the vote was an extremely light one, amounting to but little more that half that cast at the November election. The vote was slow in coming in, also, and aside from those most directly interested in the result there was little attention paid either to the election or to its result.

The Pennsylvania shopmen demonstrated the efficacy of a thorough organization, and they constituted the most formidable opposition to the measure. Committees were at work constantly throughout the day to offset the efforts of the Butler company and its friends, and they were able to cover the ground even more thoroughly than were the promoters of the enterprise, who also did some energetic campaigning in its behalf. There seemed to be a pretty unanimous opinion during the past few days that the result would be defeat for the subsidy and the trend of things on election day only emphasized this belief. The members of the Butler company practically admitted defeat early in the day, though they maintained the contest to the last.

The counting of the vote was a small job as compared to that at ordinary elections, and was completed in all the precincts by 8 o'clock.

WILL NOT GIVE UP.

Members of the Fort Wayne and Butler Railroad company acknowledge that the result is a disappointment to them, though it is evident that this is more from the magnitude of the adverse majority than from the fact that the appropriation was denied. They state that for some days the result has been in their minds a foregone conclusion.

However, there is no intention upon the part of the Fort Wayne and Butler company to abandon their efforts to secure the line, though they express the belief that the election result put increased shops for Fort Wayne out of the question. They are hopeful, however, that the Wabash will still conclude to build the Butler line, and they point out that the petition for the election was filed by seventy-three disinterested citizens of Wayne township, and not by either the Butler or the Wabash companies.

OUGHT TO DEAL DIRECT.

Wabash officials today were not inclined to talk for publication concerning the matter, but to a majority of their employes the result of the election was a disappointment. Some of the men, it is said, voted against the subsidy, but these were greatly in the minority.

In Wabash circles the defeat is attributed to the manner in which the proposition was brought before the people. It should have been a distinctively Wabash proposition, they argue, with promises directly binding from that company as to what return the company would guarantee for the donation. Had this method been followed, the Wabash men believe, the result might have been entirely different.

In some minds there is a fear lest the defeat of the subsidy may result in the abandonment of the project to build the connecting line and the establishment of repair shops at some other point to the great detriment of the works here and to the men employed therein.

But the greater part of the force believe the company will build the road without any bonus, and they do not worry greatly over the defeat.

ECHOED AND RE-ECHOED.

Now that the railroad election is over and the subsidy plan committed to the "has beens," the statistician has got to work and has figured out that the votes cast for the appropriation cost the promoters just $1.916 apiece. The conscientiousness of the statistician is evidenced by the fact that he didn't figure it out at an even $2 per vote.

Not only the maker of figures has been busy, but the prophet and conjecturer has been at work and is now ready to tell just exactly what will happen and what will be done. It is said to be an open secret that the Wabash all along his intended to build the road anyway, subsidy or no subsidy, the only difference being in the route to be chosen. The most generally accepted proposition is that the Butler spur will leave the main line of the Wabash at a point on the Henry Dawkins farm about a mile east of New Haven. From there it will run in a northeasterly direction and will cross the Maumee river at Milan Center to Maysville and from Maysville due north to Butler, which lies just half a mile east of a north and south line from Maysville. This route will leave Cedar Creek township to the west of the road and the corporation will not get the $10,000 which has been voted in its aid. It will, however, get the $10,000 voted by Springfield township, and the loss of Cedar Creek will be made up by donations from private purses in Concord township, DeKalb county, the principal donor being Hon. S. S. Shutt. Concord township voted against the appropriation at a recent election, but a few public spirited men who will be personally benefited by the construction of the road, it is understood, have signified a willingness to put up the amount asked for provided they can name the route to be taken by the road. It is further stated that the money to build the branch or link has already been provided for by the Wabash company and that work will be commenced at once. If all these prophesies are true Fort Wayne will lose only the advantage of being the direct junction point, and perhaps the addition to the shops which the railroad may place elsewhere in a spirit of retaliation. The road is to be built this summer, and trains are expected to be running through to Detroit by next fall. By the new route the branch will be about seven miles shorter than by the route proposed by the promoters of the appropriation.

BILL WAS SMART.

Indeed He Was Just Too Smart For Anything.

"My son Bill," said the old farmer, "was just too smart for anything. I had a big red bull, who used to git loose once in awhile and lick everything in the state, and Bill was ready to bet his last cent on that critter. One day when a circus procession was comin up the road Bill comes runnin from the barnyard and says:

"'Dad, I'm goin to let that bull out.'

"'Fur why?' says I.

"'Fur to see him hev fun with the elephant.'

"'Don't you do nuthin of the kind. The elephant would break his back in a holy minit.'

"'Never, dad—never! Our bull will roar one roar, dive one dive, and he'll tumble that behemoth into the ditch and then upset the band wagon. Dad, it's the chance of our life to see a heap of fun.'

"Waal now," drawled the old man, "Bill said so much that I told him to go ahead. Mebbe that bull smelt them three elephants a mile away, fur when he was let out he was ready for a row. He pawed and bellered and worked his mad up, and when the elephants finally come along he selected the biggest of the three and made fur him. One of the circus men called out fur us to take our critter away, but we was lettin him take keer of hisself jest then. With a beller and a rush he was upon the elephant, but things didn't happen as Bill had planned 'em. Say, now, but that big beast met our bull head on and knocked him flat, and then he got his trunk under him and flung him into a swamp and never even looked back at him. We went down to see our bull, and he had tears in his eyes, a broken leg and one horn gone. I looks at Bill, and Bill looks at me, and bimeby I says:

"'Bill, this critter cost me $40 in cash.'

"'Don't say a word, dad,' he says as he sits down with a big sigh. 'I thought I was the smartest feller in this county, but I was foolin myself. I'll work three months fur $15 a month and pay fur the bull, and if I'm ever fool 'nuff to buck up ag'in another elephant may somebody kill me with a crowbar!'"

M. QUAD.

He Yearned to Be Helpful.

The thoughtful young man went out to Glen Echo one evening last week, and there wasn't a thing that he could see to do for anybody's comfort that he didn't at once proceed to make an accomplished fact. He was fairly bubbling over with a desire to help his fellow men. One of his fellow men, who happened to be a woman, and a young one at that, sat directly in front of him. His eye caught sight of a large spider on her fluffy black hair. He leaned forward.

"Pardon me!" he said quickly. "Don't move! I have it! There!"

And with the triumphant "There!" a shriek from the girl startled all the car. The helpful young man sank back in his seat, and an auction flag wasn't a circumstance to his face for color. A wire and enamel spider dangled from the girl's disheveled hair.—Washington Post.

Not Realistic.

Little Donald—Papa, what does it mean by "sitting like Patience on a monument?"

Papa—Oh, I suppose some fool of a sculptor once couldn't think of anything else to sculp, so he made the image of a lady and set it on a monument to look as if she was waiting for somebody. It wasn't true to life, though.

Little Donald—Why?

Papa—Because the other fellow is the one that always has to do the waiting.—Chicago Times Herald.

Revenge.

"Ah, are you here again with that bill?" said the man in the chair. "If I remember rightly, I tweaked your nose and threw you out of the office when you called the last time."

"You did, sir!" responded the undersized but unsubdued man with the bill. "And I immediately came back and gave you the hardest kicking you ever had!"

"I don't recall that at all."

"I came back in my astral body, sir!"—Chicago Tribune.

Far.

"How far do we have to go to Fargo?" asked the passenger with red eyes.

"We didn't have far to go when I called out 'Fargo!'" retorted the conductor. "We've gone far beyond Fargo. You must be pretty far gone."—Chicago Journal.

BUY TABOR TRACT

FINE SITE AT JEFFERSON AND FULTON STREETS

PURCHASED BY A SYNDICATE

WILL BE PLATTED INTO RESIDENCE LOTS.

OWNED BY TABORS SINCE 1842

AN IMPORTANT REAL ESTATE DEAL IS MADE TODAY.

An important transaction in real estate was consummated today when the tract of land, comprising two and three-fourths acres in extent, at the corner of Jefferson and Fulton streets, was purchased by a syndicate headed by Contractor James M. Henry. The price is not given out, but it is understood to have been in the neighborhood of $25,000.

This is the only vacant tract of any size between Calhoun street and Broadway, and north of the Pennsylvania tracks, and is the more valuable from this fact. It has been held by the Tabor estate since September 1842, and repeated efforts have been made for many years to purchase it and put the land upon the market. Until now all efforts have failed. The W. E. Doud agency was prominent in bringing the present transaction to completion, and the purchase was made from George C. and Charles F. Tabor, of Logansport, who came to the city yesterday.

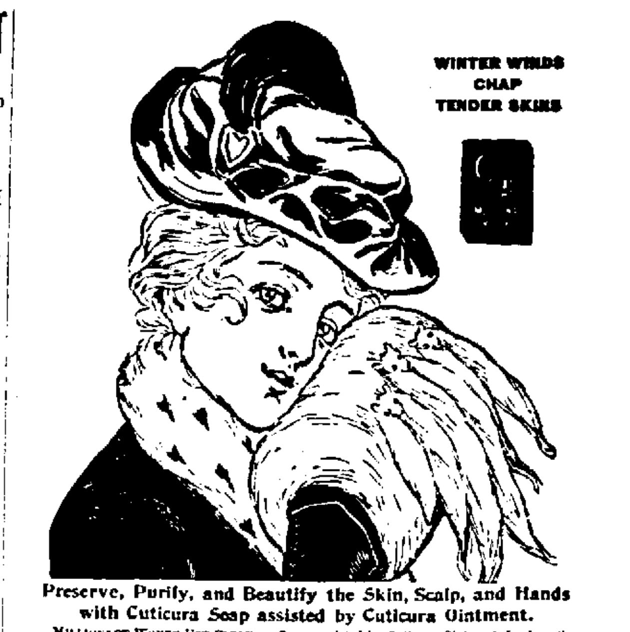

The tract is bounded by Jefferson, Fulton and Brackenridge streets, with a frontage of 181 feet and six inches on Jefferson street, and Mr. Henry stated today that he and the gentlemen associated with him would at once begin the improvement of the property. It will be platted into eighteen residence lots and placed upon the market. The syndicate will lay sidewalks, plant shade trees and construct sewers, and it is expected that the desirability of the location will be as readily recognized that the lots will find a ready sale.

ETHICS OF THE PARLOR.

Every room in the house has a certain ethical value. For example, as the parlor is the room in which you entertain your guests, it should first of all express a warmth of hospitality. This welcome should be expressed in draperies, color effects, sunny window seats, flowers, pictures, books and all things that lend home atmosphere to the apartment. Then there is an element of utility that must enter into a parlor. If you have elegant furniture that is too good to use, your guests will sit on the edge of your pink-satin chairs and wish themselves well out of it. The drawing room of the English house contains all that is best in the house. It is library and music room combined, and it is also the sitting room. Our parlor is approaching more nearly to the idea of the English drawing room, for it no longer is too good to be used.—Woman's Home Companion.

The fishing industry in the Okhotsk and Bering Seas is still in its infancy. They catch there a very valuable species of salmon—the king salmon, the red salmon, the keta, gorbuscha, keashuch, and herring and codfish besides. At present, only the Russian Seal Skin company is carrying on fishing on a commercial basis in these waters.

Two billion passengers and 950,000,000 tons of goods are carried in a year on the world's railways.

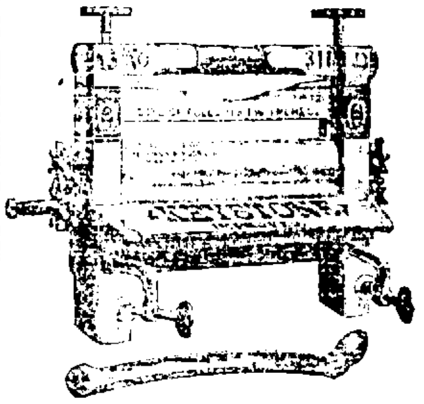

Preserve, Purify, and Beautify the Skin, Scalp, and Hands with Cuticura Soap assisted by Cuticura Ointment.

MILLIONS OF WOMEN USE CUTICURA SOAP, assisted by Cuticura Ointment, for beautifying the skin, for cleansing the scalp, and the stopping of falling hair, for softening, whitening, and soothing red, rough, and sore hands, for baby rashes, itchings, and irritations, in the form of baths for annoying irritations, inflammations, and excoriations, or too free or offensive perspiration, in the form of washes for ulcerative weaknesses, and for many sanative antiseptic purposes which readily suggest themselves to women, especially mothers, and for all the purposes of the toilet, bath, and nursery. No other medicated soap is to be compared with it for preserving, purifying, and beautifying the skin, scalp, hair, and hands. No other foreign or domestic toilet soap, however expensive, is to be compared with CUTICURA SOAP for all the purposes of the toilet, bath, and nursery. Thus it combines in ONE SOAP at ONE PRICE, the BEST skin and complexion soap, and the BEST toilet and baby soap in the world.

Complete External and Internal Treatment for Every Humor $1.25, Consisting of CUTICURA SOAP (25c.), to cleanse the skin of crusts and scales and soften the thickened cuticle; CUTICURA OINTMENT (50c.), to instantly allay itching, inflammation, and irritation, and soothe and heal; and CUTICURA RESOLVENT (50c.), to cool and cleanse the blood. A SINGLE SET is often sufficient to cure the most torturing, disfiguring, itching, burning, and scaly skin, scalp and blood humors, with loss of hair, when all else fails. Sold throughout the world.

WHERE AMERICA LEADS.

A writer in the London Daily Mail says that popular sentiment in America has done its greatest work in getting the poor girl a desire to go to college and in giving her a college where she can go. The girl who wants to go on £50 a year can do it. Unless she lives in a secluded village or a very small town she can go on half that sum. There are few towns of any size without a college of some kind, privately endowed or publicly maintained.

Next to this almost universality of opportunity, the American college girl values most the social trust given her in it all and the knowledge of men which she receives. The typical American girl studied side by side with her brother in the lower grades; she went to college naturally with him. It never occurred to her that she could. It never occurred to him that she should not.

Every American girl is trusted socially, and the typical American college girl, the coeducational girl, receives this trust to the greatest degree. She thinks the English college girl as capable, even more so, of having this same social trust.

"Does not England need now the American type of the college woman?" asks the American. "And, in making higher education so popular that most girls, whether rich or poor, would want it, and so cheap that most girls could get it; in raising the intellectual standard of English womanhood in general, as would be done by the former; in giving discipline of mind to hundreds who need it in the fight for bread, as would be done by the latter—in these, is there not a mission as great and as vital as woman's education need have?"

NO SPREAD OF SMALLPOX.

A new case of smallpox has been reported on Oliver street in the Delagrange family, where the disease was first reported January 21. A suspected case on Oneida street was investigated at the health office and found not to be smallpox, but simply a skin rash. The new case in the Delagrange family in no wise indicates that the disease is spreading, as it was all the time expected that there would be one or more additional cases there on account of the exposure previous to vaccination.

Easy health for Women

Health is a matter of vital importance to a mother. Mrs. Gallion spent $1,575 trying to get relief from doctors. When she saw the doctors could give her no relief she turned to Wine of Cardui and she was cured. There are many cases like Mrs. Gallion's. Yet every day women rush to a doctor and walk blindly into the dangers of the operating table without giving Wine of Cardui a test. The health of a woman concerns herself and for ordinary female ills she can best treat herself. Women are coming to realize this and thousands of them are taking the Wine of Cardui home treatment. They are curing themselves in the privacy of their own homes, without the humiliation of a physician's private examination. This pure Wine regulates the menstrual flow, restores the fallen womb to its place, and stops the terrible drains of leucorrhœa. It is a safe remedy to put into the hands of any invalid and in nine out of ten cases effects an immediate relief and a permanent cure. Do you not think

WINE OF CARDUI

is the remedy you need for those grinding aches and bearing down pains which make your days full of pain and your nights sleepless? Ask your druggist for a $1.00 bottle. It will cure you.

Utica, Miss., Feb. 18, 1900.

I am now forty-four years of age, and in the past my health was so bad. I was under the treatment of several doctors but I got no relief. Wine of Cardui was introduced to me. I tried six bottles and found a great relief in it. It has improved my health much during my married life. I am the mother of three children. I have spent $1,575 for treatment up to date, but find more relief in your Wine of Cardui than all the other medicines I have taken.

REPORT ON BILLS

SENATE COMMITTEE FAVORS CHARTER CHANGES.

HOUSE WILL DO LIKEWISE

MEMBERS ANXIOUS TO GET RID OF THE MATTERS.

MINORITY REPORTS MADE

DAY'S PROCEEDINGS IN THE INDIANA ASSEMBLY.

[Special to The Sentinel.]

Indianapolis, Feb. 6. The senate committee on cities and towns, to which the Fort Wayne charter amendments were referred, have prepared their report on the two bills. Kettinger, Osborne, Brooks and Agnew (republicans) signed the report recommending the passage of the measures, while Senators Fleming and Harrison presented a minority report. Senator Burns, a republican from South Bend, which city is trying to unload a metropolitan police law, refrained from signing either report.

The committee had a meeting last night and Senator Kittinger, the chairman, said he wanted to make a report to the senate and get the Fort Wayne matter out of the way as soon as possible. It is understood that Fleming in the senate and Loutit in the house will move to amend the charter bills so as to provide that there shall be a non partisan police board appointed by the mayor of Fort Wayne. It is said the house committee will report favorably on the change.

The house today passed the bill providing for two more factory inspectors and the bill providing for the inspection of bakeries. It killed the bill providing for publication in newspapers of itemized reports of school trustees.

The senate passed the bill providing that election inspectors shall be appointed in September and the bill providing for extension of same parole to woman prisoners as to others. The senate also killed the bill increasing the salary of the state superintendent of schools.

The house committee on railroads killed the two-cent mileage book bill.

PROTECTION OF FISH.

The bill providing for the protection of fish, which was passed to engrossment in the house yesterday, was originally introduced by Mr. Kirkman, joint representative from Fayette and Wayne counties. When the committees on rights and privileges from the house and senate met in joint session to consider the numerous bills providing for the taking of fish from the waters of the state they decided that Mr. Kirkman's bill was probably the best measure that could be enacted, although it was felt that this bill should be amended. It was reported back to the house with recommendations that it be amended in several particulars. It was made a special order of business for yesterday morning. The bill with the committee amendments was read and the house then spent several hours in going through it by sections. At 2:30 o'clock the bill was advanced to engrossment.

In its amended form the bill provides for the purity of streams to protect the life of fish, forbids the use of dynamite or other explosives except for mining or mechanical purposes, and then only where a license is procured from the commissioner of fisheries and game. It makes it unlawful to take fish except in Lake Michigan, the Ohio and the Wabash on the boundary line, and no private ponds with spear, gig, seine, pond net, gill net, dipnet or trap or to use Indian cocklefish berries or other substances to stupefy fish. The taking of minnows for bait with twelve-foot seine is excepted. One of the amendments adopted makes a closed season for the lakes and Tippecanoe river in the months of April and May. The author of the bill is of opinion that the feature relating to the Tippecanoe river is unconstitutional.

In its amended form the bill protects land owners by requiring the consent of the owner to be obtained before entering upon enclosed land for the purpose of setting a trot line. It is also unlawful to sell, offer for sale or barter or to purchase any pike, wall eyed pike or any species of bass in the state during April and May. It is also made a misdemeanor to have in one's possession a seine, dipnet, gill net, pond net or any other kind of net, trap or seine or any part thereof other than a minnow seine or glass minnow trap. It limits the taking of bass by one person to twenty a day, but where two or more persons are fishing from the same boat they are limited in the aggregate to thirty-six. No pickerel or pike perch less than twelve inches in length, rock bass or croppie less than six inches in length or black bass less than ten inches in length shall be intentionally taken or possessed. In all convictions under the act a fee of $20 shall be taxed and collected in favor of the commissioner of fisheries and game, to become a part of the fish and game protective fund to be used in paying expenses and rewards in the detection and conviction of violators of the law.

Shooting fish of all kinds is forbidden and also the taking of fish in any manner through the ice. All licenses heretofore issued for the use of seines are revoked and persons holding the same are entitled to a return of the fee paid for such license by making application to the commissioner of fisheries and game and upon making satisfactory proof that the seine has been destroyed. Parties owning seines are given sixty days within which to dispose of the seine after the taking effect of the act. The bill has an emergency clause.

ABOUT THE COURT HOUSE.

The circuit court jury has been ordered in February 19.

The following cases have been set for trial in the circuit court: Linton vs. Linton, February 11; State vs. Isaac Sprunger, February 12; State vs. Levy, February 13.

This was bill day in commissioners' court.

All the art glass in the dome of the court house has now been set and the effect is most beautiful. The decorators will tomorrow commence on the commissioners' room which will be elaborately finished. During the progress of the work the commissioners will hold their sessions in the auditor's private room.

BEFORE JUDGE AIKEN.

The cases of Scott vs. the Wabash and Ames vs. the Wabash were both dismissed today at plaintiff's cost on account of the failure of plaintiffs to file a bond.

Supplemental proceedings in the case of Smithers vs. Smithers were dismissed.

In the case of Dora Davis vs. J. D. Reilley, Jr., a judgment for $62.32 was given the plaintiff.

The restraining order in the case of Smithers vs. Smithers was dissolved.

MAIN WITNESS IS MISSING.

St. Paul, Minn., Feb. 6.—The securing of four jurors was the net result when the day closed in the trial of Frank H. Hamilton for the murder of Leonard Day in Minneapolis. What is regarded as a significant incident is the disappearance of Charles Force, one of the main witnesses. Force was with Day at the West hotel at the time he met his death. It is said that he has not been at his office for several days.

FAVOR LONG TREATIES.

Berlin, Feb. 6.—The Central Association of German Manufacturers today, with only one dissenting vote, passed a resolution in favor of long term commercial treaties as being absolutely required for German economic welfare, and favoring a sufficient increase of the cereal duties, be cause of the difficult situation of German agriculture. The meeting also passed a resolution, by a smaller majority, in favor of the canal bill.

MARRIAGE LICENSES.

Charles J. Shutt and Mary J. Krick.

Alvin S. Millington and Margaret Dehoff.

A peculiar incident accompanied the issuance of the latter license. Millington was recently divorced from a former wife, while they were living in Adams county. The law requires that a witness shall accompany the applicant for a license to subscribe to the eligibility of both parties. Millington brought his divorced wife with him to certify to the clerk that there was no obstacle in the path of the new lovers, and her name is signed to the license record. Accommodation like that must be heaven born.

NOT PROVEN INSANE.

Justices France and Huser and Drs. Ladd and Morgan constituted a commission to inquire into the sanity of Sarah B. Tousley. They made an examination this afternoon and unanimously agreed that the woman is perfectly sane and could not imagine upon what grounds she could be charged with insanity. Mrs. Tousley a few days ago instituted divorce proceedings against her husband, Isaac N. Tousley, and it was at his instance that today's proceedings were had.

MYSTERIOUS TRAGEDY.

New York, Feb 6. Marcel L. Silverman, the jeweler who was found shot through the head in his place of business yesterday, died today. The police are investigating both the suicide and murder theories, but as yet have not come to any conclusion.

All men's, boys' and children's clothing is discounted 20 per cent during our sale, with the exception of blue and black goods, which are discounted 10 per cent.

REUBEN S. PATTERSON.

THE MARKETS.

Chicago, Feb. 6.—Wheat was dull and easy during the forenoon today, there being no change in the conditions which caused despondency among longs yesterday. The Liverpool market was quiet and responsive to the heaviness here the previous session, while climatic conditions were favorable. May opened ¼@⅜c lower at 74⅜c to 74⅝c and declined to 74½c under liberal offerings. Receipts here were 40 cars, none of contract grade. Minneapolis and Duluth reported 269 cars against 265 last week and 350 a year ago.

There was a heavy business in corn at the opening gong. May opened unchanged to ⅛c lower at 39⅛c to 39c and declined on heavy local sales to 38¾c. Receipts were 403 cars.

Oats were dull and a shade easier with other grains. May opened a shade down at 25¼@25⅜c and sold to 25⅛c. Receipts were 125 cars.

Provisions were dull. The market opened easier under the influence of heavy hog receipts and lower prices in the hog market. May pork opened 2½c lower at $13.95 and sold to $13.90; May ribs a shade down at $6.95@6.97½, and May lard 2½c lower at $7.45.

THE CLOSE.

Prices at the close were as follows: Wheat—Feb., 72⅝c; March, 73⅛@73⅜c; May, 74⅞c.

Corn—Feb., 36¾c; March, 37⅛c; April, 35½c; May, 38⅛c.

Oats—Feb., 24½c; May, 25¼c.

Pork—Feb., $13.80; May, $14.00.

Lard—Feb., $7.40; March, $7.42½; May, $7.47½@7.50.

Ribs—Feb., $6.90; May, $7.00@7.02½; Sept., $7.12½@7.15.

Flax—Cash No. 1, $1.65½; May, $1.65; Feb., $1.65½; March, $1.65½.

CHICAGO LIVE STOCK.

Chicago, Feb. 6.—Cattle—Receipts, 20,000; market generally 10c lower. Good to prime steers, $5.00@5.90; poor to medium, $3.40@4.90; stockers and feeders, $2.80@4.50; cows, $2.55@5.10; heifers, $2.65@4.40; canners, $2.00@2.50; bulls, $2.75@4.15; calves, $4.00@6.00; Texas fed steers, $4.00@5.70; Texas grass steers, $3.30@3.90; Texas bulls, $2.50@3.60.

Hogs—Receipts today, 42,000; tomorrow, 30,000; left over, 4,807; Market 5@10c lower; top, $5.32½. Mixed and butchers, $5.05@5.30; good to choice heavy, $5.15@5.32½; rough heavy, $5.00@5.10; light, $5.00@5.20; bulk of sales, $5.10@5.27½.

THE DAY ON WALL STREET.

New York, Feb. 6.—The stock market opened buoyant and active with the dealings very widely distributed and large blocks changing hands. The Steel stocks were the feature. Steel and Wire selling at 50 to 53 on the opening sale of 7,000 shares, compared with 49⅛ last night and 3,000 shares of Federal Steel advanced that price from 51 last night to 52 and 53. National Tube was up 3 points and other members of the group over a point.

In the railroad list the Denver and Rio Grande stocks were conspicuously strong, the common selling 2½ and the preferred about a point advanced. There were other gains of about a point. Union Pacific sold at 91¼ and 91½, compared with 90⅞ last night. Fluctuations were wide and frequent in the Steel stocks and were both ways.

For instance Steel and Wire went from 51¼ to 50, National Tube from 70⅛ to 67¼, and National Steel, which had touched 48½, reacted to 47. Federal Steel gave way about a point. Meanwhile the preferred stock of these and other Steel properties improved. Republic Steel preferred rising 1¼, Federal preferred 2¼ and Steel and Wire preferred 2. Colorado Fuel and Iron rose 2 points and Smelting 2⅛, but declined somewhat.

Elsewhere advances and declines were mixed in confusion. Consolidated Gas, Illinois Central, New York, Chicago and St. Louis, Hocking Valley and St. Louis Southwestern preferred rising 1½@2. Profit-taking was very large in stocks which have had a previous advance and Missouri Pacific, Louisville, Pennsylvania, the Eries, the Readings, the Grangers, Northern Pacific, the Atchisons and the local tractions ran off, some of them to below last night.

The Wabash securities reacted, but rallied, and Union Pacific mounted to 92. The Steel stocks showed some recovery at the same time. There was no abatement in the furious activity of trading.

The few stocks which held strong were not sufficient to resist the downward current of the market and the whole list gave way.

The existing securities were Wabash, which touched 32; Western Union, which rose 2¾, and International Paper preferred, which advanced 3 points.

Enormous blocks to realize came upon the market, causing declines in Pennsylvania of 2⅞, Brooklyn Transit 2½, Baltimore and Ohio 2, Erie first preferred, Kansas and Texas preferred and Metropolitan 1¾, Louisville and Missouri Pacific 1⅝ and Manhattan 1½. Many other railroad stocks reacted from 1 to 1½, including Missouri Pacific.

The Steel stocks held better during the second hour, but Steel and Wire preferred fell 2⅛ from the best. The market steadied before noon at slight recoveries and became very dull.

Wabash debentures were the feature of the bond market, rising irregularly an extreme 4¾. The general demand for bonds continued large, the par value of transactions in the first hour amounting to over $3,000,000.

NEW YORK PRODUCE.

New York, Feb. 6.—Butter—Receipts, 6,098 pkgs; market firm; fresh creamery, 16@22c; June creamery, 15@20c; factory, 11@14½c.

STRANGER THAN FICTION.

A Remedy Which Has Revolutionized the Treatment of Stomach Troubles.

The remedy is not heralded as a wonderful discovery, nor yet a secret patent medicine; neither is it claimed to cure anything except dyspepsia indigestion and stomach troubles, with which nine out of ten suffer.

The remedy is in the form of pleasant tasting tablets or lozenges, containing vegetable and fruit essences, pure aseptic pepsin (government test), golden seal and diastase. The tablets are sold by druggists under the name of Stuart's Dyspepsia Tablets. Many interesting experiments to test the digestive power of Stuart's Tablets show that one grain of the active principle contained in them is sufficient to thoroughly digest 300 grains of raw meat, eggs and other wholesome food.

Stuart's Tablets do not act upon the bowels like after dinner pills and cheap cathartics, which simply irritate and inflame the intestines without having any effect whatever in digesting food or curing indigestion.

If the stomach can be rested and assisted in the work of digestion it will very soon recover its normal vigor, as no organ is so much abused and overworked as the stomach.

This is the secret, if there is any secret, of the remarkable success of Stuart's Dyspepsia Tablets, a remedy practically unknown a few years ago and now the most widely known of any treatment for stomach weakness.

This success has been secured entirely upon its merits as a digestive pure and simple, because there can be no stomach trouble if the food is promptly digested.

Stuart's Dyspepsia Tablets act entirely on the food eaten, digesting it completely, so that it can be assimilated into blood, nerve and tissue. They cure dyspepsia, water brash, sour stomach, gas and bloating after meals, because they furnish the digestive power which weak stomachs lack and unless that lack is supplied it is useless to attempt to cure by the use of "tonics," "pills" and cathartics, which have absolutely no digestive power.

Stuart's Dyspepsia Tablets can be found at all drug stores and the regular use of one or two of them after meals will demonstrate their merit better than any other argument.

ORDERED TO SAFE JAIL.

Georgetown, Ky., Feb. 6.—Judge Cantrill today ordered Henry E. Youtsey and Caleb Powers, convicted in connection with the shooting of Governor Goebel, to be taken to the Franklin county jail at Frankfort for safe keeping until further instructions. Youtsey was yesterday sentenced to life imprisonment.

NOT MUCH DOUBT

THAT CARNEGIE INTERESTS WERE PURCHASED

BY TREMENDOUS SYNDICATE

J. P. MORGAN AT THE HEAD OF A BANKER'S POOL.

CONFIRMATION IS DIFFICULT

BUT STORY OF SALE IS REPEATED WITH DETAILS.

New York, Feb. 6.—The Mail and Express says:

"The control of the Carnegie Steel company, limited, has passed to a syndicate of bankers, in which J. P. Morgan & Co. are the dominant factors, by the purchase of the stock owned by Andrew Carnegie. It is expected that Mr. Carnegie will retire into private life. The terms of the purchase are not known, but that the transaction has been completed was semi-officially announced at noon today.

"The capital stock of the Carnegie company is $160,000,000. There is an equal amount of bonds. Mr. Carnegie is popularly believed to own about 54 per cent. of this.

"Negotiations relating to this immense undertaking have been going on for some time. Mr. Carnegie has for nearly a year been willing to sell out, but financial interests have not until now been disposed to take up so large a proposition as the purchase of his securities and the amalgamation of the different prominent steel companies in the United States would involve."

ANOTHER STORY.

The Evening Post also announces the Carnegie sale as an accomplished fact. The Post says:

"The leading participants in the deal, on the purchasing side, were reported to be C. M. Schwab, now president of the Carnegie company and trusted friend of Andrew Carnegie, and banking interests represented by J. P. Morgan & Co.

"What further scope the deal might have was a subject of conflicting information. A representative of the Carnegie interests asserted today that an arrangement had been practically consummated whereby the Carnegie Steel company, the Federal Steel company, the National Steel company and the American Steel and Wire company would combine and be operated under the same management.

"Unless some unforeseen hitch is encountered in the remaining negotiations the amalgamation scheme will go through with an enormous capitalization. Whether $1,000,000,000 would be required to float the enterprise the Carnegie representative could not say.

"It is understood that the undertaking has the backing of Carnegie, Morgan and Rockefeller interests.

"How the banks would feel toward such a venture was the subject of general discussion in financial circles. The president of an institution closely affiliated with interests allied in the venture, was asked:

"'As a banker, do you believe New York banks would be willing to finance such an enterprise?'

"'No one knows,' was the reply. 'The project is too colossal for ordinary minds to grasp. I have not grasped it myself, yet, although I am familiar with the outcome of yesterday's negotiations.'

"Equally significant, perhaps, was this statement from a banker of prominence, associated with the Carnegie interests:

"'If the affair means financing a $100,000,000 or $150,000,000 venture the banks can readily put it through. Conditions are more propitious than when the previous proposition for a great combination of steel interests received my assent two years ago. Then I was perfectly willing to accept the plan as formulated.

"'If it was reasonable then, it ought to be wise now. A billion dollar company, if such is contemplated, means scarcely a quarter of that sum in actual cash. Perhaps considerable less than a quarter would put it through and an enterprise backed by Carnegie, Morgan and Rockefeller interests would overcome any opposition that such a scheme would ordinarily encounter.'

"'To my mind the undertaking is the most brilliant close to a remarkable business career. Mr. Carnegie has had sense enough to see that the steel situation of the United States had gotten beyond the domination of any single man, and that the wise course to pursue would be a 'harmony arrangement' of some sort to prevent disastrous competition and protect his own interests.

"'This I happen to know, is and has been his aim for months, and if it was accomplished at yesterday's conference, it, indeed, was a notable achievement.'"

NO CONFIRMATION.

New York, Feb. 6.—J. P. Morgan and his partner, Robert Bacon, declined today to discuss or to make any statement whatever concerning the report that J. P. Morgan & Co. have purchased Andrew Carnegie's steel properties.

A conference was held in the Morgan offices today between Mr. Morgan, Mr. Bacon, President Gary, of the Federal Steel Company, President Reid of the American Tin Plate company, and a director in each of the National Steel, American Sheet Steel and American Steel Hoop companies, in all of which Mr. Morgan has interests.

Pittsburg, Pa., Feb. 6.—Nothing could be learned here in regard to the report from New York that J. P. Morgan and his associates had purchased Andrew Carnegie's controlling interest in the stock of the Carnegie Steel company.

President Schwab is in New York with Mr. Carnegie and the other officials here refuse to either confirm or deny the story.

Mr. H. C. Frick said he had nothing to give out and that he had no knowledge of the reported deal.

FAVOR CHRISTIAN SCIENCE.

Jefferson City, Mo., Feb. 6.—It is announced that as a result of a hearing given by the joint committee on ways and means of the Missouri house and senate to prominent Christian Scientists, the public health committee will strike out those paragraphs of a medical practice bill now before the legislature specifying "that all persons professing to heal the sick or afflicted" must undergo examination by a state medical board. Nearly 1,000 Christian Scientists attended the hearing and were loud in their protests against the provision mentioned.

SIGNS DIVORCE DECREE.

New York, Feb. 6.—Justice Lawrence, in the supreme court, today signed a decree of divorce in the suit brought by Mrs. Wilhelmina Marie MacDowell against William Melbourne MacDowell, the actor and former husband of Fanny Davenport. The papers in the case were not made public and the name of the co-respondent is not known. By the terms of the decree Mr. MacDowell is forbidden to marry again during the life of the plaintiff.

SAMUEL HUNT DISCHARGED

NO FURTHER USE FOR CLOVER LEAF RECEIVER.

The Sentinel stated several weeks ago that the Wabash company had asked for bids on a number of locomotives, to be delivered the coming spring and early summer months. Bids from all the leading manufacturers were received and the contract has been awarded. Mr. J. B. Barnes, superintendent of motive power of the Wabash, has just returned from Richmond, where he placed an order for fifty locomotives with the Richmond Locomotive works. The order includes six passenger engines of a special design, six heavy ten-wheelers, four large switch engines and thirty-four freight engines, the latter of the Richmond compound pattern. Each class will be constructed upon up-to-date lines and will be first-class in every particular. The six passenger engines will be especially fine machines, constructed with a view of great running speed with a heavy load back of them. Their drivers will be seventy-nine inches in diameter, they will have immense fire boxes and boilers and will be capable of attaining and maintaining a speed of seventy to eighty miles per hour if necessity for such velocity should arise. These engines will pull the Continental limited, one of the heaviest and finest trains running across the Hoosier state. When these locomotives are delivered the Wabash will have motive power equipment unexcelled in the state.

BASS' CHICAGO FOUNDRY.

The Chicago Economist has the following to say of that industry: "The Fort Wayne Foundry and Machine company, formerly known as the Bass Foundry company, will remove its works from Forty-seventh street and Wentworth avenue, Chicago, to a tract of land owned by the Chicago Junction Railway company, west of Ashland avenue, and on Forty-third street. The foundry company has arranged to lease six acres at this point for a term of fifteen years. Its extensive buildings south of Forty-seventh street and east of Wentworth avenue are of steel frame construction and can be taken down and moved to the new location. For years the Bass foundry has been located on the Rock Island railway property, and the occasion of the removal now is the demand on the part of the railroad for more space for roundhouses and storage houses. The main building of the plant is 477 feet in length. The Junction railway's tracks will furnish the new plant switching service. The land to be occupied by the foundry plant has 653 feet of frontage on Forty-third street and is 400 feet deep. Arrangements have been made for temporary use of a plant near Hammond while the removal is under way."

THREE SHOPMEN HURT.

There were three accidents in the Pittsburg shops last evening and this morning, but none were very serious. T. J. Morris, a boilermaker had the second finger of his left hand crushed. J. W. Baker, also a boiler maker, got a hot scale in his left eye, burning the optic painfully. Charles Bahlinger, machinist in the round house, lost the nail and a portion of the tip of the index finger of his right hand this morning by a side rod falling upon it.

MUNYON'S RHEUMATISM CURE

When Prof. Munyon says his Rheumatism Cure will cure rheumatism there isn't any guesswork about it—there isn't any false statement about it. It cures without leaving any ill effects. It is a splendid stomach and nerve tonic, as well as a positive cure for rheumatism.

All the Munyon remedies are just as reliable, especial. The Guide to Health is free. Munyon, New York and Philadelphia.

OIL HOUSE BURNED.

At 5:30 o'clock this morning fire consumed the frame shanty at the east yards of the Pittsburg, which are used as a store room for oil and waste used by the trainmen and the car repairers. There were eight or ten barrels of oil in the shed at the time and the flames soon enveloped and destroyed them. Considerable waste was also destroyed. The fire was confined to the oil house and surrounding sheds were not in the least harmed.

SUPT. WATTS HERE.

Superintendent Charles Watts, of the Pennsylvania lines, arrived in the city this morning on train 21 and remained here during the entire day. His mission is railway business.

BARRICK ON TRIAL.

Joseph Barrick, whose exploits here and elsewhere have been mentioned in The Sentinel, was placed on trial at Bucyrus, Ohio, this morning, upon the charge of assault with intent to kill. Barrick raised a row on a Pennsylvania passenger train and when Brakeman English remonstrated with him, he pulled a pistol and threatened to shoot. He then jumped from the train while it was in motion and fell under the wheels, losing a portion of one of his heels. Two years ago Barrick applied for a position in the train service of the Pennsylvania and because he was not immediately placed upon the pay rolls, he raised a row in the trainmaster's office and that person had to call the police department to have the fellow removed from the office. Later Barrick went to Upper Sandusky and got into a saloon fight, in which he was struck upon the head and nearly killed. As a result of the row he carries a scar upon his forehead. Lieutenant S. Harrod and Brakeman English went to Bucyrus today to testify in the case. Two or three gentlemen who were passengers on the train when the trouble arose and who witnessed it were also at Bucyrus to attend the trial.

RECEIVER HUNT DISCHARGED

Indianapolis, Ind., Feb. 6.—Samuel Hunt, receiver of the Toledo, St. Louis and Kansas City railroad, was discharged from further duties by Federal Judge Woods. The property of the road has been acquired by the Toledo, St. Louis and Western. The receiver turned over to the purchasing company $356,577.92 in cash and accounts, and the purchasers assume receiver's liabilities amounting to $350,182.94.

A PROTECTIVE BUREAU.

Chicago, Feb. 6.—A protective bureau, with which all of the railroad companies of the country will co-operate, will, it is believed, result from a meeting of the chairmen of the various passenger associations here today. The purpose of the meeting was to devise means for the protection of railroads from ticket manipulation, either by scalpers or by the railroads themselves. Those attending the meeting composed the "protective committee against ticket scalping" appointed at a meeting of the American Association of General Passenger and Ticket Agents in Buffalo last October, as follows: F. C. Donald, commissioner of the Central Passenger association; E. E. Macleod, Western Passenger association; James Charleton, Trans-Continental Passenger association; Joseph Richmondson, Southeast Passenger association; C. M. Pratt, Southwestern Passenger bureau; N. E. Weeks, New England Passenger association, and T. P. Farmer, Trunk Line association. A bureau probably will be established, empowered to prosecute every body who forges any railway ticket or changes dates or destinations or in any way manipulates railway transportation of any kind.

INDUSTRIAL NOTES.

Passenger Engineer George Moore, of the Nickel Plate, is sick and off duty.

Fred Kaiser, a Wabash shopman, was taken suddenly ill yesterday and had to quit work.

C. H. Rice and P. Hibinger, Nickel Plate brakemen, have reported for duty after an absence of one and two weeks respectively.

John Dalman, jr., assistant master mechanic of the Pittsburg, is sick with the grip.

Fred Miller, Charles Hecker and Frank Krohn, of the electric works, are sick and off duty.

Ferdinand Bonter, of Crete, Neb., is visiting his parents, Conductor and Mrs. George Bonter.

Bert Olds and Jacob Hilgerman, construction men in the employ of the Fort Wayne Electric Company, are in off the road.

Will Mullahy is on duty again at the east yards of the Pittsburg, but Michael Breen is still confined to his home by sickness.

Henry S. Buckley, the blacksmith, resumed work in the Wabash shops this morning after a couple days' experience with the grip.

A car load of large rope transmission pulleys left the Bass works this morning, consigned to the Sharon Steel company, Sharon, Pa.

Theodore Bandau, a boilermaker went to Peru yesterday to work upon a job for the Wabash which will keep him in that place about a week.

Philip Dierstein, the upholsterer resumed his duties in the Pittsburg shops this morning, after a few days' absence on account of sickness.

Brakeman J. C. Miller, of the Nickel Plate, who was hurt in a collision in the Bellevue yards December 18, has recovered and is at work again.

Leon D. Studer, Nickel Plate fireman, reported for work yesterday after an absence on account of the sickness of his wife. The lady is improving.

C. F. Bailey, a yard brakeman at the Pittsburg yards, met with an accident yesterday which will disable him for a while, though it is not of serious character.

Nickel Plate Conductor George McCormick is laying off on account of the serious illness of his son. Brakeman J. E. Allen, of the same road, is taking a few days' rest.

Thomas J. Foley, superintendent of transportation of the Pennsylvania company lines, was in the city yesterday in his official capacity and to visit his mother and sister.

The Indiana Car Service association is about to establish agencies at Norris and Alexander, similar to the agency in this city. The new agencies will be placed in operation March 1.

R. M. Beltz, the Nickel Plate brakeman who was injured in the back while throwing a switch ten days ago, has recovered from the injury and yesterday reported for work on the road.

Ed M. Hall, the Grand Rapids brakeman who had a shoulder badly injured last November, has nearly recovered from the accident and will resume his train duties the latter part of the week.

Nickel Plate engine 15 is in service again, after receiving general repairs in the Stony Island shops. She is in charge of Engineer D. T. McFee and Fireman M. F. Orr and will run on the third district.

The sick list at the Pittsburg shops this morning contained the folowing new names: F. Paul, D. J. Bartley, H. C. Strangman, A. Bugert, Henry Tonsing, I. Bott, M. R. Hardendorf and Theodore Dobler.

The Gates Mexican touring party is now on its way westward. It passed over the Lake Shore route from the east to Chicago. There were only a few people who reside this side of New York in the party. The Thompson Wabash tour will catch the crowd from this "neck o' woods."

Conductor F. I. Stump, who was operated upon in the Findlay hospital for an affection of the bladder, passed through the city all in good shape and will soon be out again.

The Southern railway has made application for membership in the Central Passenger association for its St. Louis and Louisville line, formerly the Louisville, Evansville and St. Louis road.

Charles J. Poulson, who died at Frankfort, Ind., on Saturday, was a member of the first crew running over the Frankfort and Kokomo road, now part of the Toledo, St. Louis and Western; later he was in train service on the Lake Erie and Western.

Mrs. Daniel Campbell and daughter, of Valley Forge, Va., are visiting old friends in the city. Mr. Campbell now occupies an important position on the Chesapeake and Ohio road. He was foreman of the Wabash blacksmith shop in this city for a quarter of a century.

Engineers W. K. Wilder, P. T. Walsh and W. W. Tourgee and Fireman G. Bessert, of the Pittsburg, are sick and off duty and C. W. Lutmore, M. Swope, F. Simonson, C. Prince and H. Westerman, all engineers, have reported for duty after being on the sick list for several days.

The Mississippi railroad commission has called the attention of the state attorney general to the recent consolidation of the Mobile and Ohio with the Southern railway and setting forth that such consolidation is violative of the clause of the constitution prohibiting the amalgation of competing lines. The penalty is forfeiture of right to do business in Mississippi.

Dr. T. D. Wagner, medical examiner of the Pennsylvania Voluntary Relief association, is slightly disfigured today, the result of too intimate association with a mustard plaster. He put the thing on his temple to allay a pain and fell asleep. In the meantime the plaster continued in business and when the doctor awoke he found a big blister where the plaster had been.

Mark Brosnahan, a traveling salesman for a Chicago house, has instituted damage proceedings against the Grand Rapids and Indiana company. He was on one of the ill-fated trains at the Pierson, Mich., disaster August 13, 1900, when he received injuries which have since confined him to his bed. His sight and hearing were affected and his right leg was broken and the ligaments torn from their fastenings. He asks $50,000.

DIED IN THE CHAIR.

Sing Sing, N. Y., Feb. 6.—Lorenzo Priori, who murdered Vincezo Gazzo in New York city Dec. 11, 1898, and few weeks ago secured a stay of execution by the representation that his crime was committed by his wife's brother, James Ferrardo, was put to death in the electric chair in the state prison here today. It required two shocks to kill him. He left with the priests who attended him a statement declaring his innocence.

INJUNCTION AGAINST TRUST.

Akron, Ohio, Feb. 6.—A perpetual injunction was granted today against a proposed combination of the cereal companies. Two years ago the American Cereal company planned to increase its capital from $2,500,000 to $33,000,000. It was proposed to form a combination of 95 per cent. of the mills in the country. Mrs. Nellie L. Hower, a stockholder, secured a temporary injunction against the combination on the ground that it "was a scheme to freeze out small stockholders and a violation of the Ohio anti-trust laws." Today the injunction was made permanent.

QUEEN OF SWEDEN ILL.

Stockholm, Feb. 6.—Queen Sophia has been confined to her bed for some time owing to a swelling of her throat complicated by influenza and considerable fever. Her majesty's throat is much inflamed and she shows evident signs of increasing weakness.

THE JOY OF THE

house is the baby. No matter how many have come before, the latest arrival brings joy to all.

When the little one takes his first glimpse of the world, he is in, it is a minute of keenest joy.

Father is proud, mother is fond, brother is eager, sisters are tender, nurse is devoted; the whole human world is kind.

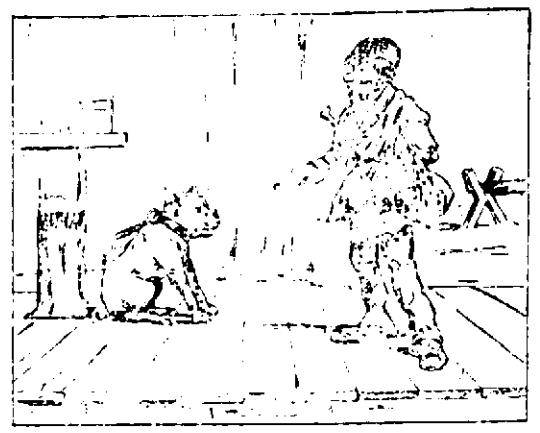

There is another, an under, world with enemies in it.

When baby gets into its shadow, be quick with Scott's emulsion of cod-liver oil—he is sure to get into its shadow; let him get no futher than into the edge of it. Health is the baby's life.

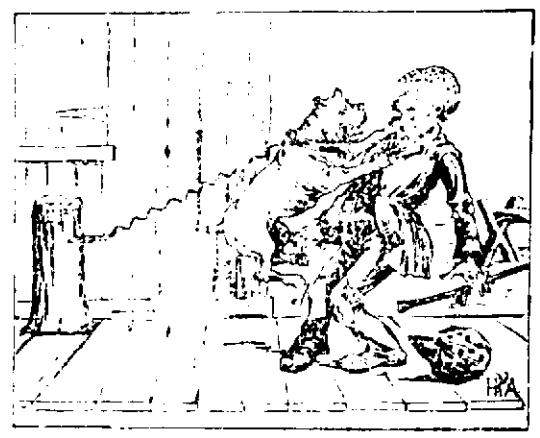

We'll send you a little to try, if you like.

WANTS CRIMINALS FLOGGED.

Hartford, Conn., Feb. 6.—Representative Freeman of Hartford, a prominent lawyer, introduced a bill in the legislature today providing for the flogging of criminals. For boys under 16, guilty of any offense not a capital crime, birch rods or leather straps may be used. For men guilty of wife-beating, kidnaping for the purpose of getting a ransom, and for any crime whereby another person suffers physical injury, a leather strap shall be used, and there may also be imprisonment, in which case the jailer shall do the whwipping. In other cases the whipping shall be done by a court officer.

LAW SCHOOL SELECTS DEAN.

Indianapolis, Feb. 6.—The trustees of the University of Indianapolis yesterday selected James A. Rehbuch dean of the law school. Mr. Rehbuck was born in Pennsylvania. After practicing a short time he became district attorney of Union county, Pennsylvania. At the expiration of his term he became professor of law in the University of Iowa and remained in that position seven years, from 1892 until 1899. Mr. Rehbuck is a graduate of the Western Reserve university, from which he received his A. B. degree in 1881. From the Iowa university he received the degree of LL. B. in 1893.

SHOOTS INFANT SISTER DEAD.

Creston, Iowa, Feb. 6.—While James Tag was in town summoning a physician to attend his sick wife Don, the 6-year-old son, and Lena, the 4-year-old daughter, were playing in the smokehouse. Don unearthed an old shotgun. He and his sister went in the yard and began playing soldier. He pointed the weapon at her, the muzzle being close to the girl's head, and pulled the trigger. The little one's head was literally blown off.

OFFER PRICE FOR MURDERER.

St. Joseph, Mo., Feb. 6. The Andrew county court yesterday took up consideration of the Frank L. Richardson murder case and decided to offer a reward of $500 for evidence that will lead to the arrest of the murder. This action has been urged by the residents of the county and because the offer was not made immediately after the millionaire merchant was murdered, on Christmas eve, prompted a great deal of harsh criticism against certain county officials. It is believed this reward will cause the arrest of the murderer very soon.

YAQUIS KILL 100 MEXICANS.

Potsin, Mex., Feb. 5.—Mexican troops were ambushed by Yaqui Indians in the mountain passes east of Otra, and fully a hundred were killed and wounded before they could extricate themselves. The battle occurred in the most rugged portion of the mountain range, not far from the main camp of the Indians. Saturday while the troops were resting in a canon, the Indians attacked them from both sides and did such effective work that more than 100 were mowed down before the command succeeded in effecting its escape. Many of the dead Mexicans were mutilated.

FORESTERS TO ALTER LAWS

Laporte, Ind., Feb. 6.—The Indiana state court of Foresters convened at Michigan City for a session of two days. High Chief Ranger Cooper, of Crown Point, is presiding and there is a full representation of delegates from the courts in this state. The future of the session will be radical changes in the laws governing the order and the election of officers. An oyster banquet and reception was tendered the delegates and high court officials last evening.

BIG PETROLEUM FIRE.

Baku, Russia, Feb. 6.—A fire broke out yesterday in the magazines of the Caspian and Black Sea company, which contained 6,000,000 poods of petroleum. The conflagration resulted in great loss of life and widespread damage. The flames spread to other depots having a capacity of 12,000,000 poods of naphtha, which poured out like a stream of lava, inundating and setting fire to the dwellings of the workmen which were totally destroyed. Many persons perished. Twenty charred bodies have been found, and upwards of fifty people are terribly burned. Four hundred families lost everything they possessed. The magazines are still burning and neighboring reservoirs are in great danger. A general panic prevails. Eight naphtha springs belonging to the Melikoff, Ralski and Caspian companies caught fire February 3.

If it's a good thing SEAVEY'S have it.

Coal Dealers Don't Like It.

Our PRIZE STEWART beats their time. They can't make such money out of it. It doesn't burn enough coal to suit them. They have been used to the old kind consuming almost a ton of coal a day. Seriously, this stove is the most economical stove we know anything about. We use one ourselves, so we know what we're talking about. It will save its cost in coal in a short time. Drop in, and look at it. All heating stoves at cost while they last.
